### SECTION 1 – LEGISLATIVE FINDINGS AND DECLARATIONS

The Legislature finds and declares the following:

(a) The Lockyer-Isenberg Trial Court Funding Act (hereafter act) provides that court operations are to be funded by the state, rather than primarily by the counties, as they had been prior to the enactment of the act. Although the counties continue to contribute to trial court funding through maintenance-of-effort obligations, the restructuring of court funding ends a dual system of county and state funding and provides a more stable and consistent funding source for trial court operations. Counties, however, continue to bear primary responsibility for trial court facilities.

(b) The act also created the Task Force on Court Facilities (hereafter task force) to deal with the question of facilities that has been left as the responsibility of the counties by the act. The purpose of this act is to transfer the responsibility for trial court facilities funding and operation to the state in a manner generally consistent with the recommendations of the task force.

(c) **The overarching recommendation of the task force is that responsibility for trial court facilities funding and operation be shifted from the counties to the state.** The primary reasons for that recommendation are as follows:

(1) **The judicial branch of government is now wholly responsible for its programs and operations, with the exception of trial court facilities. The judiciary should have the responsibility for all of its functions related to its operations and staff, including facilities.**

(2) **Uniting responsibility for operations and facilities increases the likelihood that operational costs will be considered when facility decisions are made, and enhances economical, efficient, and effective court operations.**

(3) **The state, being solely responsible for creating new judicial positions, drives the need for new court facilities.**

(4) **Equal access to justice is a key underpinning of our society and the rule of law. It is also a paramount goal of the Judicial Council, the policymaking body of the judicial branch. The state can best ensure uniformity of access to all court facilities in California.**

(d) Specific provisions for carrying out this transfer of responsibility for trial court facilities from the counties to the state are contained in this act. The guiding principles for the transition are as follows:

(1) The transfer shall occur as expeditiously as possible and be completed by June 30, 2007.

(2) The transfer shall be negotiated on a building-by-building basis

**[Emphasis added.]**

between the state and the counties. Negotiations shall be consummated in an agreement governing each facility.

**(3) The Judicial Council shall represent the state's interests in negotiations with counties.**

(4) Generally, fee title to court facilities shall be transferred to the state when possible. However, in the case of joint-use facilities or historic facilities, title may remain with a county as provided for in the governing agreement. In those cases, **the principal guiding negotiations shall be the preservation of the respective equity interests of the county and the state in a joint-use or historic facility.**

(5) Generally, the Judicial Council and the county shall agree to the transfer of responsibility for each court facility in that county unless transfer of responsibility is rejected.

**(6) Counties shall not be entitled to compensation for any equity value of court facilities transferred to the state.**

**(7) Generally, the state shall be expected to accept responsibility for facilities in an as-is condition.** However, the state may reject facilities that are seriously deficient, and require counties to continue financial responsibility for those facilities.

(8) Counties shall provide funding for facilities operation and maintenance costs based on historic funding patterns through a county facilities payment to the state. An amount shall be calculated for each facility and that amount shall be agreed to prior to the transfer of responsibility for the facility to which it pertains. This funding shall be provided in perpetuity, but not indexed to increase with inflation over time.

(9) A method shall be created to resolve disputes between the Judicial Council and a county if those parties fail to reach agreement for a facility or the appropriate calculation of the county facilities payment amount.

(e) The same responsibility for appellate court facilities, including the responsibility for planning and construction of new facilities, shall be transferred to the Judicial Council.

(f) The task force recommendations concerning money collected for court facilities consist of the following:

(1) That money collected for trial court facilities operation and maintenance through the county facilities payment, as deposited in the Court Facilities Trust Fund, which represents "funds historically spent by counties to maintain existing court facilities," should continue to be used "to fund or offset the management, operations, and maintenance of all existing facilities."

(2) That the money collected for court facilities construction through filing fee surcharges and the State Court Construction Penalty Assessment, as deposited in the State Court Facilities Construction Fund, should be "dedicated to the capital facilities' needs of the judicial branch."

**Additional findings accompanying SB 82:**

**The Legislature finds and declares all of the following:**

**(1) The transfer of responsibility for court facilities from the counties to the state requires that court facilities be efficiently and**

economically provided to the court system.

(2) The State of California stands to benefit from the consideration and implementation of efficient and contemporary methods of developing and managing major capital infrastructure improvements. Significant cost increases in the real estate and construction sectors make it imperative that the state proceed with capital construction in a timely manner to best mitigate those increases.

(3) The costs of maintaining and operating a building over its life span are greater than the initial construction costs, so the control of these maintenance and operations costs must be factored into any responsible infrastructure development method.

