

Can your second home help solve the South Lake Tahoe housing crisis?

South Lake Tahoe is in the middle of a housing crisis. As the owner of a second home in the South Shore, we are asking for your feedback. Would you be interested in leasing your home on a seasonal, part-time, or year-round basis and, if so, are there any incentives that would make this work for you?

South Lake Tahoe does not suffer from a lack of housing, but a lack of available housing. More than 50 percent of homes here are vacant, used only seasonally or part-time.

Other mountain resort destinations have successfully partnered with owners like you to lease their homes through flexible leases, discount property management services and other incentives. With so much demand for housing right now, a rental arrangement for part of a season or longer term can make a valuable difference. Help us shape a program that works for you!

Please help us understand your interest in this idea by taking a short survey before May 15, 2019 at www.TahoeHomeConnection.com.
