Honorable Supervisor,  
I urge you to vote NO to SACOG's plan for El Dorado county.

**By signing on to this commitment to follow SACOG's plan for "Sustainable Development", we will be handing over local control and accountability to an unelected Regional Council to plan and implement future development in our county.**

**Our local government can stay local and make good sustainable living choices while protecting our property rights!**

Hello---we ask that you please vote NO on the plan to join SACOG as a partner. The members of SACOG are not elected by the public, so therefore do not necessarily reflect the desires of the public. They reflect the desires of those who appointed them.

To join SACOG would mean that the people of El Dorado County would be once more be dictated to by a group that does not concern itself with the good of this county. SACOG is interested in Sacramento and in obtaining our money and support to do what they want to do in Sacramento---NOT what we want to do in El Dorado County.

We live in El Dorado County because we do not want to be part of Sacramento. We ask you, please, do not bring them here. And it won't just be the public who will have no say in what SACOG wants. The pressure from them will be intense. It will be all of you, the Board of Supervisors, who will also be steamrollered. Don't you get enough of that now from the State?

Why do you want more?

Respectfully, Leonard and Laurel Stroud

Ron Briggs:

Why are you and the other Supervisors even thinking about something like this? Having Sacramento or any other area telling us here in Placerville how to run our county, we cannot do this or that. We are El Dorado County Tax payers and you guys are thinking of having someone outside of El Dorado County come and tell us what we can do-there is something very wrong here. I am a WWII veteran and this is what I fought for? This is USA in case you and the rest up there have forgotten Ron Briggs you and the rest of the supervisors should vote this down and never ever give our El Dorado County to anyone but us El Dorado County Tax Payers. Ron Briggs I know you will throw this away but Ill let you know how I feel. This is the U.S.A!!!!!!!!!!

Dear Supervisor,

I live in El Dorado County.

I own property in El Dorado County.

I have a small business in El Dorado County.

I am opposed to the signing of a Memorandum of Understanding between El Dorado County and the Sacramento Area Council of Governments.

I submit my opinion that we keep development decisions and control within our county. As responsible officials in this endeavor I hold you personally responsible to protect El Dorado County and keep it independent from takeover or control from outside entities.

Thank you in advance for your vote to carry out this action.