(4) Project delivery methods that implement these cost control considerations should include development by an entity that provides all capital activities, including the financing, design, construction, maintenance, and operation of a building. Those methods may include some or all of the following:

(A) Putting existing property to a higher and better use and leveraging redevelopment proceeds to reduce the state's cost of new replacement court projects.

(B) Combining new court facilities with other appropriate and compatible noncourt uses that would provide a subsidy to reduce the state's maintenance and operation costs.

(C) Utilizing competitive bids to give the state the best financing terms and possible subsidies from redevelopment of current court properties and development of new facilities.

(D) Using a lease-purchase with the option to acquire any noncourt space for future growth needs.

(5) The Judicial Council has established a detailed, multiyear court facilities capital infrastructure plan to acquire court facilities and provide necessary improvements for the judicial branch in the most economically feasible manner.

In order to implement the findings and declarations above, the Legislature hereby enacts Section 70391.5 of the Government Code.

**SECTION 2 – APPELLATE COURT FACILITIES**

**Section 69202.** (a) The Judicial Council shall annually recommend to the Governor and the Legislature the amount proposed to be spent for the planning, renovation, and building of facilities for the appellate courts.

(b) Facilities shall be subject to the State Building Construction Act of 1955 (commencing with Section 15800) and the Property Acquisition Law (commencing with Section 15850), except, notwithstanding any other provision of law, the Administrative Office of the Courts shall serve as the implementing agency upon the approval of the Department of Finance.

If the county or city and county then fails to provide necessary and suitable facilities pursuant to this section, the court may direct the appropriate officers of the county or city and county to provide the necessary and suitable facilities. The expenses incurred, certified by the judges to be correct, are a charge against the county or city and county treasury and shall be paid out of the general fund.

(d) Prior to the construction of new court facilities or the alteration, remodeling, or relocation of existing court facilities, a county or city and county shall solicit the review and comment of the judges of the court affected regarding the adequacy and standard of design, and that review and comment shall not be disregarded without reasonable grounds.

(e) Any reference in the statutes enacted prior to January 1, 2003, that refers to Section 68073 shall be deemed to refer to this section.

**Section 70312.** If responsibility for court facilities is transferred from the county to the Judicial Council pursuant to this chapter, the county is relieved of any responsibility under Section 70311 for providing those facilities. The county is also relieved of any responsibility for deferred or ongoing maintenance for the facility transferred, except for the county facilities payment required by Section 70353. Except as otherwise provided by this chapter, or by the agreement between the Judicial Council and the county under this chapter, the Judicial Council shall have ongoing responsibility for providing trial court facilities. If responsibility for all court facilities within a county has been transferred pursuant to this chapter, that county shall have no responsibility for providing court facilities. This section does not relieve a county of its obligation under Article 5 (commencing with Section ~~70344~~ 70351) or its obligations under any agreement entered into pursuant to this chapter.

**Section 70313.** This chapter may not be construed as authorizing a county, a city and county, a court, the Judicial Council, or the state to supply to the official reporters of the courts stenography, stenotype, or other shorthand machines, or as authorizing the supply to the official reporters of the courts, for use in the preparation of transcripts, of typewriters, transcribing equipment, supplies, or other personal property. The enactment of this provision is a statement of existing law under former subdivision (f) of Section 68073 and is not a modification of the prior law.

**ARTICLE 3. Agreements Transferring Responsibility for Court Facilities**

ongoing responsibility to provide official court reporting services

**Section 70321.** The Judicial Council, in consultation with the superior court of each county and the county shall enter into agreements concerning the transfer of responsibility for court facilities from that county to the Judicial Council. The agreements shall be negotiated between July 1, 2003, and June 30, 2007, inclusive. Transfer of responsibility may occur not earlier than July 1, 2004, and not later than June 30, 2007. On or before July 1, 2003, each county shall designate those persons who shall negotiate the agreements on behalf of the county and shall give the Judicial Council the names of those persons. The name of a person designated by a county to negotiate on its behalf may be changed by the county at any time by providing written notice to the Judicial Council.

timeline for transfers

**Section 70322.** The transfer of responsibility for court facilities in each building shall be subject to a separate agreement.

