LATE DISTRIBUTION

DATE 2/5/16
BOS 2/9/16

Dear Supervisors,

As a constituent I am requesting that on February 9th, at your board meeting, you direct staff to allocate their resources to "assist communities" as one of their highest priority on the 2016 project list.

I attended the board meeting last year when the slide show was presented by the staff to us (you and the community). At that time there was great concern (and still is) that community planning be high on the list.

Strong communities care for one another, resulting in economic development.

Please consider my voice.

Karen Warner

Dear Supervisors,

Because strong communities create economic development, I request that you direct the Long Range Planning staff to make Community Planning one of the highest priorities on their project list for 2016 and to allocate the resources necessary to complete that project.

Dear Supervisors,

Thank you again for the hard and many times thankless work you each provide to our county.

As a business person, I know the value of long range planning and as member of the Shingle Springs community I have a personal interest that Community Planning Project be the top priority for the Long Term Planning Staff for 2016. I strongly urge you to allocate the resources necessary to complete that project. Shingle Springs is a unique rural community that sustains a common identity even among its diverse and independent residents, it would be a shame not to continue to clearly cast the vision of our community into the future.

Thanks again,

Paul Cowdery
