Public Comment for 4/27/23 Planning Commission Meeting

Item: 23-0435

From: Linnea Marengo

I am writing to urge that sufficient staff time and County resources are allocated to ensure proper compliance, regulation and enforcement of the Ranch Marketing and Winery ordinances.

A substantial investment of staff time and community investment has already been made to revise the current ordinances. It would be a shame to write rules which cannot be adequately enforced.

Thank you.