separate agreements for each building

**Section 70323.** Subject to the provisions of Section 70325 concerning a building subject to a bonded indebtedness, and Section 70329 concerning historic buildings, transfer of responsibility for court facilities shall be evidenced by the following change in title to the building containing those facilities:

options for titles to transferred buildings

(a) If the building is currently owned by the county and used solely for court functions, the building shall be transferred to the state which shall hold title to and use of the entire building. This subdivision may not apply to buildings that are deficient as provided in subdivision (b) of Section 70326. Unless bonded indebtedness, including the legal obligation to pay the indebtedness, is transferred to the state, this subdivision does not apply so long as a court facility is subject to bonded indebtedness. Title shall transfer to the state when the bonded indebtedness is paid. For the purposes of this subdivision, bonded indebtedness includes only the bonded indebtedness existing at the time of transfer of responsibility, and any refunding of the existing bonded indebtedness issued to achieve monetary savings to the county. Any refunding under this subdivision does not extend the original maturity date of the bonded indebtedness and may not increase the original principal amount of the indebtedness, except to pay costs relating to the refunding of the bonded indebtedness.

buildings with solely court functions

(b) If the building is currently owned by the county and used for court and other county functions, title to the building may be held in one of three ways, each of which shall be considered a transfer of responsibility for the court facilities for purposes of Section 70312:

shared-use facilities

(1) The county may continue to hold title to the building.

(2) The county may transfer title to the building to the state.

(3) The county may transfer title to the building to joint ownership between the county and the state.

(c) If the building is currently owned by a third party and leased by the county, any of the following apply:

leased facilities

(1) If the lessor consents to transfer of the lease to the state either without modification of the lease or on modification terms acceptable to the county and the Judicial Council, the county shall transfer its rights and responsibilities under the lease to the state. The court shall then occupy the building under the terms of the lease.

(2) If the lessor does not consent to the transfer of the lease to the state or the lessor's new terms for transfer of the lease to the state are unacceptable to either the county or the Judicial Council, the county shall continue to provide facilities to the court under the terms of the lease and the amount of the lease payments shall be excluded from the county facilities payment provided by Section 70359. Upon expiration of the lease, the amount of the lease payments shall then be included in the county facilities payment in the same manner provided by Section 70359, as if the lease were transferred to the state.

(3) If the lessor does not consent to the transfer of the lease to the state or the lessor's new terms for transfer of the lease to the state are unacceptable to either the county or the Judicial Council, the county and the Judicial Council may agree that the provisions of paragraph (2) of subdivision (c) shall not apply, the court shall find alternative facilities, and the amount of the lease payments due under the lease shall be included in the county facilities payment as provided by Section 70359. The agreement under this subdivision may include an agreement for a different lease payment amount to be included in the county facilities payment.

**Section 70324. (a) If responsibility for court facilities is transferred from the county to the state pursuant to a negotiated agreement, and the building containing those court facilities is rated as a level V seismic rating, the following provisions shall apply to the transfer.**

**Added per SB 10**

provisions for transfer of facilities with level V seismic ratings

**(1) Except as provided in paragraph (3), the county shall be responsible for any seismic-related damage and injury, including, but not limited to, damage and injury to real property, personal property, and persons, only to the same extent that the county would be liable for that damage and injury if responsibility was not transferred to the state, and the county shall indemnify, defend, and hold the state harmless from those claims.**

**(2) Except as provided in paragraph (3), in the event that seismic-related damage occurs to a building containing court facilities for which the county retains liability under this section, the county either shall make repairs to the damage or provide funds to the state sufficient to make those repairs, in order to bring the damaged portions of the building containing court facilities back to the condition in which they existed before the seismic-related event. The county may postpone the making of repairs to the damage or providing funds to the state for those repairs, if it provides the court, at county expense, with necessary and suitable temporary facilities,**

subject to the agreement of the Judicial Council.

(3) The county shall not be liable for any damage or injury sustained in a seismic event to the extent the damage or injury is attributable to actions or conditions created by or under the control of the state. The state shall indemnify, defend, and hold the county harmless from any liability resulting from that damage or injury. The state does not have a duty to make changes or repairs to improve the seismic condition of the building.

(4) As part of, or subsequent to, the transfer agreement, the county and the Judicial Council may agree on a method to address the seismic issue so that the state does not have a financial burden greater than it would have had if the court facilities initially transferred were court facilities in buildings rated as a level IV seismic rating.

(b) This section shall not apply to events occurring on or after the earliest of the following dates:

(1) The facilities covered by this section are seismically-rated at any level lower than level V.

(2) The facilities are no longer used as court facilities.

(3) Thirty-five years from the date of transfer of the facilities.

(4) The county has complied with the conditions for relief from liability contained in an agreement pursuant to paragraph (4) of subdivision (a) addressing the seismic issue with regard to the facility, and the agreement has been approved by the Director of Finance.

(c) The provisions of this section shall prevail over any conflicting provisions of this chapter in regard to transfer of responsibility for court facilities in buildings rated as a level V seismic rating.

