Good afternoon,
I just wanted to reach out with a quick note supporting Villa Florentina. It's a gorgeous venue that is a meaningful and productive part of our community. It's a great tourism draw along with being a place that locals can host parties and get together. I'm certainly hoping the planning commission not only allows Villa Florentina to stay up-and-running, but also helps it grow by allowing more than 20 events per year. Thank you for support of our thriving community!

The highest compliment I can receive is the referral of family and friends. Thank you for your trust.
