RECITALS

WHEREAS, the University desires to obtain the services of the Service Provider; and

WHEREAS, the Service Provider claims to have expertise and experience to provide such services for the University;

THEREFORE, the University and the Service Provider hereby agree to the following terms, obligations and conditions

:

1. Description of Services. The Service Provider agrees to perform such professional services, with the standard of professional care and skill customarily provided in the performance of such services, and shall use its best efforts to render the services and provide the deliverables identified in an attached proposal and/or scope of work for each engagement which references this Agreement, and in accordance with the supplemental terms attached hereto as Attachment A and Appendix A. The Service Provider agrees to perform the Services to the satisfaction of the University during the term of this Agreement. The attachments, appendices, addendums, any exhibits and schedules hereto are an integral part of this Agreement and are deemed incorporated by reference herein.

2. Payment. In full consideration for the Services performed by the Service Provider under this Agreement, the University shall pay or cause to be paid to the Service Provider the total fee and any incidentals pursuant to the schedule identified in attached documents, including but not limited to quotes and order forms, to this Agreement, attached hereto and incorporated by reference herein, and upon submission of an invoice to University by the Service Provider. Any additional incidental or reimbursable expenses not described in Exhibit A must be agreed to in writing by an authorized University representative. Along with its invoice, the Service Provider shall submit adequate receipts and documentation as requested by the University to support reimbursement of all previously agreed upon incidental or reimbursable expenses. Service Provider is expected to comply with applicable policies and procedures, including but not limited to those stated within the University of Nebraska Travel Policy (accessible at

<https://nebraska.edu/-/media/unca/docs/offices-and-policies/policies/policies/university-of-nebraska-travel-policy.pdf>). The University, in its sole discretion, may decline to reimburse incidental or reimbursable expenses that fail to comply with applicable policies and procedures. All payments due to Service Provider shall be made on a net 30 day basis. The Service Provider agrees that it is solely responsible for payment of income, social security, and other employment taxes due to the proper taxing authorities, and that the University will not deduct such taxes from any payments to the Service Provider hereunder, unless required by law.

3. Term. The term of this Agreement shall begin on the date fully executed and remain in place for five (5) year(s). The contract may be renewed, by mutual agreement of both parties, in writing for three (3) additional one (1) year periods upon completion of the initial base contract period, provided written mutual concurrence of both parties is exercised in writing prior to the expiration of the existing contract. The length of the contract in its entirety will not exceed eight (8) years ("Term"). The University of Nebraska reserves the right to contract certain work as needed to provide emergency or timely services, introduction of new technology and/or as a result of general market conditions.

4. Confidentiality. "Confidential Information" shall mean any materials, written information, and data marked "Confidential" by the University, non-written information and data disclosed by the University that is identified at the time of disclosure to the Service Provider as confidential and is reduced to writing and transmitted to the Service Provider within thirty (30) days of such non-written disclosure, or information that, given the nature of the information or circumstances surrounding disclosure, should reasonably be understood to be confidential. The Service Provider agrees to use the same degree of care it uses to protect its own confidential information

and, to the extent permitted by law, to maintain the Confidential Information in strict confidence for a period of three (3) years from the date of termination of this Agreement. The obligations of this paragraph do not apply to information in the public domain or information that is independently known, obtained or discovered by the Service Provider, or that is hereafter supplied to the Service Provider by a third party without restriction.

5. Ownership Intellectual Property Rights.

Service Provider owns and reserves all right, title, and interest in goods and services and suggestions to Service Provider, including all related intellectual property rights. The University will not intentionally cause any Service Provider proprietary rights to be violated.

6. Termination. In the event that either party commits a material breach of this Agreement and fails to remedy or cure such breach within thirty (30) days after receipt of written notice thereof from the non-breaching party, the non-breaching party may, at its option and in addition to any other remedies which it may have at law or in equity, terminate this Agreement by sending written notice of termination to the other party. Such termination shall be effective as of the date of its receipt. Additionally, the University may terminate this Agreement for its convenience upon thirty (30) days prior written notice to the Service Provider. Upon any termination, the University shall promptly pay the Service Provider for all services rendered and costs incurred up to and including the effective date of termination or Service Provider will refund to University a prorated share of any prepaid fees.

7. Representations and Warranties. The Service Provider represents and warrants that in performing the Services it will not be in breach of any agreement with a third party. The Service Provider agrees to hold University and its respective assigns and licensees harmless from any loss, damage or expense, including court costs and reasonable attorneys' fees, that University and its assigns and licensees may suffer as a result of a breach or alleged breach of the foregoing warranties or as a result of claims or actions of any kind or nature resulting from the provision of the Services or any infringement of any United States patent, copyright, trade infringement, or other intellectual property right arising out of the manufacture, delivery and use of any goods or Services by the University. Service Provider's indemnification obligations within this paragraph do not extend to claims do not apply to claims based on (a) modification of the goods or services by the University or a third party not approved by Service Provider; (b) use of the goods or services in combination with hardware or services not approved by Service Provider; (c) use of goods or services in a manner other than as permitted in this Agreement; or (d) use of infringing software that is not the most current release provided by Service Provider.

