Application for County of El Dorado Board, Commission, or Committee

Additional information (continued)

Local community groups working in concert with local school Districts and First 5, El Dorado have always been the key to successful early childhood programs. I have seen the power of the collaboration that brings preschool teachers, staff of other preschool initiatives (for example Story Time), and teachers and support staff from the school District together to plan the most effective and research-based program. First 5 adds its staff and expertise to provide the crucial support to make these initiatives have the best chance for success. My role has been to bring these talented educators any support they may need and to make sure those in decision-making roles, including the superintendent and the school board, are kept informed of the importance of their work. I will contribute in a similar way if chosen to represent our area on the First 5 Commission.
