I. OVERVIEW

The State of California Department of Housing and Community Development (HCD or Department) is in receipt of the U. S. Department of Housing and Urban Development (HUD) Grant Agreement for the Emergency Solutions Grants (ESG) Program funding for Federal Fiscal Year (FFY) 2013-14. The ESG Program funding to be awarded under this Notice of Funding Availability (NOFA) is subject to the newly established ESG Program federal regulations and, as such, HCD strongly recommends that all organizations applying for these funds review the new ESG Program eligibility criteria carefully. The ESG Program federal regulations can be found at 24 Code of Federal Regulations (CFR), Parts 91 and 576. (See Appendix H for website link.)

In accordance with the above Grant Agreement entered into between HCD and HUD, HCD is seeking applications for this funding from eligible organizations currently, or newly, providing assistance to persons experiencing homelessness or at risk of homelessness.

II. BACKGROUND

The Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009, enacted into law on May 20, 2009, reauthorized and amended the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11371 et seq). The HEARTH Act significantly revised the definition of homelessness; revised the existing Federal Emergency Shelter Grants (FESG) Program into the newly established ESG Program; established the new Continuum of Care (CoC) Program; and enacted other homelessness program reforms.

III. REGULATORY AUTHORITY

The funding under this NOFA is made available pursuant to Subtitle B of Title IV of the McKinney-Vento Homeless Assistance Act, 42 U.S.C. 11371 et seq., and is subject to 24 CFR, Parts 91 and 576, as may be amended from time to time; 24 CFR, Part 58, relating to environmental reviews; and the Office of Management and Budget (OMB) requirements for Universal Identifier and Central Contractor Registration, 2 CFR Part 25, Appendix A to Part 25-Award Term.

HCD has authority pursuant to the California Health and Safety Code, Section 50406 (n) to accept these funds and publish this NOFA. HCD will administer the funding awarded under this NOFA pursuant to the federal regulations noted above. In addition, HCD will use appropriate limited sections of the existing State FESG Program regulations. The existing State FESG Program regulations can be found at 25 California Code of Regulations (CCR), Section 8400 et seq. (See Appendix H for website links.)

If the federal or State statutes or regulations governing the program or its funding are modified by Congress, HUD, the State Legislature, or the Department prior to completion of work, the changes may become effective immediately and apply to funded activities.

In the event of a conflict between the federal and State regulations, the federal regulations shall prevail. In addition, the Department reserves the right, at its sole discretion, to suspend or amend the provisions of this NOFA. If such an action occurs, the Department will notify interested parties.

To assist Applicants in preparing their Applications, HCD will conduct Application Workshops (“workshops”) which will explain the elements of the NOFA, Application, and Rating and Ranking Criteria. It is recommended that the Applicant and Grant Writer each attend one of the workshops being held. (See Appendix E for Workshop details.)

In addition, HCD will extend its technical assistance period under this NOFA and ESG Program Staff will be available to provide technical assistance until the Application due date/deadline, or 5:00 p.m., Tuesday, December 17, 2013. No technical assistance will be provided beyond that date/time.

(See additional information about the Rapid Re-Housing Assistance Set-Aside below, in Section XI).

The ESG 2013 NOFA Allocation will be divided between three Regional Allocations, a New Program Allocation, and a General Allocation, as follows:

Geographic Allocation of Funds	Approximate Percentage of Total Allocation	Rapid Re-Housing Assistance Set-Aside	Remaining Allocation	Total Allocation
Northern California	33%	\$833,507	\$1,944,849	\$2,778,356

The **New Program Allocation** applies to Applicants that have been operating an ESG-eligible Component for less than two years from the release date of this NOFA, and the Applicant has not received ESG funding from HCD in its previous two funding rounds (i.e., 2011-Round 1 and 2, and 2012).

The **General Allocation** applies to Applicants not funded in their Regional or New Program Allocation. Any funds not awarded from the Regional or New Program Allocations will be awarded in the General Allocation on a Statewide basis until all remaining funds have been awarded.

Refer to the Eligible Expense Guide for additional detail.
 - b. If the Applicant is a Victim Services Provider or a Legal Services Provider, ESG funds may be used to establish and operate a comparable database that collects client-level data over time and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into or provided to an HMIS.
 - c. HMIS Component Activities must comply with HUD's standards on participation, data collection, and reporting under a local HMIS.

