Larry-

Aloha! I've been out of town for the past week and am only now catching up on email. Thank you so much for your kind words and thoughtful follow-up on our discussion. Your letter and Emmett and Morgan's drawing are exactly the kind of support we need to help us convince the El Dorado County Supervisors that local and visiting patrons alike value this historic railroad! Please pass on my gratitude to Morgan and Emmett for their wonderful drawing. If I make a trip to the Big Island, I'll be sure to let you know. Hopefully, there will be future opportunities to have you ride with us again when you next visit your family.

Sincerely,

Eric

Quoting Lawrence Denis III <lbd3emails@gmail.com>:

Aloha Eric,

Thank you for being a great conductor when my little cousin Emmett and I had our own private car with you on Saturday. Emmett LOVED it, especially sitting in your chair and honking the horn.

Below you will find the email I sent to the lawmakers, at your request as well as a picture Morgan & Emmett drew.

Good luck with your great work!

Let me know if you ever make it to the Big Island of Hawaii....

Take care,
Larry

Aloha from Hawaii,

I was visiting the Folsom area this past Father's Day weekend and had the pleasure of riding on the Placerville & Sacramento Valley Railroad. I took my sister, cousin and little cousins who are 5 and 7 years old. We loved the train ride!!

It saddened me, however, to hear that the future of the rail is at jeopardy because some bike riders want to remove the rail to make a bike path instead.

My sister lives in El Dorado Hills and cousins in Placerville, and I see bikes all over the back roads. They also have a ton of trails to go on - why would you allow them to remove this historical rail line?

Please allow the PSVR to continue to expand their lines. They are doing a great job preserving your wonderful history of rail.

Attached is a little picture my cousins drew for you.

Thank you for your time,
Lawrence Denis
