Sheriff's Office

Phil Dold,
Sheriff's Technology Manager

October 19, 2010

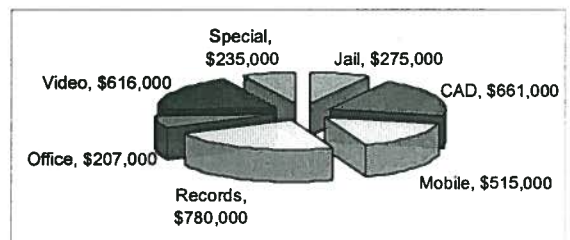

What are the benefits of the Sheriff's technology investment?

1. Compensate for budget targets already achieved.
2. Technology improves public service.
3. Increases safety and reduces liability.
4. Technology is vital to keeping deputies in the field and reducing costs.

3 Questions?

1. What are the benefits of the Sheriff's technology investment?
2. Is the Sheriff's technology investment properly sized for today's tight budget?
3. What impacts will technology reductions have?

\$3 Million – Specialized Systems

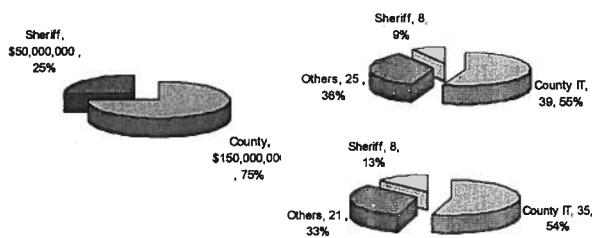

Is the technology investment properly sized for tight budgets?

1. Using the right tool for the job – (County IT, Outsource, GIS, Staff)
2. Complexity, specialized, mobile
3. Respond to crisis or priority

What impact will technology reductions have?

1. Opportunity costs
2. Increased operating costs
3. Decreased service
4. Loss of investment
5. Increased liability

Is the Sheriff's technology investment properly sized?

Bottom Line _____

1. Technology is vital in helping meet budget reduction targets.
2. Technology reduces liability and increases savings, service and safety.
3. Technology helps keep deputies in the field.
