Hearing to consider the recommendation of the Planning Commission for a Development Agreement to establish contractual obligation to maintain Alto LLC Tentative Map approval of 23 residential lots for a minimum period of 10 years from the date of execution, with possible extension term of 5 years (Development Agreement DA13-0001/Alto LLC Tentative Map DA) on property identified by Assessor's Parcel Number 126-100-19, consisting of 81.6 acres, in the El Dorado Hills area, submitted by Alto LLC; and recommending the Board take the following actions:

1) Find that the negative declaration prepared for action on the zone change and tentative map (Z06-0005/TM06-1408/Alto LLC) sufficiently analyzed the environmental impacts of the project and approval of the proposed development agreement does not raise any new or increased environmental effects; and

2) Approve and authorize the Chair to sign the proposed Development Agreement. (Supervisory District 4)

*Public Comment: S. Neasham, E. VanDyke*

**A motion was made by Supervisor Briggs, seconded by Supervisor Veerkamp to Approve this matter and include the findings of the Applicant which are:**

- a) The proposed Development Agreement is a further approval for the Alto Zone Change, Tentative Map and Planned Development Z06-0005/TM06-1408/PD06-0006 "Alto Project" that were approved on May 5, 2009 and for which a negative declaration was adopted;**
- b) The standards of California Public Resources Code section 21166, regarding "changes necessitating subsequent report," apply with respect to whether more than one environmental review must be prepared for the proposed Development Agreement;**
- c) Approval of the proposed Development Agreement does not make any changes to Alto's Zone Change, Tentative Map or Planned Development Z06-0005/TM06-1408/PD06-0006 as they were approved on May 5, 2009;**
- d) There is substantial evidence for the conclusion that approval of the Alto Development Agreement does not involve new significant environmental effects or a substantial increase in the severity of previously identified significant effects;**
- e) No substantial changes have occurred with respect to the circumstances under which Alto's Zone Change, Tentative Map or Planned Development Z06-0005/TM06-1408/PD06-0006 is being undertaken which would require major revisions in the negative declaration;**
- f) No new information which was not known and could not have been known at the time the negative declaration was adopted has since become available;**
- g) Repeating a substantial portion of the in-depth environmental review that was prepared for action on Alto's Zone Change, Tentative Map and Planned Development Z06-0005/TM06-1408/PD06-0006 is not justified under California Public Resources Code section 21166; and**

h) The negative declaration prepared for action on Alto's Zone Change, Tentative Map and Planned Development Z06-0005/TM06-1408/PD06-0006 sufficiently analyzed the environmental impacts of the Alto Project and approval of the proposed Development Agreement does not raise any new or increased environmental effects.
