

The following is my resignation, effectively immediately, from the Board of Trustees of the Happy Homestead Cemetery District. It has been a profound pleasure to have been a part of the renaissance of this facility and seeing it become all it has become. I leave with a great sense of pride and accomplishment and I want to thank my fellow Board Members and most especially District Manager Mike Warren and District Secretary Adria Nkala for all of their hard work and dedication. I learned a great deal about civic responsibility and governance and I am a better person and citizen for having had this opportunity. I want to wish you all the best of luck in all of your future endeavors and am very confident that the District is in good hands and will continue to grow and shine.

Desi Blondeel-Timmerman
