\* The SB 1383 increase represents a fixed amount which was set equal to a 5.08% increase applied to last year's rates. The SB 1383 rate increase amount in this column is equal to the same absolute SB 1383 rate increase amount as for 2025. Consequently, the calculation of the SB 1383 rate increase as a percent of the current rate is lower than 5.08% because the current rate in this table also reflects last year's interim year rate adjustment.
