To whom it may concern. I've been a resident of this fine little town for almost 6 years now since we bought our home here in 2012. Over these six years as I've commuted into Folsom and now West Sacramento, the traffic along Green Valley and Highway 50 has become worse. I am against turning this 5 acre parcel of land into 41 homes. Adding as many as 100 more vehicles along these road ways is enough for me to say no. I understand the desire to expand our town but not by taking small parcels of land and cramming a large number of homes into it. Smart growth, not rapid growth.

Just say no to Cameron Ranch

Kindest regards

To whom it may concern,

I am very much against the building of 41 homes in a 5 acre plot. This type I've over crowding of our quaint town will destroy it & turn it into another Sacramento/Folsom area. The traffic is horrendous & the schools are impacted with too many children to each teacher which creates a poor learning environment.

Just because there is open green land does not mean it has to be built upon. The beauty of Cameron Park is it's open land & foothill area. By adding more houses like this, you are inviting congestion, air pollution, & more crime. We moved here from Folsom in 2012 to get away from the congestion & over crowding. You will ruin Cameron Park.

I am against this & say NO to Cameron Ranch!
