Subject: POOR REDS PUBLIC NOTICE INPUT
To: planning@edcgov.us <planning@edcgov.us>

I ask you to please consider the noise and traffic that Poor Reds already causes during the weekend in Town.

The home owners/residents living around the Poor Reds area already don't get peace and quiet. This is a Town and should not be ran by Poor Reds. Turning the Town into a "Sturges" is wrong. I know most customers, employees and the owners don't have to live in Town and don't really care about the few. Please don't let money and politics sway the decision allowing REDS to bring more noise. I know REDS cant control what kind of people walk in their door or how they conduct themselves when they leave, like speeding around the back streets of EL Dorado, spinning tires in front of Reds. 52 weeks in a year and they want to disrupt the neighborhood for up to 35 time year, that's arrogant, selfish and plain being a bad neighbor. I could go on and on but I'm sure you know what I'm saying. Please stand up for the Few. Thank you.

v/r Long time resident of EL Dorado

PLANNING DEPARTMENT

COUNTY OF EL DORADO PLANNING COMMISSION

TIFFANY SCHMID, Executive Secretary

Regarding Conditional Use Permit CUP19-0010/ Poor Reds BBQ Live Music

In 1995 my wife and I bought our house on Missouri St. in the town of El Dorado. Our house overlooks Poor Reds. It is a Quiet family neighborhood.

Poor Reds outdoor patio backs up to this neighborhood. Several years ago the new owners started having Amplified Music Events. My family and the neighbors found the Events were so loud we had to close our windows and doors to keep the noise out! We also found if we wanted to be outside we would have to listen to the noise for hours.

If you could check your records Brookshire Gardens at 6201 North St. Eldorado 95623 which are almost directly behind Poor Reds already have a permit for Amplified Music Events. They have events at least ten times a summer and we have had to ask them three times to please turn down the volume. Again we have to close our windows and doors to keep the noise out! This is a Family Residential Neighborhood.

What you are proposing would mean we would have to listen to 45 to 55 Amplified Music Events in a 9 month period. This is unacceptable!

My family and I have been in the house for 25 years by allowing this permit you will be destroying our peaceful neighborhood. Please do not allow this permit.

If you have any questions please call me.

Neil Lykken