Revised November 2020

Each party warrants and represents that it has full power and authority to enter into and perform this Agreement, and that the person signing this Agreement on behalf of each party has been properly authorized and empowered to enter into this Agreement.

8. Independent Service Provider. The Service Provider is an independent Service Provider and is solely responsible for maintenance and payment of any and all taxes, insurances and the like that may be required by federal, state or local law with respect to any sums paid hereunder. The Service Provider is not the University's agent or representative and has no authority to bind or commit the University to any agreements or other obligations.

9. Liability. Service Provider agrees to indemnify and hold the University, its regents, officers, employees, agents and students, harmless from any loss, claim, damage or liability of any kind brought by a third party, to the extent arising out of or in connection with the negligent or willfully wrongful performance of the Services by the Service Provider.

10. Insurance. The Service Provider shall at its own expense obtain and maintain throughout the term of this Agreement general commercial liability insurance against claims for bodily injury, death and property damage with limits of not less than one million dollars (\$1,000,000) per occurrence, and three million dollars (\$3,000,000) general aggregate, naming The Board of Regents of the University of Nebraska as an additional insured, to cover such liability caused by, or arising out of, activities of the Service Provider and its agents and/or employees while engaged in or preparing for the provision of the Services. The Service Provider shall furnish to the University certificates of insurance evidencing that such insurance has been procured prior to commencement of such work.

11. Assignment. This Agreement is non-assignable and non-transferrable. Any attempt by either party to assign its obligations hereunder shall be void. The foregoing restriction on assignment shall not apply to a transfer to any of Service Provider's affiliates or to any successor corporation as the result of a merger, acquisition or internal reorganization.

12. Amendment. This Agreement constitutes the entire understanding between the Service Provider and the University with respect to the subject matter hereof and may not be amended except by an agreement signed by the Service Provider and an authorized representative of the University.

13. Governing Law and Forum. This Agreement shall be governed by the laws of the State of Nebraska without giving effect to its conflicts of laws provisions. Any legal actions brought by either party hereunder shall be in the District Court of Lancaster County, Nebraska.

14. Conflict of Interest. No article or service shall be

purchased from any University faculty or staff member without prior approval by the Vice Chancellor of Business and Finance and any such approved purchase shall comply fully with the requirements of the conflict of interest provisions of the Nebraska Political Accountability and Disclosure Act, Neb. Rev. Stat., §§ 49-1493 through 49-14,104.

Service Provider certifies, to the best of its knowledge and belief, that there are no potential organizational conflicts of interest related to this Agreement. If Service Provider cannot so certify, it shall provide a disclosure statement to the University, which describes all relevant information concerning any potential conflict of interest under this Agreement. In the event the potential conflict of interest cannot be resolved, the University may declare this Agreement void and of no further force or effect and the University shall have no further obligations hereunder.

15. Personal Use Prohibited. University funds shall not be expended for articles or services which are for the personal use of staff or faculty members.

16. Work Status Verification. The Service Provider and its subcontractors shall use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska pursuant to Neb. Rev. Stat. §§ 4-108 to 4-114 as amended.

17. Debarment List. No contract shall be awarded to any Service Provider/Bidder listed on the General Services Administration's List of Parties Excluded from Federal Procurement or Nonprocurement Programs in accordance with Executive Orders 12549 and 12689, "Debarment and Suspension," (the "Debarment List"). For contracts which in the aggregate exceed \$25,000, Service Provider/Bidder specifically warrants and represents that it is not included on the Debarment List. Service Provider/Bidder further agrees that should it be included on the Debarment List at the time the contract/proposal is awarded, or at any time during which it performs its contractual obligations pursuant to the contract, such listing shall be considered a material breach of the contract between the University and the Service Provider.

18. Change Proposals. Material changes in scope, rush delivery, rework of items already approved or requests for additional revision cycles, services and/or deliverables beyond those listed herein hereafter known as change orders, shall not be effective until authorized representatives of both Parties execute a mutually acceptable written change order to this Agreement. Any fees arising from change orders, additional services, or deliverables not reflected herein will be invoiced upon completion. Change

orders agreed to by email shall be valid and enforceable as if made part of this Agreement.