(d) This section shall not be deemed to impose greater liability on a county for seismic-related damage to third parties other than it would have if the responsibility for court facilities had not transferred to the state.

(e) Nothing in this chapter shall require the transfer of responsibility for court facilities in a building that is rated as a level V seismic rating.

(f) The terms of this section in effect at the time an agreement is executed for transfer of responsibility shall continue to govern that agreement for transfer, notwithstanding any subsequent repeal of this section.

(g) This section shall remain in effect only until January 1, 2010, and, as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2010, deletes or extends that date.

**Section 70325.** (a) (1) If title to a building proposed to be transferred pursuant to this chapter is subject to a bonded indebtedness, the county shall retain the revenue sources used to pay the bonded indebtedness in which case the county shall be required to continue to make the payments on the bonded indebtedness.

buildings with bonded indebtedness

(2) As an alternative to paragraph (1), the county and the state may agree that the county shall transfer the revenue sources to the state, in which case, the state shall be required to make the payments on the bonded indebtedness in the amount of the revenue received. If the amount payable on the bonded indebtedness exceeds the amount of the revenue transferred to the state, the county shall be responsible for paying the remaining amount. If a revenue source is used to pay the bonded indebtedness on several buildings and not all of those buildings are being transferred to the state, the county shall transfer the proportion of the revenue used to pay the bonded indebtedness on the buildings transferred to the state. Except for revenue sources subject to Section 70375, any revenue source transferred by the county to the state under this paragraph shall be transferred back to the county by the state when the bonded indebtedness on the building is retired.

(b) Except in the case of a shared use building or historical **facility building** whose title is not being transferred from the county, the agreement concerning transfer of responsibility for court facilities contained in a building subject to bonded indebtedness shall specify when title to the building will transfer, which shall not be later than the date of final payment of the bonded indebtedness on the building. A county shall not extend the term of the final maturity date of, or increase the amount of, any bonded indebtedness on a building containing court facilities whose responsibility has been transferred to the state without the consent of the Administrative Director of the Courts. For the purposes of this subdivision, the amount of the bonded indebtedness shall not be deemed to be increased if the amount is refunded for an amount not greater than the original principal amount of the indebtedness plus any costs relating to the refunding of the bonded indebtedness.

Revision made per AB 1435

(c) Notwithstanding any provision to the contrary in this chapter, during the period and to the extent which bonded indebtedness is outstanding with respect to any court facility, the state shall not have any equity or other ownership rights in, to, or with respect to, the court facility. A county may not sell, assign, or transfer any rights or interests in that facility, or otherwise further encumber the facility, other than those rights, interests, or encumbrances required by legal documents establishing the bonded indebtedness. If, during the period of bonded indebtedness outstanding with respect to a court facility, the state is required to vacate the facility through the operation or enforcement of the legal documents establishing the bonded indebtedness, the county shall be responsible for providing the state with suitable and necessary court facilities at least equal to those occupied by the state immediately prior to the date on which the state was compelled to vacate the facility.

**Section 70326.** (a) Except as provided in this section, the agreement may not require any payment from the county to the state for any deficiencies in the court facilities being transferred caused by deferred maintenance.

effect of deficiencies on potential transfers

(b) A building and the court facilities in it shall be deemed deficient if any

of the following exist:

(1) A deficiency or deficiencies that constitute a significant threat to life, safety, or health.

grounds for rejecting a building

(2) A deficiency or deficiencies that include seismically hazardous conditions with an unacceptable seismic safety rating.

(3) Deficiencies that in their totality are significant to the functionality of the facility.

(c) Neither title to a deficient building nor responsibility for the court facilities in that building shall transfer to the state or the Judicial Council under this chapter, and Section 70312 does not apply to the court facilities in a deficient building, unless provision is made in the agreement for correction of the deficient items.

corrections required prior to transfer

(d) If one or more phases of a maintenance project are pending on the court facilities prior to the date of the agreement under this article, the agreement shall specify whether the county shall complete those phases of the project, to the extent approved, or shall transfer funds to the state to permit completion of those phases of the project. As used in this section, a phase of a project is to be deemed pending to the extent that the board of supervisors has either approved the phase in whole or in part at a board of supervisors meeting, and either allocated or appropriated money for the phase in whole or in part, or executed a contract for the phase in whole or in part.

pending maintenance projects

**Section 70327.** (a) Prior to the completion of the negotiations concerning the transfer of responsibility for court facilities in a building, the state shall provide for a licensed structural engineer to inspect and evaluate the building containing the court facilities for seismic safety if the building was built under a building code prior to the 1988 Uniform Building Code and the building has not been upgraded since 1988 for seismic safety. The inspection shall be made using the method and criteria for seismic safety developed by the Department of General Services' Real Estate Services Division. Any repair required to the damage caused by the exploratory inspection shall be paid for by the state.

seismic safety inspection and evaluation

(b) The county shall assist the state in the inspection by providing the following:

(1) Access to the facility for inspection purposes.

