Dear Sir/Madam:

I am a Bay Area transplant was attracted to the charm El Dorado Hills town.

Please we must ask ourselves a question?

Do we want to make El Dorado Hills become like San Jose, Daly City, Hayward, etc?

Or

Do we want to KEEP the CHARACTER of El Dorado Hills as "European, quaint little mountain" town by having more hiking trails, bike trails, and leaving green open spaces?

My vote is to KEEP the Recreation Zoning and I request for you to cast the same.. otherwise we will become just another crowded city

Thank You,

To Whom It May Concern

As residents of El Dorado Hills, we are asking you to please listen to our concerns regarding the Central EDH Specific Plan.

El Dorado Hills has been a beautiful foothill community until recently. Local government continues to allow growth that seems to be out of control.

Developers are not building beautiful custom homes that suit the terrain, they are paving over the foothills with thousands of tract homes that are an eye sore.

Our roads cannot accommodate the growth, our schools cannot either. Where will the water come from?

El Dorado Hills belongs to the people who live here, not "would be" buyers from the Bay Area or local politicians. We do not want the old golf course to be built upon or any other area. Enough is enough.
