Subject: Ranch Marketing-Winery Ordinance Updates - Public Comment

Good Morning,

I have a scheduling conflict this evening, so may not be able to make tonight's meeting. Please forward this to the Ag. Commissioners and include as Public Comment.

As a Christmas tree farmer in Camino, I support the proposed changes to the Ranch Marketing-Winery Ordinance UNLESS a CEQA review is required. If that becomes necessary, then I would urge the Commissioners to NOT support moving these changes forward as this would likely adversely affect what is currently in place to the detriment of every agricultural venture in El Dorado County.

Thanks!

Regards,
Gordon Helm