(2) Drawings and design documents for the building, if available.

(3) Any reports on structural or seismic evaluations of the building.

(c) If a building is given an unacceptable seismic safety rating and the county subsequently performs seismic upgrade work, the state may, upon the request of the county and at the county's expense, contract with a licensed structural engineer to reinspect and reevaluate the building.

(d) Neither title to a building with an unacceptable seismic safety rating nor responsibility for the court facilities in that building shall transfer to the state or the Judicial Council under this chapter, and Section 70312 does not apply to the court facilities in that building, unless provision is made in the agreement for correction of the unacceptable seismic safety items.

(e) The Administrative Director of the Courts, in his or her discretion, with the approval of the Director of Finance or his or her designee, may

waiver of inspection

waive the inspection required by subdivision (a) upon his or her finding of either of the following:

(1) The ratio of court facilities to other facilities in the building is minimal and title to the building is not being transferred to the state.

(2) The amount of court space in the building does not exceed 10,000 square feet.

**Section 70328.** If a building receives an unacceptable seismic safety rating under Section 70327, or is rejected as deficient under Section 70326, the county may appeal that action to the Court Facilities Dispute Resolution Committee. The state has the burden of proving by a preponderance of the evidence the unacceptable seismic safety rating or deficient rating.

**Section 70329.** (a) Title to a historical building containing court facilities may not be transferred to the state without the express consent of the county's board of supervisors.

historical buildings

(b) If title to a historical building containing court facilities is not transferred to the state, the county may still be relieved of its responsibility to fund court facilities under Section 70312 if the county as part of its agreement under this article either:

(1) Makes the court facilities within the historical building available to the Judicial Council for court use.

(2) Provides, with the consent of the Judicial Council, alternative court facilities of at least comparable size, condition, and utility.

(c) Court facilities provided under this section shall meet all requirements for transfer of court facilities under this chapter, and the court and the Judicial Council shall have all the rights to that building that they have under this chapter to other court facilities whose responsibility is transferred to the Judicial Council.

(d) A county shall not prevent a court from using court facilities traditionally used by that court in a historical building, except with the consent of the Administrative Director of the Courts.

**Section 70330.** The agreement shall provide for parking spaces for the court of comparable convenience, number, and type, as was made available for court use as of October 1, 2001. For purposes of this section, parking spaces for the court includes, but is not limited to, spaces for judges, court employees, other court staff, witnesses, and jurors.

**Section 70331.** (a) If there are one or more pending phases of a project involving court facilities and the responsibility for the facility is to be transferred to the Judicial Council, the Judicial Council may, as part of the agreement under this article, require the completion of those phases of the project, to the extent that county funds or property have been allocated, approved, appropriated, or committed to those phases of the project by resolution or ordinance as a condition of transfer of responsibility to the Judicial Council.

pending court facilities  
projects

(b) This section applies irrespective of whether title to the building containing the court facilities is to be transferred to the state.

(c) As used in this section, a phase of a project is to be deemed pending to the extent that the board of supervisors has either approved the phase in whole or in part at a board of supervisors meeting, and allocated or appropriated money for the phase in whole or in part, or executed a contract for the phase in whole or in part.

(d) The Judicial Council may request the county to implement design changes relating to the project if either the overall effect of the changes do not increase the costs of the project to the county, or the Judicial Council agrees to pay any extra costs caused by the changes.

**Section 70332.** The Judicial Council, in consultation with the Department of Finance and the trial courts, and the California State Association of Counties, in consultation with the Department of Finance and the counties, shall develop the procedures for implementing the transfer of responsibility for court facilities from the counties to the state as set forth in this article.

**Section 70333.** If the Judicial Council and the county fail to reach agreement on any facility, each shall present its position to the Court Facilities Dispute Resolution Committee which shall render its determination concerning that transfer of responsibility for that facility.

#### ARTICLE 4. Administration of Shared Use Building

**Section 70341.** (a) The user rights of the court and the county are based on the proportional allocation of exclusive use facilities within the building for the court and for the county as specified in the agreement, regardless of the entity holding title to the building.

user rights in shared use building

(b) The court and the county shall each have exclusive use of the facilities in the building currently used by it, together with the shared use of the common areas, indefinitely and at no cost, subject to the terms of any lease with a third-party lessor.

