At Last!! A Redistricting Map that Works!! August 8 Deadline!!

Jon to: Jon
Jakowatz

08/05/2011
08:39 AM

Cc: bosone, bostwo, bosthree, bosfour, bosfive

Time is short!! It is URGENT that your voice be heard!!

The struggle to get a map that works for all the people of El Dorado County has yielded results. Working with citizens and the County Surveyor, Supervisor John Knight has brought forth a redistricting map that gives proper representation to all citizens of El Dorado County.

The map is named the **Knight/Cameron Park Alternative Map** and can be viewed at

http://www.edcgov.us/Government/Redistricting/Redistricting_Maps.aspx

This map has many positive attributes, chief among them being:

- It follows the County General Plan for development and gives

proper representation to growth communities vital to the county's economy

- Gives full representation to the North and South County Rural areas to preserve the county's rural character
- Eliminates the "cracking" of Cameron Park and Pollock Pines to provide fair representation

This map needs your support to have a chance at being adopted by the Board of Supervisors.

Tell the Supervisors you want the Knight/Cameron Park Alternative Map!

District I - John Knight - bosone@edcgov.us

District II - Ray Nutting - bostwo@edcgov.us

District III - Jack Sweeney - bosthree@edcgov.us

District IV - Ron Briggs - bosfour@edcgov.us

District V - Norma Santiago - bosfive@edcgov.us

Your voice MUST BE HEARD!! Send an email!!

The time is NOW!! The Supervisors decide Monday, August 8th!!

Jon J.

Alternative Redistricting Map

Teresa Kallan to: bostwo

08/05/2011
10:57 AM

Dear Mr. Nutting,

This email is in support of the newly proposed alternative redistricting map, specifically, the "Knight/Cameron Park Alternative Map".

This map has so many positive attributes over the existing proposed map of July 19:

- 1) It gives proper representation to the 2 western slope growth communities of El Dorado Hills and Cameron Park vital to the county's economy;

- 2) It gives full representation to the 2 North and South County rural areas to preserve the county's rural character;
- 3) It keeps Cameron Park together and Pollock Pines together to provide fair representation to those communities; and
- 4) It best meets the Elections Code considerations of "community of interest" and "compactness" --- factors not adequately addressed by the other map.

Hopefully, the Board of Supervisors will give this alternative map the consideration it deserves.

Sincerely,
Teresa Kallan

Board of Supervisors:

I am writing in support of Supervisor Knight's new alternative map titled Knight/Cameron Park Alternative Map. While I respect the work done on previous maps I believe they fell short in respecting both the urban/suburban and rural communities that make up our unique county. This new map addresses major provisions of law that you all must balance in determining maps for the next decade. This map adequately addresses the changing make-up of the county and appropriately addresses future growth areas. Having lived in the county for the past 40+ years we can all agree the county has changed, good or bad, it is not the same pioneer frontier it once was. We as citizens and constituents look to you be the pioneers of our future.

I urge you to vote Aye in support of the Knight/Cameron Park Alternative Map on Monday August 8.
Respectfully,

Knight/Cameron Park County Redistricting Map Alternative

John Thomson to: Ray Nutting

08/05/2011
02:08 PM

Dear Supervisor Nutting:

First of all, thank you for taking time to hear the concerns of the El Dorado County Citizens for Responsible Government at the July 26th meeting. I hope that you came away from that meeting understanding that the attendees are concerned about both the suburban and rural areas of El Dorado County and especially with an understanding of the concerns and frustrations of the residents of Cameron Park at being

unnecessarily split.

I have reviewed the new redistricting maps on the County's website and support the Knight/Cameron Park County Redistricting Map alternative because it follows the County General Plan for development and gives proper representation to growth communities vital to the County's economy. It gives full representation to the North and South County Rural areas to preserve the County's rural character. It also eliminates the "cracking" of Cameron Park and Pollock Pines to provide fair representation.

For the foregoing reasons, I respectfully request your support for the Knight/Cameron Park Redistricting Map at the August 8th meeting of the El Dorado County Board of Supervisors.

Regards,

Fran Thomson

Knight/Cameron Park County Redistricting Map Alternative

John Thomson to: Ray Nutting

08/05/2011
02:08 PM

Dear Supervisor Nutting:

First of all, thank you for taking time to hear the concerns of the El Dorado County Citizens for Responsible Government at the July 26th meeting. I hope that you came away from that meeting understanding that the attendees are concerned about both the suburban and rural areas of El Dorado County and especially with an understanding of the concerns and frustrations of the residents of Cameron Park at being unnecessarily split.

I have reviewed the new redistricting maps on the County's website and support the Knight/Cameron Park County Redistricting Map alternative because it follows the County General Plan for development and gives proper representation to growth communities vital to the County's economy. It gives full representation to the North and South County Rural areas to preserve the County's rural character. It also eliminates the "cracking" of Cameron Park and Pollock Pines to provide fair representation.