5. Local Grant Administration (24 CFR 576.108)

- a. Local Grant Administration Component/Activities include: General Management, Oversight and Coordination; Training on ESG requirements; Consolidated Plan preparation; and Environmental Review compliance.
- b. Local Grant Administration Component/Activities do not include staff and overhead costs directly related to carrying out Component/Activities eligible under 24 CFR 576.101 through 576.107. Those costs are eligible as part of those Component/Activities.

C. General Provisions:

- 1. Homeless Participation (24 CFR 576.405): The Applicant must provide for the participation of not less than one homeless individual or formerly homeless individual on the Board of Directors or other equivalent policy-making entity, to the extent that the entity considers and makes policies and decisions regarding any facilities, services or other assistance that receives funding under ESG.
- 2. Program Termination (24 CFR 576.402)

If an individual or family receiving assistance from an ESG Subrecipient violates program requirements, the Subrecipient may terminate assistance. The Subrecipient is required to terminate assistance in accordance with a formal process that has been established and that recognizes the rights of individuals or families affected. The Subrecipient must exercise judgment and examine all extenuating circumstances in determining when violations warrant termination so that a Program Participant's assistance is terminated only in the most severe cases.

Every Applicant must describe its termination/denial policy in their Written Standards to be submitted with their ESG Application. Generally, Written Standards should include at least the following elements: A progressive discipline warning system, written notices, a formal appeal process, and consideration of the appeal by someone not involved in the original termination.

XII. AREA-WIDE SYSTEMS COORDINATION REQUIREMENTS (24 CFR 576.400)

A. Consultation with CoCs (24 CFR 576.400(a)):

The Applicant must consult with the CoC (or CoCs) that serve(s) their jurisdiction to: (1) determine how ESG funds will be allocated in that region; (2) identify the performance standards for evaluating the outcomes of projects and activities; and (3) identify the funding, policies and procedures for the administration and operation of the HMIS, if appropriate.

B. Coordination with Other Targeted Homeless Services (24 CFR 576.400(b)):

The Applicant must coordinate and integrate, to the maximum extent practicable, ESG-funded activities with other programs targeted to homeless people in the area covered by the CoC or their service area to provide a strategic, community-wide system to prevent and end homelessness for that area.

C. System and Program Coordination with Mainstream Resources (24 CFR 576.400(c)):

The Applicant must coordinate and integrate, to the maximum extent practicable, ESG-funded activities with mainstream housing, health, social services, employment, education, and youth programs for which families and individuals at risk of homelessness and homeless individuals and families may be eligible.

D. Centralized or Coordinated Assessment (24 CFR 576.400(d)):

Once the CoC has developed a Centralized Assessment System or a Coordinated Assessment System in accordance with requirements to be established by HUD, each ESG-funded Program or Project within the CoCs area must use that assessment system. The Applicant must work with the CoC to ensure the screening, assessment and referral of Program Participants are consistent with the Written Standards. A Victim Service Provider may choose not to use the CoC Centralized or Coordinated Assessment System.

E. Written Standards (24 CFR 576.400(e)(2-3)):

Once the CoC has developed Written Standards in accordance with the requirements outlined in 24 CFR 576.400(e)(2)(3), each ESG funded Program or Project within the CoC area must use those Written Standards. If the CoC has not yet established its Written Standards, the Applicant must establish and consistently apply Written Standards for providing ESG Assistance as outlined in 24 CFR 576.400 (e)(2)(3).

F. Participation in HMIS (24 CFR 576.400(f)):

The Applicant must ensure that data on all persons served and all activities assisted under ESG are entered into the applicable community-wide HMIS in the area in which those persons and activities are located, or a comparable database in accordance with HUD's standards on participation, data collection and reporting under a local HMIS.

If Applicant is a Victim Service Provider or a Legal Services Provider, it may use a comparable database that collects client level data over time (i.e., longitudinal data) and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into or provided to an HMIS.

