Allow the following additional excursions in 2015:

Letter of Support:

P&SVRR respectfully requests that the Parks and Recreation Commission write a Letter of Support for a Joint Celebration (with El Dorado Western Railway Foundation), to commemorate the 150th Anniversary of the Railroad arriving in Shingle Springs. Details of this event would be brought to the PRC/BOS in early Spring, and take place sometime during the Summer. This event could potentially include bringing passengers by rail into Shingle Springs, where they would then board EDWRR equipment for special excursions during the Festivities.
