Hi,

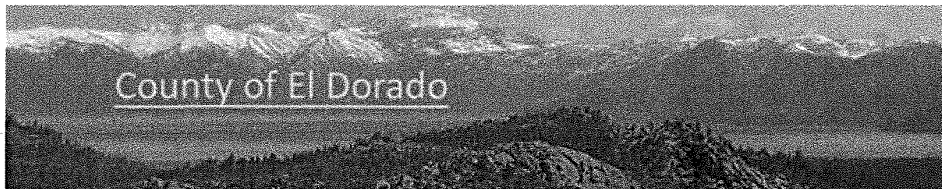

I notice in the attached agenda a Hearing to consider the Serrano Village J, Lot H project (Planned Development PD14-0008/Tentative Subdivision Map TM14-1524)** ... Design Waiver for (b) Construction of 4-foot wide sidewalk along one side of the residential road instead of 6 foot sidewalks on both sides;

As a resident who enjoys the area and frequently walks with friends, family, and my dog, I would like to suggest that the Planning Commission and Board of Supervisors stop approving the narrower four-foot sidewalks. They're cramped when you're trying to walk along with a friend and have a little extra space to comfortably hold a leash for a dog. Possibly accept the request to only have sidewalks on one side but keep it to six feet. Please keep this in the back of your minds not only for this project for future projects and requests as well.

Thank you for your consideration,
 Claire LaBeaux
 El Dorado Hills resident