**Section 70342.** (a) If the county holds title to a shared use building and the court wishes to have additional space in the building, if the county agrees to allocate additional space, the county may charge the state reasonable rent for any space as may be agreed between the county and the Judicial Council.

adjustment of space in shared use buildings

(b) If the state holds title to a shared use building and the county wishes to have additional space in the building, if the state agrees to allocate additional space, the state may charge the county reasonable rent for any space as may be agreed to between the county and the Judicial Council.

(c) If the state and the county jointly hold title to a shared use building and either the court or the county wishes to have additional space in the building, the Judicial Council and the county may agree to modify the amount of space and the charges made for that space.

(d) If the state or the county is a lessee in a shared use building owned by a third party and the court or the county wishes to have additional space in the building, the Judicial Council or the county may negotiate with the lessor concerning the amount of space and the charges made for that space. This subdivision does not permit either the state or the county to occupy space in the building leased by the other party without the

consent of that party.

(e) Unless the Judicial Council and the county agree otherwise, if either the Judicial Council or the county desires to decrease the amount of space it occupies in a shared use building, it may do so only after offering the other party the space on the same terms and conditions as to which it has proposed to transfer the space to a third party. Notwithstanding the transfer of space pursuant to this subdivision or the failure to use the space, the Judicial Council and the county are not relieved of their rights and responsibilities under the agreement entered into pursuant to Section 70343, unless that agreement is superseded by a subsequent agreement. As used in this subdivision, a "third party" means an entity other than the court or the county.

**Section 70343.** (a) Notwithstanding the manner of holding title to a shared use building:

(1) The rights and responsibilities of the Judicial Council, the court, and the county in a shared use building shall be established by an agreement between the Judicial Council and the county which may be modified by the consent of both the Judicial Council and the county. The agreement shall include, but not be limited to:

agreements regarding rights and responsibilities in shared use buildings

(A) The liability and responsibility for ongoing maintenance and administration of the building.

(B) Any agreed-upon conditions involving the ongoing administration of the building.

(C) Any agreements concerning general liability for the building, building planning, engineering, design, maintenance, repair, construction, failure to maintain common use areas, and dispute resolution.

(D) A provision involving resolution of disputes that may arise under the agreement between the county and the Judicial Council.

(2) Unless otherwise specifically provided by agreement between the Judicial Council and the county, the Judicial Council and the county shall share operation and maintenance costs in a shared use building as follows:

(A) Each entity is responsible for the operation and normal day-to-day maintenance costs of that space in the building exclusively used by the entity.

(B) Each entity shall share the operating and normal day-to-day maintenance costs for the common space in the building based on the proportionate amount of space exclusively used by each entity.

(C) Each entity shall share the major building repairs and maintenance affecting the entire building, including, but not limited to, common areas, based on the proportionate amount of space exclusively used by each entity.

(b) The use of space in a joint-use building by both the court and the county shall be compatible with the building and shall not deteriorate or diminish the ability of either the county or the court to use the remaining space effectively.

**Section 70344.** (a) The entity holding title to a shared use building,

title of shared use buildings

except a third-party lessor, shall not transfer any right to a third party of the part of the building used by the other entity or place further bonded indebtedness on it, except as already required by operation of the legal documentation related to bonded indebtedness or as agreed to by the Judicial Council and the county, if the result of the action would be a further delay in transfer of title to the building to the other party pursuant to subdivision (b) of Section 70325.

(b) If either the court or the county occupies 80 percent or more of a shared use building, the Judicial Council, on behalf of the court, or the county may require the other entity to vacate the building. The entity vacating the building shall be given reasonable notice and shall be compensated by the other entity for its equity in the facility and for relocation costs at the fair market rate.

majority occupant

rights of displaced parties

(c) Except as provided in subdivision (b), if the court or the Judicial Council is required to vacate a shared use building owned by the county, in whole or in part, the county shall provide the court or the Judicial Council with suitable and necessary facilities at least equal to those previously occupied by the court. The failure of the county to provide those facilities shall make the county responsible to the court under Section 70311 for the facilities not provided.

#### ARTICLE 5. County Facilities Payment

**Section 70351.** It is the intent of the Legislature in enacting this section to provide a source of funding for the ongoing operations and maintenance of court facilities by requiring each county to pay to the state the amount that county historically expended for operation and maintenance of court facilities. It is further the intent of the Legislature that funding for the ongoing operations and maintenance of court facilities that are in excess of the county facilities payments be provided by the state.

