Dear Board of Supervisors,

El Dorado County is known for its natural beauty. That is what brings people here to live and to visit. Please do not update our Sign Ordinance to bring urban signage to El Dorado County. Stand up for the quality of life that we enjoy and do not approve digital signs in the Sign Ordinance. Stand up for our scenic viewsheds and do not approve 60' tall signs along Highway 50.

Tell staff that they should listen to public requests for clarification of proposed policies. Creating a simple matrix to clarify the differences between the existing ordinance and the proposed ordinance could have alleviated much of the public's confusion and concerns about transparency of the process.

Thank you,

David Pava

Dear Board of Supervisors,

I cannot believe you are actually considering 60 foot high signs in this county!! Aren't the huge billboards you approved enough for you? The Arden Fair area is **COMMERCIAL!!** we are **COUNTRY!!** or at least trying to stay that way.

What do you think people from other states who drive through the beautiful foothills going to think of the our local government condoning signs like that? Why are you trying to destroy El Dorado County's natural beauty? That is what brings people here to live and to visit AND SPEND **MONEY** at the small towns and in the wineries and Apple Hill.

Do not update our Sign Ordinance to bring urban signage to El Dorado County. Stand up for the quality of life that we enjoy and do not approve digital signs in the Sign Ordinance. Stand up for our scenic view sheds and do not approve 60 foot tall signs along Highway 50.

Tell staff that they should listen to public requests for clarification of proposed policies. I respectfully request that you do not allow digital signage in El Dorado county. Having driven by those in Sacramento numerous times, they are an eyesore and a traffic hazard.

The biggest asset our county has is its rural nature. This draws tourists and residents for a multitude of reasons. Digital signs demolish this culture. Digital signs turn El Dorado County into just another place to drive through on the way to Tahoe.

Thank you for your consideration and service to our community.

Dear Board of Supervisors,

El Dorado County is known for its natural beauty. That is what brings people here to live and to visit. Do not update our Sign Ordinance to bring urban signage to our county. We are talking about a 60 ft. tall signs along highway 50. They already have these signs down at the Folsom car selling businesses. I can't believe anyone could consider that would be an upgrade for the county.

"County staff" seems to agree with all proposals that put money into the coffers. What other reason would they POSSIBLY have for approving the proposal. These signs are obnoxious, a distraction, and give off a terrible glare to drivers on the highway. Did the benefactors of these signs offer financial incentives for staff support?

Please vote against this proposal! If you do decide to vote for this proposal, please be prepared to give specific reason why you did so!

Thank you,

To: edc.cob@edcgov.us

Hello Supervisor,

I received an email about the BoS upcoming decision on digital signs. The [examples](#) cited in the email certainly don't fit El Dorado County's rural, country setting. I don't know if it is realistic to oppose all digital signage but it does seem that it is prudent to put some guidelines on sizes, locations and hours. I thank you for bringing common sense to the discussion and "decorating" our highways and businesses in a more tasteful style.

Thank you,

Lynnee Boyes

Dear Board of Supervisors,

Please do NOT allow urban signage -- such as those ugly and distracting digital signs -- in beautiful El Dorado County. We do NOT want to look like Sacramento County (or Southern California!!!).

I would hope you would also vote NO on the 60 foot signs along our scenic Highway 50.

County staff should listen to us taxpayers that live in El Dorado County. We want our scenic corridor to remain just that -- scenic (and NOT cluttered with advertising and flashing images).

I want clarification on this so called Sign Ordinance Update. What they are proposing is extremely confusing. Where is the clarity? Where is the transparency?

Respectfully,

**Jeannette Maynard (Shingle Springs,
