To: edc.cob@edcgov.us

Please present these comments at the Board Meeting on the 24th.

Greetings-I am a gun owner and do not have any issues with shooting ranges. However, I am deeply concerned about a shooting range that I recently heard was being developed in Shingle Springs across the freeway from Redhawk Casino. My primary concern is with the location. My family and I have been using the Eldorado Trail for mountain biking for many years. It sounds like this range would be dangerously close to the trail. I do not see any reason why this has to be a location for such a range. There is so much open land that is not near trails, the freeway and schools for a range to be built.

Please help protect myself, my family and all the members of our community and do not allow such a shooting range to be so close to public locations.

Thank you for your time.

Sincerely,

Joe Martin
Shingle Springs Resident

Board of Supervisors' Agenda Item Comments, Clerk of the Board:

Dear Clerk of the Board,

We would like to send you our comments on the 2/24/15 Board of Supervisors Agenda Item "Open Shooting Range". We are asking you to take a firm stance on this matter. The tribe should be required to submit a project application for their proposed open shooting range project, like everyone else. We are certainly not for gun control, but we believe that public health and safety should be reviewed in an open process available for anyone who is interested to see the results.

Thank you,

Jerry & Michael Ann Sizemore

Shingle Springs, CA 95682

Dear Board of Supervisors,

I request that you take a firm stance and demand that the Tribe submit a project application for their proposed open shooting range project so that the public health and safety can be reviewed in an open and transparent process. I do not think an outdoor shooting range should be located within close proximity to a highway and/or bike trail.

Thank you for your time.

Robert Ditto

Parent of CMP Student and Cameron Park Resident.

Dear Supervisors:

Please stand firm and demand that the local Tribe go through **ALL required channels of approval** regarding their proposed Outdoor Gun Range.

I feel **VERY STRONGLY** it is in the wrong place. It is way too close to two schools, a church, many homes, the trail/tracks, and Highway 50.

I live approximately one mile from the proposed site and can tell you the noise will affect me, my family, my neighbors, my guests, my horses, my dog and my cat in an extremely negative way. More importantly, the two schools, church and many homes are even closer to the proposed site -- and the noise will be even worse for them!

Yes, I am extremely concerned about the noise, but I am even more concerned for the safety of those who live, work, go to school, whorship or travel near the proposed site.

It is a well known fact that rifle bullets can travel over a mile. Even with instructors and safety precautions in place, how can ricochets or errant shots could be prevented? The result of such could be deadly.

Maybe the solution is an Indoor Gun Range?

Thank you, in advance, for standing firm on this issue and protecting our community.

Respectfully,

Jeannette Maynard

Dear Board of Supervisors,

I request that you take a firm stance and demand that the Tribe submit a project application for their proposed open shooting range project so that public health and safety can be reviewed in an open and transparent process.

Thank you,

Dear Board of Supervisors.

I request that a firm stance be taken and that you demand the Miwok Tribe submit a project application for their proposed open shooting range. I am very concerned that otherwise the public health and safety of the project will not be reviewed in a transparent way.

My 5 children go to school (CMP Shingle Springs) within shooting distance of that range and it is a big worry for us as a family seeing what has just publicly occurred at a similar range. Not to mention the accidents that can/do occur regularly.

Thank you for your consideration!!

Proposed Gun Range

1 message

Marie Spiteri <spiterimarie21@gmail.com>

Mon, Feb 23, 2015 at 2:54 PM

To: edc.cob@edcgov.us

Cc: vosfour@edcgov.us

Attention Clerk of the board:

My name is Marie Spiteri and I live in Shingle Springs, in fact only 5 acres separate my property from the proposed site of the gun range. I am absolutely concerned about this outdoor gun range. I fear that it will affect our quality of life, and I feel strongly that it is too close to schools and residential property.

I cannot imagine hearing the sound of gunfire only 5 acres away, not to mention school children will have to listen to this also. I am also concerned that the lead from the bullets will leach into the soil and create a toxic environment. I do not feel like it is realistic to put in a shooting range so close to inhabitants and cannot believe that we will have to endure such an annoying sound all day long. This will greatly impact the way that we live, as we have four children and would not feel safe having them play in our pasture, not to mention, the stress/anxiety the sound would cause them while playing. I also wonder if this will greatly disturb surrounding wildlife.

I hope that the Board takes my comments into consideration.

Thank you so much.

A concerned citizen and mother

Marie Spiteri

Good Afternoon,

Both my husband and I would like to be added to the voices of Shingle Springs concerning the Miwok Tribe proposed "open shooting range".

We are requesting that you take a very firm stance on this. We ask that you demand the Tribe submit a project application for their proposed shooting range so that the public health and safety can be reviewed in an open and lucid process.

Thank you,

Robert and Karen Warner
Shingle Springs

Dear Board of Supervisors,

I request that you take a firm stance and demand that the Tribe submit a project application for their proposed open shooting range project so that public health and safety can be reviewed in an open and transparent process. Please ensure all aspects have been thoroughly reviewed for safety and impact on the community nearby, as there are many schools in close proximity to this proposed site.

Thank you for considering these items,

Dear supervisors,

Please require the Miwok tribe to file a project application for their open range project. I understand this is the usual process and see no reason to let the Miwok's circumvent this process. Concerns about the safety of such a project need to be addressed in an open and forth right manner.

Also please consider reducing the community region lines. This does NOT require additional enviromental reports. This was done in 2004 and does not need to be redone. This is NOT an attempt to stop the development of El Dorado county as the Chamber Of Commerce which is controlled by developers would have you believe. We simply want development to be based on the actual needs of the county and carried out in such a way that the agricultural community and the rural beauty of El Dorado county is not destroyed. The Chamber of Commerce and the developers have no concern for our quality of life. They only care about selling us what is best for them not the citizens of EIDorado county. Remember you were elected by us to protect us not them
