Good Morning,

After reading specifics, rather than looking at the colored maps, I am concerned about how the Georgetown Divide constituency is split up like losing countries after a war. Only Alternative 1 offers cohesiveness to residents, so my vote would be for that. The Placerville area has different goals and a more urban outlook than the Divide, which is and wants to remain rural and as is. Alternative 1 also has similar fire danger concerns. Being connected to Lake Tahoe makes no sense, as Tahoe has overwhelming and independent issues that need to be the major concern of any supervisor for that area.

Thank you for this opportunity to express my perspective.

Sincerely,

Nancy DeRodeff
Quintette, CA
Leonardi's and Wentworth Springs

I want to express my support for Alternative 1 among the redistricting options under consideration. It keeps most of the Divide within the same supervisorial district and allows for a continuation of the cooperative arrangements currently underway within various Divide communities.

Specifically it best supports the mutually beneficial relationships developed by the Mosquito, Garden Valley and Georgetown Fire Districts. Alternative 1 enables continuing collaboration.

Connell Persico

President, Mosquito Fire Protection District Board of Directors

I am writing to you as a Board member of the El Dorado Hills Chamber of Commerce and as a local El Dorado Hills resident.

I am encouraged that the Surveyor's team responded to the El Dorado Hills Chamber's request and provided an option that more fairly represents EDH. This is a work in progress, and we remain confident that with input from our business community and residents, that a map will prevail that will represent El Dorado Hills with the fairness deserved within the scope of the redistricting guidelines.
