DEPARTMENT/SUPERVISOR REPORTS

Roger Trout, Director of Development Services Division, gave a fire update regarding permitting. There has been some permit activity regarding the King and Sand Fire areas. They had their first single family residence apply for a rebuild. There are people coming in getting demolition permits to remove the debris of burnt structures. Others are coming in to get permits for electrical hook-ups, new wells and installing solar panels. The Community Development Agency allowed the hardship mobile home process, which is in the Zoning Code, to be used in the case of a disaster. The Community Development Agency and the Building Department have gone out and inspected every site and have registered a report on every structure that was partially or wholly burnt. That record is then used to expedite the permit process. The fee waivers the Board granted are still in effect for two years.

Supervisor Mikulaco attended a meeting of the Capital Southeast Connector Joint Powers Authority. El Dorado County needs help with this project either through state or federal funding. Bike trails and walking paths have been incorporated into this project.

Supervisor Novasel reported that she has been working on the Tahoe Paradise Resort Improvement District situation. There is a Mental Health Forum, which is a collaboration of many agencies, at South Tahoe High School.

Supervisor Ranalli updated the Board on an effort to reinstate a lighting district in Georgetown. The lights on Main Street in Georgetown have been slowly going out. It is a public safety and economic issue. Individuals and merchants have been sponsoring lights.

Supervisor Veerkamp announced that at the meeting last week of the Sacramento Area Council of Governments the 2016 Transportation Plan was released. The Capital Southeast Connector funding discussions continue. Infrastructure funding is currently the priority. The El Dorado County Water Agency and the El Dorado Water and Power Authority met a couple of weeks ago. The next meeting in March will have a full presentation on the Water Right Application Program.
