Order Total:			\$1,500.00

This agreement is effective upon execution and is extended for an initial term of 12 months.

Background Check API Integration

NEOGOV offers a background check application programming interface (API) integration that allows users to purchase, monitor status and collect data on their background checks. This is made possible by close technical integration with Partnered background check providers: NEOGOV provides an API which allows the customer to pre-populate Applicant or Candidate background check forms with first name, last name, and email address, automatically send an email notification to the Applicant or Candidate for further information needed for the background check (SSN, Date of Birth, consent signatures, etc.), NEOGOV through it’s Certified Eligible Partners will automatically start the background check process after the information is gathered. When results are provided by the Partner(s), NEOGOV will automatically display statuses for review and further hiring steps in Insight’s Online Hiring Center (OHC).

During implementation, the Background Check Partner provides a unique key for the customer and sends it back to NEOGOV. Customer is responsible for maintaining strict access to the background check security roles in the OHC settings section called “Background Check”. Customer must contact Background Check Partner and NEOGOV immediately to revoke services if there is reason to believe that securities have been compromised.

Administrator: The County Officer or employee with responsibility for administering this Agreement is Tameka Usher, Human Resources Director, or successor.

ADDENDUM to On-Line Services Agreement #471-S1211 (FENIX #886)

Except as herein amended, all other parts and sections of that Agreement #471-S1211 (FENIX #886) shall remain unchanged and in full force and effect.