(legislative intent)

**Section 70351.5. Notwithstanding any other provision of this chapter, the California State Association of Counties, the Judicial Council, and the Director of Finance may agree to alternative methods for calculating the county facilities payment amount to be used by any county meeting the criteria set forth in those alternative methods. In the absence of an agreement, the other provisions of this article shall apply.**

**Section 70352.** (a) There is hereby established the Court Facilities Trust Fund.

establishment of Court  
Facilities Trust Fund

(b) Money deposited in this fund and appropriated by the Legislature shall be administered by the Judicial Council for the operation, repair, and maintenance of court facilities and other purposes provided by statute. The Judicial Council may delegate the administration of the fund to the Administrative Director of the Courts.

(c) The Judicial Council shall recommend to the Governor and the Legislature each fiscal year on the proposed expenditures from the fund and submit a report on actual expenditures after the end of each fiscal year.

**Section 70353.** (a) Each county shall remit the county facilities payment determined by this article to the Controller, for deposit into the Court

Facilities Trust Fund. One-quarter of each county's facilities payment shall be remitted to the Controller quarterly on October 1, January 1, April 1, and July 1. Any payment that is not made when required by this subdivision shall be considered delinquent, and subject to the penalties specified in subdivision (b).

penalties for delinquent payments

(b) Upon receipt of any delinquent payment required pursuant to this section, the Controller shall calculate a penalty on any delinquent payment by multiplying the amount of the delinquent payment at a daily rate equivalent to 11/2 percent per month for the number of days the payment is delinquent. Penalty amounts calculated pursuant to this subdivision shall be paid by the county to the Court Facilities Trust Fund no later than 45 days after the end of the month in which the penalty was calculated.

(c) The Judicial Council shall provide the Controller with a schedule of the county facility payments at the beginning of each fiscal year. If the amount of the county facility payment changes pursuant to this article, the Judicial Council shall provide the Controller with a new schedule of payments within 30 days of the change.

**Section 70354.** The components of the county facilities payment are based on the actual annual direct and indirect county expenditures on court facilities. In the case of a shared use building, the amounts are prorated for the court's usable space in the building as a percentage of total usable space in the building. The determination of the court's usable space and the total usable space shall be made by the standard methodology used for determining usable space by the Department of General Services.

**Section 70355.** ~~(a)~~ Except for the value computed under Section 70359, all values listed in this article shall be adjusted from the fiscal year of the expenditure to the **month of the** effective date of transfer for inflation using, as the inflation index, the average of the following three indices from the Bureau of Labor Statistics Producer Price Index, **all rebased to equal 100 as of January 1996:**

~~(b-2)~~ Operators and lessors of nonresidential buildings (Series Id PCU 6512).

~~(c-3)~~ Maintenance and repair constructions (Series Id PCU BMRP).

**(b) For purposes of this section, "rebasng" means dividing all the values of the price index for the period to which the values are to be rebased, and multiplying the results by 100.**

**Section 70356.** The following items shall be included in the county facilities payment based on a five-year average of expenditures made by the county for facility operation and maintenance. This amount shall be computed by multiplying the value for each of the five fiscal years from 1995-96 to 1999-2000, inclusive, by the **increase change** in the inflation index **specified in Section 70355** from January 4 of that fiscal year to the **month of the** date of transfer of responsibility for the court facilities from the county to the state, **inclusive**, and then averaging the five **inflated adjusted** yearly values:

(a) Maintenance and repair, including, but not limited to, maintenance

and repair of the building and its components, utility systems, security equipment, and interior and exterior lighting.

(b) Purchase, installation, modernization, and maintenance of major building systems not of an ongoing nature, including, but not limited to, plumbing, HVAC (heating, ventilation, and air-conditioning), electrical, and vertical transportation.

(c) A special repair.

(d) Landscaping and grounds maintenance services for court facilities.

(e) Maintenance of parking spaces or garages dedicated to the court or for jurors.

(f) County facility management and administrative costs directly or indirectly associated with trial court facilities, including, but not limited to, management, supervision, planning, design, department administration, payroll, finance, procurement, and program management.

**Section 70357.** (a) The cost of utilities shall be included in the county facilities payment by calculating the average consumption of utilities for the fiscal years 1995-96 to 1999-2000, inclusive, **and multiplying** the consumption averages by the 1999-2000 rates, and multiplying the value by the increase in the inflation index **specified in Section 70355** from January 2000, to the **month of the** date of transfer of responsibility for the court facilities from the county **to the state, inclusive. As used in this section, utility costs include, but are not limited to, natural gas, heating oil, electricity, water, sewage, and garbage.** The consumption rates for 1999-2000 shall be the average of the rates for each month of that fiscal year.

