shingle plan support

Mr. Knight-

I wanted to email you to ask that you support the Shingle Plan that is coming to vote on March 28. As an avid bike ride having the bike path that connects all the way to Placerville would be a fantastic amenity to our community. If this gets merchants in Placerville and along the route would all benefit as well. Thank you for your support.

Shingle Springs Plan

Jack Powless to: bosone

03/24/2011 05:31 PM

Hi Mr. Knight,

I just finished looking over the Shingle Springs Plan and firmly believe that it is a good one. My wife (Jen), daughter (Shayna), son (Neilson) and myself are all avid cyclists. We live in Roseville but also own a home in Pollock Pines. After showing the Shingle Springs Plan to my family they became very excited over the prospect of someday being able to ride our bikes from Roseville to Pollock Pines, much of it on the Shingle Springs Plan trails. If you are a cyclist or have loved ones who are I'm sure you have felt the concern that most people have when riding in traffic. No matter how safety conscious or advanced a rider is there is always the possibility of being struck by a motorist that just doesn't see you. As a parent and avid cyclist, I'm asking (just short begging) you to please vote for the Shingle Springs Plan.

Thank you for taking the time,

Jack Powless

Shingle Plan

Jeff Barker to: bosone

03/24/2011 05:38 PM

Dear Mr. Knight,
Please vote YES for the Shingle Plan, regarding the El Dorado Trail. This would be a wonderful addition to our region, and provide an excellent trail for the thousands of citizens that embrace (and will embrace) an active, healthy lifestyle.

Thank you,

Jeff Barker

Vote YES on Shingle Springs Plan

Hello Mr. Knight:

I am a resident of El Dorado County, as well as a road biker. As I'm sure you are aware, there are not many safe routes in El Dorado County to ride one's bike. Your support of the Shingle Springs Plan could help to change that!

I'm sure you have many worthwhile things to consider in your job. Please, for the safety of our avid bicycle community and the many families the reside here, vote YES on the Shingle Springs Plan.

Sincerely,

Emily Klingensmith

El Dorado Trail

Eric & Jennifer Snyder to: bosone

03/24/2011 09:11 PM

Dear Mr. Knight,

I am sending you this email to voice my support for the "Shingle Springs Plan". I would love to have a trail available to ride up to Placerville and beyond. Would this trail eventually meet up with the trail that begins at the bus station in Placerville and heads up to Camino? I have ridden that trail many times with my son and we love it.

Thank you,

Eric Snyder

Tracks to Trails

As many of you know my son is heavily involved in Mountain Biking. He is supporting the "Tracks to Trails" issue that will be in front of the BoS this Monday. I have spoken to Carol Sellwood who is leading

this and have done some research but not a lot. Of course there are the lefty crazies who support this and will try to bring the Trail folks into their overall camp. I am trying to mitigate that effort. This should just be about the Trails and not the politics.

The question is, do the people of this county want to have a revenue generating trail that will be used by 1000's per year who will spend their money in EDC at the terminus' or do we want to keep some old tracks that most likely will never be used again. Also, if the tracks are removed they will never be replaced so that an excursion train can operate between Folsom and Placerville (cost about \$40 per ride).

Some old timers in this county are most likely very nostalgic about the track but this may be the only time that the land can be put to a higher use.....

Gentlemen,

In case you did not know, my son Mark who owns Folsom Lake Realty, is the founder/coach of the Trojan Mt Bike Team. Last year he had 16 riders and this year 109 riders. Some of his riders are juniors but about 35 are High School. This has been one hell of an effort and I am very proud of his accomplishment.

Mark is also the National Category II 2010 Champion, age 40-45..... Two of his riders were in the Top Ten and two in the Top Twenty in last years Nationals..... Check out the web site... and thanks for listening...
