

- 5/28/13 – **Think about this!!!!**
- Clinchard (DA's office)called Ray's office around **10:00** asked Ray to call him
-
- Ray received the message around **10:15 to post bail of \$55,000**
-
- Ray called his attorney because all correspondence was suppose to go through his attorney
-
- Approx at **10:30 to 10:40** Ray received the information to **surrender** to the jail by **12:30**
- Note: Rays attorney requested numerous times for the DA to give him plenty of notice for ray to make bail and have his attorney deliver him

Removing OUR Supervisor based on friends reaching out to help is **not** a miscarriage of JUSTICE it is an ABORTION!

Ray Nutting was found “not guilty” of his felonies, albeit one hung, and was punished for receiving bail from friends who happened to know the situation and reached out to help avoid being put behind bars. The judge stated that had the friend brought the money to the jail instead of giving it to Ray’s wife none of this would exist....then gave him 30 days of community service on the misdemeanors and then proceeded to remove him from office just as though he had been found guilty on all counts.