XIII. OTHER FEDERAL AND STATE REQUIREMENTS (24 CFR 576.406-576.408)

A. General (24 CFR 576.407(a)):

The requirements in 24 CFR Part 5, Subpart A are applicable, including the nondiscrimination and equal opportunity requirements at 24 CFR 5.105(a). Section 3 of the Housing and Urban Development Act of 1968, 12 U.S.C. 41701u, and implementing regulations at 24 CFR Part 135 apply, except that homeless individuals have priority over other Section 3 residents in accordance with 24 CFR 576.405(c).

B. Faith-Based Activities (24 CFR 576.406):

Religious organizations may receive ESG funds if they agree to provide all eligible activities under this program in a manner that is in accordance with 24 CFR 576.406.

ESG funds may not be used for the rehabilitation of structures to the extent that those structures are used for inherently religious activities. Where a structure is used for both eligible and inherently religious activities, funds may not exceed the cost of those portions of the rehabilitation that are attributable to eligible activities in accordance with the federal cost accounting requirements. Sanctuaries, chapels, or other rooms the religious congregation uses as its principal place of worship are ineligible for ESG-funded improvements. Disposition of real property after the term of the grant, or any change in use of the property during the term of the grant, is subject to government-wide regulations governing real property disposition (See 24 CFR Parts 84 and 85).

Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to receive ESG funds. Organizations that are directly funded under the ESG Program may not engage in inherently religious activities, such as worship, religious instruction, or proselytization as part of the programs or services funded under ESG. Refer to 24 CFR 576.406 for additional details.

C. Affirmative Outreach (24 CFR 576.407(b)):

The Applicant must make known that the use of the facilities, assistance, and services are available to all on a nondiscriminatory basis. If it is unlikely that the procedures the Applicant intends to use to make known the availability of its facilities, assistance, and services will reach persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for those facilities and services, Applicant must establish additional procedures that ensure that those persons are made aware of the facilities, assistance, and services.

The Applicant must take appropriate steps to ensure effective communication with person with disabilities including, but not limited to, adopting procedures that will make available to interested persons information concerning the

location of assistance, services, and facilities that are accessible to person with disabilities. Consistent with Title VI and Executive Order 13166, Applicants are also required to take reasonable steps to ensure meaningful access to programs and activities for Limited English Proficiency (LEP) persons.

All Applicants should refer to the HUD guidelines on LEP located at the following webpage: <http://www.hud.gov/offices/fheo/promotingfh/lep.cfm>.

Additional LEP guidance and frequently asked questions are available at the following webpage:
http://portal.hud.gov/hudportal/HUD?src=/program_offices/fair_housing_equal_opp/promotingfh/lep-faq

D. Uniform Administrative Requirement (24 CFR 576.407(c)):

The requirements of 24 CFR Part 85 apply to the Applicants that are Units of General Purpose Local Government, except that 24 CFR 85.24 and 85.42 do not apply, and program income is to be used as match under 24 CFR 85.25 (g). The requirements of 24 CFR Part 84 apply to Applicants that are Private Nonprofit Organizations, except that 24 CFR 84.23 and 84.53 do not apply, and program income is to be used as the non-Federal share under 24 CFR 84.24 (b). These regulations include allowable costs and non-federal audit requirements.

E. Environmental Review Responsibilities (24 CFR 576.407(d)):

Costs of carrying out the environmental review responsibilities include:

1. The Applicant shall supply all available, relevant information necessary for the Department to perform for each property any environmental review as required under 24 CFR Part 50. The Applicant shall also carry out mitigating measures required by the Department or select an alternate eligible property. The Department may eliminate from consideration any Application that would require an Environmental Impact Statement (EIS).
2. The Applicant, or any Contractor of the Applicant, may not acquire, rehabilitate, convert, lease, repair, dispose of, demolish, or construct property for a project, or commit or expend ESG or local funds for eligible activities under this part, until the Department has performed an environmental review under 24 CFR Part 50 and the Applicant has received the Department's approval of the property.

For all funded Applications, HCD will inform the Applicant of any required additional environmental research. HCD may need to visit the Project Site.

F. Procurement of Recovered Materials (24 CFR 576.407(f)):

RURAL means a County with a population of less than 200,000.

SHELTER OPERATIONS means the cost of maintenance (including minor or routine repairs), rent security, fuel, equipment, insurance, utilities, food, furnishings, and supplies necessary for the operations of the emergency shelter where no appropriate emergency shelter is available for a homeless family or individual; eligible costs may include a hotel or motel voucher for that family or individual.

