25. PAYMENT

A. Terms

Payment terms for contracts 1-22-23-10 A - D include a \$500 per vehicle discount for payment made within twenty (20) days. Contract 1-22-23-10E offers no discount. The cash discount time is defined by the State as beginning only after the vehicle has been inspected, delivered, and accepted by the receiving agency, or from the date a correct invoice is received in the office specified on the Purchase Order, whichever is later.

Payment is deemed to be made, for the purpose of earning the discount, one (1) working day after the date on the State warrant or check. Typically, acceptance will be accomplished within twenty (20) business hours after a vehicle is delivered.

Payment will be made in accordance with the provisions of the California Prompt Payment Act, Government Code Section 927, et seq. Unless expressly exempted by statute, the Act requires State departments to pay properly submitted, undisputed invoices not more than forty-five (45) days after the date of acceptance of goods, performance of services, or receipt of an undisputed invoice, whichever is later.

B. CAL-Card Use

Use of the CAL-Card for payment of invoices is not allowed under this statewide contract.

C. Payee Data Record

Each State accounting office must have a copy of the Payee Data Record (Std. 204) in order to process payments. State departments should forward a copy of the Std. 204 to their accounting office(s). Without the Std. 204, payment may be unnecessarily delayed. State departments may contact the Contractor for copies of the Payee Data Record.

D. State Financial Marketplace

The State reserves the right to select the form of payment for all procurements, be it either an outright purchase with payment rendered directly by the State, or a financing/lease-purchase or operating lease via the State Financial Marketplace (GS \$Mart and/or Lease \$Mart). If payment is via the financial marketplace, the Contractor will invoice the State and the State will approve the invoice and the selected Lender/Lessor for all product listed on the State's procurement document will pay the Contractor on behalf of the State.

The warranty shall be honored by all franchised dealers of the vehicle within the State of California. The Warranty term for the vehicles offered under these contracts shall meet the following (as applicable):

All emission-related components shall be warranted in compliance with California Air Resources Board and Federal requirements. Contractor cannot offer independent insurance or statements indicating self insurance. If an additional extended warranty is purchased, a warranty certificate, warranty card, or a statement indicating the extended

warranty has been recorded with the manufacturer shall be furnished with each vehicle delivered.

The State reserves the right to use re-refined lubrication oils, where available, in lieu of virgin equivalent oils. The re-refined oils used by the State will meet all API and SAE standards and specifications as set forth by the vehicle manufacturer. The use of said oils shall in no way void or degrade the original manufacturer's standard warranty.

The State reserves the right to use recycled content antifreeze/coolant, where available, in lieu of virgin equivalent antifreeze/coolant when servicing its vehicles. The recycled content antifreeze/coolant used by the State will meet all ATSM standards and specifications as set forth by the vehicle manufacturer.

A special system shall be set up for expediting the procurement of back-order items needed to repair an inoperative vehicle including a system to air freight parts at factory expense when parts are not in stock in California parts depots. Parts must be available within three (3) working days after telephone notification.

Vehicles with new technology emerging into the industry (e.g., fuel cell vehicles) may require more than (3) working days for the availability of certain parts. Contractor must notify the State Contract Administrator and ordering agency when this occurs and provide the estimated date of availability.

29. MAINTENANCE PLAN

A maintenance plan is available for light duty vehicles under 8500 lbs. GVWR. The purchase of a maintenance plan is optional. The maintenance plan covers all regularly scheduled service for a minimum of five (5) years/75,000 miles. The maintenance shall include at a minimum all manufacturer recommended services such as, but not limited to:

- Oil changes;
- Filter changes;
- Fluid changes;
- Lubrications;
- Tire rotations;

- Equipment and safety inspections

The Maintenance Plan is not required to cover wear items such as brake pads/shoes, wiper blades, etc.

Purchase of the Maintenance Plan is non-mandatory for State departments.

The Maintenance Plan is not applicable to vehicles over 8,500 lbs. GVWR.
