Dear Commissioners:

<https://www.marijuanamoment.net/pro-legalization-gop-congressman-calls-biden-a-recalcitrant-boomer-on-marijuana-policy/>  
Pro-Legalization GOP Congressman Calls Biden A 'Recalcitrant Boomer' On Marijuana Policy

It is unfortunate that El Dorado County has an outdated sheriff who dislikes cannabis, the entire county follows the sheriff's lead and blatantly violates the voter's will to block the commercial cannabis for 3 years.

Please approve the CUP and Cannabis Annual Operating Permit for CCUP20-0001 Cybele Holding Commercial Cannabis Cultivation and Nursery. It is very past due.

Sincerely,

Jenny Yeh

Dear Commissioners,

I am writing today to voice my support for this project. I have known the owners of Cybele Holdings for 3 years and know them to be good, honest business people who care deeply about their community. My company has done business with Cybele Holdings and they have supported our small business, and so we support their business endeavors. Small business is the backbone of EDC.

Please stand behind what the people of this county have voted for, and support the individuals who take the time to do it legally.

Sincerely,

Chris Lohan

Subject: Letter of Support For 22-0793/CCUP20-0001 Cybele Holding Commercial Cannabis Cultivation and Nursery

Dear Commissioners:

Please approve the CUP and Cannabis Annual Operating Permit for CCUP20-0001 Cybele Holding Commercial Cannabis Cultivation and Nursery.

Cybele Holdings has spent over 2.5 years and a significant amount of money creating the model commercial cannabis cultivation operation. Cybele not only meets all of the county's excessive regulatory requirements, they also will improve the conditions in their neighborhood while mitigating any potential impacts of its operation.

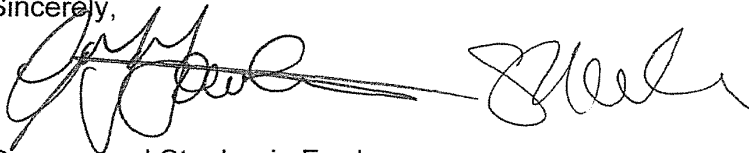

Cybele Holdings has/will:

- ❖ Improve local roads
- ❖ Provide firefighting resources including stored water
- ❖ Provide active security for its property
- ❖ Pay excessive cannabis cultivation taxes to the county
- ❖ Provide new jobs and employment taxes for the county
- ❖ Contribute to community groups
- ❖ Preserves agricultural land

County policymakers can't complain about illegal cannabis businesses if they do not create reasonable licensing paths and if they do not approve cannabis license applications.

Thank you for your attention to this matter.

Sincerely,

Graeme and Stephanie Fowler

To whom it may concern, I am writing on behalf and in support of one of my clients who will be having a hearing on May12,2022. This hearing is regarding his application for a commercial cannabis cultivation license. He has been attempting to obtain this license for some time now and has had much difficulty, having to jump through the various hoops and obstacles to get to where he is now. He is wanting to go into this business and grow cannabis legally, pay taxes like any other legal business and support his family and others who he will hire along the way. I know personally how hard it is to open a business in this county, having opened a restaurant 5 years ago. It takes a lot of patience and money to get approval. I am great full that I have survived and as a result generate a sizable amount of revenue in sales tax as well as payroll and other purchases to run this business. This all benefits our county, and I'm certain, likewise the county will benefit greatly from your approval of this application. Again the hearing is regarding Cybele Holdings CCU P20-0001 Commercial cannabis cultivation Application  
Thank you for your consideration and for hearing me out .Sincerely Robert A Adorjan Thai House, Cameron Park, Ca.

**Subject: Commercial Cannabis Use Permit CCUP20-0001/Cybele Holding Commercial Cannabis Cultivation and Nursery**

Dear Planning Commissioners:

Please accept this correspondence as a letter of support for Mr. Lee Tannenbaum and the Cybele Holding Commercial Cannabis Cultivation and Nursery. Mr. Tannenbaum has applied for a commercial cannabis use permit for the construction and operation of a cannabis cultivation and nursery facility for medicinal and adult-use recreational cannabis. I have personally known Mr. Tannenbaum for over 4 years and believe he is a person of high character and integrity. Mr. Tannenbaum and myself are neighbors and reside in El Dorado County. Mr. Tannenbaum has worked very hard to ensure to meet all of the criteria and requirements necessary to ensure that this new business is professional and above reproach.

I am a recently retired law enforcement official with 32 years of service. I served as Police Chief for the Redwood City Police Department. I also served as a Captain with the San Jose Police Department for over 25 years. As Police Chief in Redwood City, I was able to oversee and witness the implementation of a successful Cannabis Business Permit Program. The programs review, scoring and selection process coupled with efficient background checks allowed for positive economic gains with negligible crime issues. I am confident that with the proper controls in place El Dorado County will also benefit economically from commercial cannabis businesses.

I know Mr. Tannenbaum to be a man of strong moral character who treats others with professionalism, courtesy and respect. He has been highly successful in his professional career and I am confident that with his exceptional analytical and business skills this new proposed business venture will be equally successful.

Thank you for your consideration on this matter. Please feel free to contact me if you have any further questions or concerns.

Sincerely,

*JR Gamez*