19. Taxpayer Transparency Act. Pursuant to Nebraska's Taxpayer Transparency Act (Neb. Rev. Stat. §84-602.01, as may be amended), as of July 1, 2014, the University of Nebraska is required to provide the Nebraska Department of Administrative Services with a copy of each contract that is a basis for an expenditure of state funds, including any documents incorporated by reference in the contract. Copies of all such contracts and documents are published by the Nebraska Department of Administrative Services at www.nebraskaspending.gov. It shall be the sole responsibility of the Service Provider to notify the University of any redactions to such contracts and documents under Neb. Rev. Stat. 84-712.05(3) prior to contract execution. In addition, Supplier agrees to defend any challenge to such redactions at its own expense.

20. Equal Opportunity. This Service Provider and subcontractors shall abide by the requirements of 41 CFR 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered Service Providers and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or veteran status.

21. Nondiscrimination. In accordance with the Nebraska Fair Employment Practice Act, Neb. Rev. Stat. §48-1122, Service Provider agrees that neither it nor any of its subcontractors shall discriminate against any employee, or applicant for employment to be employed in the performance of this Agreement, with respect to hire, tenure, terms, conditions or privilege of employment because of the race, color, religion, sex, disability, or national origin of the employee or applicant.

22. Logos or University Marks. The Service Provider shall not use or display any University campus name, logo, trademark, service mark (individually a "Mark" and collectively the "Marks") and/or other indicia designated by the University as a source identifier, unless expressly authorized in writing by the University. Any unauthorized use of University Marks is expressly prohibited.

23. Right to Audit Privilege. The University reserves the right to audit or inspect work performed by the Service Provider under this Agreement. The University may participate directly or through an appointed representative, e.g. external auditor, in order to verify that the Services related to this Agreement have been performed in accordance to the

procedures indicated.

24. Continuation of Services. Service Provider agrees to continue to honor its ongoing obligations under this Agreement without interruption in the event of a bonafide dispute concerning payment or a dispute concerning any provision of this Agreement which may include time spent negotiating renewals.

25. Purchase Order Requirement. A Purchase Order shall be issued by the University to the Service Provider for payment in accordance with the terms of this Agreement. All invoice(s) submitted by the Service Provider shall make reference to the appropriate Purchase Order number to be eligible for payment.

26. Compliance. Service Provider will comply with all applicable laws, rules, regulations, ordinances and University policies in providing the Services.

27. Incorporation and Priority of Documents. Each document that is ancillary to this Agreement (including without limitation any solicitation, purchase order, addendum, exhibit, appendix, bid, proposal, quotation, or statement of work) ("Ancillary Document") constitutes part of this Agreement if the Ancillary Document is signed by an authorized signatory from each party. Notwithstanding the foregoing, any Ancillary Document attached to the Agreement at execution

constitutes part of this Agreement without execution of the Ancillary Document by the parties.

Notwithstanding any provision to the contrary in any of the following documents, precedence is established by the order of the following documents: 1) duly executed amendments to this Agreement (to the extent not superseded by a subsequent amendment); 2) this Agreement and any solicitation, purchase order, addendum, exhibit, attachment, or appendix issued by the University and incorporated by reference into this Agreement; and 3) each bid, proposal, quotation, statement of work, or other Ancillary Document incorporated by reference into this Agreement. In the event of conflicting or inconsistent provisions between any of the foregoing documents, a document identified with a lower numerical value in this section shall supersede a document identified with a higher numerical value in this section to the extent necessary to resolve any such conflict or inconsistency. Provided, however, that in the event an issue is addressed in one of the foregoing documents but is not addressed in another of such documents, no conflict or inconsistency shall be deemed to occur. Where terms and conditions specified in the Service Provider's bid, proposal, or quotation differ from the terms and conditions in University's solicitation, the terms and conditions in the solicitation shall apply. Where terms and conditions specified in the Service Provider's bid, proposal, or quotation supplement the terms and conditions in University's solicitation, the supplemental terms and conditions shall apply only if specifically accepted by University in writing.

Attachment A to University of Nebraska Master Agreement

This Master Services and Purchasing Agreement (“**Agreement**”) is between Axon Enterprise, Inc., a Delaware corporation (“**Axon**”), and the Board of Regents of the University of Nebraska (“**Agency**”). This Agreement is effective as of the later of the (a) last signature date on this Agreement or (b) signature date on the Quote (“**Effective Date**”). Axon and Agency are each a “**Party**” and collectively “**Parties**”. This Agreement governs Agency’s purchase and use of the Axon Devices and Services detailed in the Quote Appendix (“**Quote**”). It is the intent of the Parties that this Agreement, together with the University of Nebraska Master Agreement (“**Master Agreement**”) to which it is attached, act as a master agreement governing all subsequent purchases by Agency for the same Axon products and services in the Quote, and all such subsequent quotes accepted by Agency shall be also incorporated into this Agreement by reference as a Quote. The Parties therefore agree as follows:

1 **Definitions.**

“**Agency Content**” has the meaning given in Axon Cloud Services Terms of Use Appendix. Axon recognizes and agrees that Agency Content may contain Personal Data, even if the presence of such data is not disclosed and even if such data is not labeled or otherwise identified.