**(b) If the county states in its county facilities payment calculation under Section 70363 that either utility consumption amounts or rates are not reasonably available for any court facility for any or all of the 1995-96 to 1999-2000, inclusive, fiscal years after a good faith effort to obtain those consumption amounts or rates, then the cost of utilities for that facility shall be included in the county facilities payment by calculating the five-year average of the utility costs incurred in connection with the operation of the building for the 1995-96 to 1999-2000, inclusive, fiscal years. This amount shall be calculated by multiplying the yearly utility costs for each court facility for each of the five fiscal years from 1995-96 to 1999-2000, inclusive, by the change in the inflation index specified in Section 70355 from January of that fiscal year to the month of the date of transfer of responsibility for the court facility from the county to the state, inclusive, and then averaging the five inflation-adjusted yearly values.**

**(c) If the county states in its county facility payment calculation under Section 70363 that the utility cost information described in subdivisions (a) and (b) is not reasonably available for any court facilities for any or all of the fiscal years 1995-96 to 1999-2000, inclusive, after a good faith effort to obtain that information, then the cost of the utilities for those facilities shall be calculated using all relevant information available to the county and to the Administrative Office of the Courts.**

**(d) For purposes of any good faith statement made pursuant to**

subdivision (b) or (c), the county shall include a detailed description of all activities it undertook to obtain the information and the results of each activity.

(e) If the county implemented a special improvement to increase energy efficiency during the 1995-96 fiscal year or thereafter, and that special improvement resulted in measurable and ongoing net cost savings, then the county may include a description of the special improvement and the resulting cost savings as part of its county facilities payment calculation under Section 70363. The amount of any reduction in the county facilities payment calculation shall be limited to the demonstrable ongoing costs savings to the state directly resulting from the special improvement only to the extent not already reflected in the cost or consumption data used to determine utilities costs. The county shall document or demonstrate the savings and the fact that the savings are not already reflected.

(f) As used in this section, “utility costs” include, but are not limited to, natural gas, heating oil, electricity, water, sewage, and garbage. A lease amount in the final year of any lease entered into or renewed on or after October 2, 2001, shall represent a good faith relationship to the fair market value of the facilities either at the time of the making of the lease or the time of determination of the final year lease amount.

(c) The adjustment of the amount pursuant to subdivision (b) shall not permit either the county or the Judicial Council to appeal the county facilities payment amount under Section 70366 or 70367, except as to any issues directly related to the adjustment made by subdivision (b).

(d) The amount of any lease included in the county facilities payment amount shall, unless otherwise agreed to by the Administrative Director of the Courts and the county, be paid by the county from the county's courthouse construction fund, if the lease was originally entered into prior to July 1, 2002, and to the extent the lease was funded in whole or in part by the courthouse construction fund prior to July 1, 2002. The length of time payment that may be made from the courthouse construction fund is to be calculated by the length of the lease entered into before July 1, 2002, plus any one renewal or extension of not more than five years entered into on or after July 2, 2002. The Administrative Director of the Courts may agree to a longer time for payment from the courthouse construction fund.

**Section 70372.** (a) Except as otherwise provided in this article, there shall be levied a state court construction penalty, in addition to any other state or local penalty including, but not limited to, the penalty provided by Section 1464 of the Penal Code and Section 76000 of the Government Code, in an amount equal to five dollars (\$5) for every ten dollars (\$10) or fraction thereof, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including, but not limited to, all offenses, except parking offenses, as defined in subdivision (i) of Section 1463 of the Penal Code, involving a violation of a section of the Fish and Game Code, the Health and Safety Code, or the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code. Any bail schedule adopted pursuant to Section 1269b of the Penal Code may include the necessary amount to pay the state penalties established by this section, by Section 1464 of the Penal Code, and Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine. After a determination by the court of the amount due, the clerk of the court shall collect the penalty and transmit it immediately to the county treasury and the county treasurer shall transmit these sums as provided in subdivision (f).

surcharge for criminal offenses

(b) In addition to the penalty provided by subdivision (a), for every parking offense where a parking penalty, fine, or forfeiture is imposed, an added state court construction penalty of one dollar and fifty cents (\$1.50) shall be included in the total penalty, fine, or forfeiture. (d) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state court construction penalty prescribed by this section for forfeited bail. If bail is returned, the state court construction penalty paid thereon pursuant to this section shall also be returned.

(e) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the state court construction penalty, the payment of which would work a hardship on the person convicted or his or her immediate family.

(f) Within 45 days after the end of the month that moneys are deposited in the county treasury pursuant to subdivision (a) or (b), the county treasurer shall transmit the moneys to the State Controller, to be deposited in the State Court Facilities Construction Fund.
