As an Architect I am very knowledgable with issues relating to the building industry and trends effecting new development. Currently EDAC is considering various recommendations to the board regarding regulatory reform. My experience and passion for this subject as evidenced by my local involvement in Cameron Park committees will benefit the EDAC recommendations.

- 7. Why do you seek appointment?

As a resident of Cameron Park my desire initially focused locally. As chairperson of the Design Review Committee I felt I had a responsibility to become involved outside the boundary of Cameron Park to understand county issues that effect Cameron Park. I now have come to understand that there is much to be done at the county level as well. Through all of my involvement I now have a strong desire to help effect positive change in El Dorado County.
