- 1.1 The adoption of this Ordinance is exempt under CEQA based on CEQA Guidelines 15307, 15308, 15060(c)(2), and and 15061(b)(3) as it can be seen with certainty that there is no possibility that the actions authorized by this limited term pilot program will have a significant effect on the environment, these actions will not result in a direct or reasonable foreseeable indirect physical change in the environment as compared to other agricultural crops, and these actions will assure the maintenance, restoration, or enhancement of natural resources and the environment as compared to existing state laws governing hemp.
- 1.2 The Ordinance is also exempt under CEQA Guideline 15306 because this ordinance establishes a limited term pilot program for the purposes of information collections regarding hemp cultivation, applies to lands that allow agricultural uses as a principal use, is limited to only 5 licensees, and will not result in a serious or major disturbance to an environmental resource as compared to any other existing agricultural crop.
