If the EDH Costco is approved, my husband and I support Agenda Item #26-0765, wherein a portion of the Costco revenue will be deposited in a special account dedicated to road improvements and maintenance in EDH, 95762.

I approve this request to have some money left out for road improvements in Costco goes through in EDH.

recommending the Board direct County Counsel and the Chief Administrative Officer to identify methods to assure that if the proposed Costco is approved and begins operation in El Dorado Hills, a portion of the revenue be deposited in a special account dedicated to road improvements and maintenance in El Dorado Hills, 95762 (District 1, 2 & 4). The account will be in addition to any other available funds for general road maintenance."

Agenda Item #26-0765 - Costco Revenue

I am a 9 year resident in Serrano and current staff member at Oak Meadow Elementary School.

I fully support a portion of the Costco revenue being deposited in a special account dedicated to road improvements and maintenance in El Dorado Hills, 95762 (District 1, 2 & 4)

El Dorado Hills deserves revenue that will off set the impact of roadway maintenance, additional law enforcement presence and any and all impact to the adjacent school site.

My concerns with the proposed Costco will always be the safety of the school site including increased traffic and disregard for laws related to speed and reckless driving. I sure hope there is a plan to have increased law enforcement presence at school drop off and pick up times once the Costco is open. Revenue considerations must target things that impact the area where the Costco is being built.

Thank you
