8/21/13 Parks & Recreation Commission Meeting

Last month I requested Donna Mullens enter 5 specific documents into the Parks & Recreation minutes for the public record. Those 5 items do not appear posted as attachments nor are my public comments properly reflected in the minutes as I requested of Vickie Sanders. The CAO and County Counsel have an ethical obligation to ensure the minutes are corrected in a timely manner and those 5 items are appropriately posted to the July BOS calendar.

As a reminder, government employees and elected officials are bound by their oath of office and civic duty to uphold the Constitution. When a public servant or their delegate has knowledge of wrong doing and they fail to take corrective action they essentially are complicit in the fraudulent acts.

*“The Oath of Office is a quid pro quo contract in which clerks, officials, or officers of the government pledge to perform (Support and uphold the United States and State Constitutions) in return for substance (wages, perks, benefits). Proponents are subjected to the penalties and remedies for Breach of Contract, **conspiracy** under Title 28 U.S.C., Title 18 Sections 241, 242., **treason** under the Constitution at Article 3, Section 3., and intrinsic **fraud...**”*

I voiced similar concerns about the necessity of corrections to the minutes during last night’s RMAC meeting. Rather than making the corrections, the minutes were unanimously approved and were submitted by the CAO for your approval under today’s Consent Calendar. Should you follow their example, Commission members can be held liable under the aforementioned Title 28 and Title 18 Government Codes for which there are civil remedies and criminal sanctions. In other words, County Counsel cannot lawfully expend public funds for your defense as non-government appointees to this Commission. I suggest you weigh the consequences carefully and forestall the approval of these erroneous minutes.

I hereby direct the CAO-Clerk to enter into the public record the following documents and post them accordingly on the August BOS calendar:

1. Request to Remove Items #1 & #4 from Consent for Public Discussion
2. This P&R Public Comments Transcript
3. 8/20/13 RMAC Public Comment Transcript

Do you have any questions or comments at this time?

8/20/13 RMAC Meeting

I want to bring to your attention that the 7/16/13 RMAC minutes you are about to approve are again in error despite numerous requests to ensure relevant public comments and documents be posted for the public record.

During last month's meeting the issue of EDSO jurisdiction relevant to the RMP was not initiated by RMAC appointee Steve Liles as falsely portrayed when he requested to switch the order of **Items 5 & 6** on the Agenda. During Open Forum Vickie Sanders was handed 3 relevant documents and requested that she ensure Noah Rucker-Triplett properly reflected my comments concerning the **lack of Code & Law Enforcement** in the minutes. I again voiced my concerns during the appropriate item number which were not reflected in the minutes.

Since 2011 **Compass2Truth** has met regularly with Sheriff D'Agostini, CA State Parks and county staff to address the apparent lack of Resident Representation in addition to the apparent lack of Code and Law Enforcement as stipulated within the RMP.

The Brown Act preamble states in part: *"The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people do not yield their sovereignty to the bodies that serve them..."* Additionally citizens have broad Constitutional rights as stated in Section 54954.3(b) of the Brown Act.

Government employees and elected officials are well aware they are bound by their oath of office and civic duty to uphold the Constitution. When a public servant has knowledge of wrong doing and they fail to take corrective action they essentially aid and abet the acts.

"The Oath of Office is a quid pro quo contract in which clerks, officials, or officers of the government pledge to perform (Support and uphold the United States and State Constitutions) in return for substance (wages, perks, benefits). Proponents are subjected to the penalties and remedies for Breach of Contract, conspiracy under Title 28 U.S.C., Title 18 Sections 241, 242., treason under the Constitution at Article 3, Section 3., and intrinsic fraud..."

Noah has regularly censored & deliberately falsified minutes despite repeated requests to correct information submitted to the BOS and the RMAC annual report. In so doing he has stepped over the line of public service ethics into criminal activity for which there are civil remedies and criminal sanctions.

Please enter into the public record and post on the RMAC-BOS calendar the following documents:

1. This RMAC Public Comments Transcript
2. 9/2012 email entitled "RMAC, Planning, Parks & EDSO"
3. 11/2012 Annual RMAC Meeting request
4. 2010 Grand Jury Action Request for Investigation into illicit RMAC operations & Supervisor Briggs' complicity
5. 7/18/13 Parks & Recreation Commission Meeting Transcript
6. 7/23/13 email to Vickie Sanders: "Thursday's Parks & Recreation Commission Meeting"
7. 8/19/13 email to Sheriff D'Agostini: "EDSO Jurisdiction – RMP"

Last, I wish to make my request be made part of these minutes for a written explanation of the words & effects of changes made to the proposed **Institutional Group Permit Update to the River Management Plan Executive Summary** discussed during last month's RMAC meeting.