SHORT-TERM RENTAL ASSISTANCE means the provision of rental assistance for up to 3 months.

SITE CONTROL means the legal right to occupy and use the site, as evidenced by such things as: a deed demonstrating ownership in fee title; or a lease demonstrating a leasehold interest in the site and its improvements for at least the term of the ESG Grant or forgivable deferred interest loan; or a purchase/lease agreement; or where ESG funds will be used for Capital Development activities, an enforceable option contract to purchase or lease which shall extend at least through the anticipated closing date of the ESG Capital Development loan.

For rotating shelter programs, site control may include other evidence provided by the Applicant granting permission to use the site(s). Such evidence must be submitted by the Applicant and approved by the Department prior to the deadline for submission of the State ESG Application stated in the applicable NOFA.

STANDARD AGREEMENT means the contract entered into by the department and the ESG Subrecipient setting forth the basic terms and conditions governing the award of ESG Funds.

STREET OUTREACH: ESG Funds may be used for costs of providing essential services necessary to reach out to unsheltered homeless people; connect them with emergency shelter, housing, or critical services; and provide agent, nonfacility-based care to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing, or an appropriate health facility. For full definition, refer to 24 CFR 576.101

SUBRECIPIENT means a unit of general purpose local government or private non-profit organization to which a recipient makes available ESG funds.

TENANT-BASED: A Program Participant who receives Tenant-Based Rental Assistance may select a housing unit in which to live and may move to another unit or building and continue to receive rental assistance, as long as the Program Participant continues to meet the program requirements. The Subrecipient may require that all program participants live within a particular area for the period in which the rental assistance is provided.

The rental assistance agreement with the owner must terminate and no further rental assistance payment under that agreement may be made if the conditions in 24 CFR 576.106 (h)(i-iii) are met.

TRANSITIONAL HOUSING means temporary housing with supportive services that is limited to occupancy of up to 24 months that is exclusively designated and targeted for recently homeless persons. APPENDIX D

SERVING SPECIAL POPULATIONS WITH ESG FUNDING

The following is a simplified layman's guide for shelter providers seeking to serve special populations using ESG Program funds administered by HCD.

Legal Requirements: Generally, service to special populations must comply with a variety of legal requirements, including the 14th Amendment to the U. S. Constitution, the U. S. Fair Housing Act (and amendments of 1968 and 1988), the California Fair Employment and Housing Act and the California Unruh Civil Rights Act. Depending on the circumstances, other statutes may apply, including Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Additionally, there are specific applicable provisions of the Federal ESG Regulations (24 CFR Section 576). Given the potential overlap of legal requirements, facilities and programs interested in applying for State ESG funds should consult an attorney to identify the specific applicable requirements for serving any selected population of clients.

State Requirements Applicable to ESG Funds: Pursuant to eligibility requirements for the State ESG Program and case law for the Unruh Civil Rights Act which prohibits all arbitrary discrimination, facilities and programs receiving State ESG cannot choose their clients in a manner that denies the benefits of the facility or program on an arbitrary basis or illegally discriminates.

Under Unruh, discrimination is considered non-arbitrary if the nature of the physical facilities or the nature of the services provided reasonably necessitates a particular restriction. Because whether a facility or program is in compliance with Unruh is a fact driven question, applicants and contractors are encouraged to consult their own legal counsel regarding this issue.

Alternatively, if a State or Federal law or regulation requires an ESG facility or program to exclusively serve a select homeless subpopulation; such a restriction would not be considered arbitrary.

Selecting Clients on the Basis of Age: Service to homeless youth who meet the requirements of Government Code Section 11139.3 would not be considered arbitrary discrimination under the State ESG Program. It authorizes the provision of housing for homeless youth, and does not consider such service unlawful age discrimination. This Section shall not be construed to permit discrimination against families with children.

Housing for homeless youth includes emergency, transitional or permanent housing tied to supportive services that assist homeless youth in stabilizing their lives and developing the skills and the resources they need to make a successful transition to independent, self-sufficient adulthood.

If there are any questions regarding these issues, please refer to Government Code Section 11139.3 or contact Tracey Withrow, Emergency Solutions Grants Manager, at (916) 274-0580.