For the foregoing reasons, I respectfully request your support for the Knight/Cameron Park Redistricting Map at the August 8th meeting of the El Dorado County Board of Supervisors.

Regards,

Fran Thomson

Resident of El Dorado Hills

Subject: Our vote for Knight/Cameron Park Redistricting
Date: 08/07/2011 08:52 PM

El Dorado County Supervisors,

As residents of Springfield Meadows in El Dorado Hills, we strongly agree with the Knight/Cameron Park Map. Since EDH has grown significantly in population, it is time that this community be given a voice of its own.

Although we are unable to attend the meeting tomorrow morning, we wanted our "votes" to be counted please.

Thank you,
Vic and Rory Eastman

Good evening,

We simply want to express our, Phyllis D. Rowe, and James R. Rowe, registered voters from El Dorado Hills south of Hwy 50, endorsement for John Knight's Cameron Park redistricting proposal.

Thank you for the opportunity to express our wishes.

Importance: High

Shelly, Supervisor Knight will present a map(Knight/Cameron Park Map) that the Four Seasons Civic League and the El Dorado County Citizens for Responsible Government approve. That map is not on the Supervisors Web Site but will keep all of El Dorado Hills in one district and put all of Cameron Park in one district . This would give the western slope of El Dorado County two suburban districts with two votes on the Supervisor's Board. Our voice and votes were diluted in the past because we part of large rural districts that didn't understand the problem that face us in the more suburban parts of the county.

Tomorrow is do or die day for this map decision and we urge to e-mail the El Dorado County Supervisors to accept the Knight/Cameron Park redistricting map . Better yet get people be in the Supervisor's meeting room on Monday at 9:00AM.

Contact : the clerk of the Supervisor's Board : Clerk of the Board (edc.cob@edcgov.us) and support this map.

John,

It was a pleasure to meet with you. I know that it is last minute, but I would like to send out a reminder message about tomorrow's BOS meeting. Honestly, because of work and family, not sure who can attend at that time of day (harder to do), but want to get it out there again. Question, which option does your civics league feel is best four those of us South of HWY 50 and why? In my opinion, those maps on the county web-site are a bit confusing and hard to decipher because of all of the crazy graphics. It looks like in all of them our neighborhood would become part of the Knight district. If you have any commentary, and.or a message from your civics group I can try and share it , via e-mail distribution to those in our neighborhood.

Thanks for the info on APAC as well. Please do send us an agenda or any other pertinent information. We should most definitely have a representative or so there.

Sincerely,

Shelly Ronan

Subject: great meeting

Neighbors, I sincerely hope that this first important meeting will be the start of a joining of forces for the betterment of our community . Our discussions gave me a greater insight into what we can do as a community of neighbors .

Great article in the Village Life . Congratulations!

You had asked for information about the next meeting of APAC (Area Planning Action Committee) . Their next meeting will be :
The El Dorado Hills Area Planning Advisory Committee and Community Council Meeting - 7 pm at the CSD Pavilion on August 10.

If you send a representative to that meeting , you can ask for an update on what their sub committee's plans are for studying the changes for Town Center West . I hope to introduce you to this committee and I will ask them to send you an agenda for that meeting.

The August Meeting of the EDC Board Of Supervisors on August 8 in Placerville is a do or die for a redistricting map that will finally give us representation as a united El Dorado Hills and a united Cameron Park . The agenda for this meeting should be on the Supervisor's Web Site today. Please make every effort to attend . Remember the Supervisors control you future say in the county government.

I will be sending you articles for you web site at a future date.

Subject Proposed BOS Redistricting Map

Dear Board of Supervisors:

This is in response to the proposed redistricting map that you are contemplating. My wife and I strongly feel that the citizens in El Dorado Hills and Cameron Park should be included in the same redistricting map, not split by having a portion of El Dorado Hills in two different districts (one rural and one suburban) and our neighbours in Cameron Park split into two separate suburban districts.

We feel all of El Dorado Hills and Cameron Park should share in the same suburban district or at least split into no more than two "suburban" districts. Nobody who lives in either of these two communities should be disenfranchised.

We trust you will take into account the interests of all the citizens in both aforementioned communities and will reconsider your positions.

Respectively,

Dick & Candy Mathews
El Dorado Hills, CA

Comment-Question	In our opinion the residents of El Dorado Hill and Cameron Park would be better served if they were in one supervisory district or if we had two supervisors to serve this area. Consider the population as compared to the other districts, S. Lake Tahoe has declined in population while this area continues to grow. This issue makes sense from multiple perspectives, particularly when you consider needs, allocation of tax dollars and ability to generate revenue. Or perhaps we need to become a part of the city of Sacramento...?