“**Axon Cloud Services**” means Axon’s web services for Axon Evidence, Axon Records, Axon Dispatch, and interactions between Evidence.com and Axon Devices or Axon client software. Axon Cloud Service excludes third-party applications, hardware warranties, and my.evidence.com.

“**Axon Device**” means all hardware provided by Axon under this Agreement.

“**Personal Data**” has the meaning given in Axon Cloud Services Terms of Use Appendix.

“**Non-Content Data**” has the meaning given in Axon Cloud Services Terms of Use Appendix.

“**Quote**” means an offer to sell and is only valid for devices and services on the quote at the specified prices. Any terms within Agency’s purchase order in response to a Quote will be void. Orders are subject to prior credit approval. Changes in the deployment estimated ship date may change charges in the Quote. Shipping dates are estimates only. Axon is not responsible for typographical errors in any offer by Axon, and Axon reserves the right to cancel any orders resulting from such errors.

“**Services**” means all services provided by Axon under this Agreement, including software, Axon Cloud Services, and professional services.

2 **Term and Survival.** This Term of the Master Agreement shall be as detailed therein (“**Term**”).

All subscriptions purchased under this Agreement including Axon Evidence, Axon Fleet, Officer Safety Plans, Technology Assurance Plans, and TASER 7 plans begin upon the date specified in the relevant Quote. Each subscription term ends upon completion of the subscription stated in the Quote (“**Subscription Term**”). If a subscription has not yet expired or been terminated at the end of the Term of the Master Agreement (as may have been extended), such subscription does not terminate and will continue to be governed by the terms of the Agreement and Master Agreement until the subscription’s expiration or termination.

3 **Payment.** Axon invoices upon shipment. Payment is due net 30 days from the invoice date. Payment obligations are non-cancelable. Agency will pay invoices without setoff, deduction, or withholding. If Axon sends a past due account to collections, Agency is responsible for collection and attorneys’ fees.

4 **Taxes.** Agency shall provide Axon a valid tax exemption certificate.

5 **Shipping.** Axon may make partial shipments and ship Axon Devices from multiple locations. All shipments are FOB shipping point via common carrier. Title and risk of loss pass to Agency upon Axon’s delivery to the common carrier. Agency is responsible for any shipping charges in the Quote.

6 **Returns.** All sales are final. Axon does not allow refunds or exchanges, except warranty returns or as provided by state or federal law.

7 **Warranty.**

Title: [Title]

Attachment A to University of Nebraska Master Agreement

7.1 Hardware Limited Warranty. Axon warrants that Axon-manufactured Devices are free from defects in workmanship and materials for 1 year from the date of Agency's receipt, except Signal Sidearm, which Axon warrants for 30 months from the date of Agency's receipt. Axon warrants its Axon-manufactured accessories for 90-days from the date of Agency's receipt. Used conducted energy weapon ("CEW") cartridges are deemed to have operated properly. Extended warranties run from the expiration of the 1-year hardware warranty through the extended warranty term. Non-Axon manufactured Devices are not covered by Axon's warranty. Agency should contact the manufacturer for support of non-Axon manufactured Devices.

7.2 Claims. If Axon receives a valid warranty claim for an Axon manufactured Device during the warranty term, Axon's sole responsibility is to repair or replace the Device with the same or like Device, at Axon's option. A replacement Axon Device will be new or like new. Axon will warrant the replacement Axon Device for the longer of (a) the remaining warranty of the original Axon Device or (b) 90-days from the date of repair or replacement.

If Agency exchanges a device or part, the replacement item becomes Agency's property, and the replaced item becomes Axon's property. Before delivering a Axon Device for service, Agency must upload Axon Device data to Axon Evidence or download it and retain a copy. Axon is not responsible for any loss of software, data, or other information contained in storage media or any part of the Axon Device sent to Axon for service.

7.3 Spare Axon Devices. For qualified purchases, Axon may provide Agency a predetermined number of spare Axon Devices as detailed in the Quote ("**Spare Axon Devices**"). Spare Axon Devices are intended to replace broken or non-functioning units while Agency submits the broken or non-functioning units, through Axon's warranty return process. Axon will repair or replace the unit with a replacement Axon Device. Title and risk of loss for all Spare Axon Devices shall pass to Agency in accordance with shipping terms under Section 5. Axon assumes no liability or obligation in the event Agency does not utilize Spare Axon Devices for the intended purpose.

7.4 Limitations. Axon's warranty excludes damage related to: (a) failure to follow Axon Device use instructions; (b) Axon Devices used with equipment not manufactured or recommended by Axon; (c) abuse, misuse, or intentional damage to Axon Device; (d) force majeure; (e) Axon Devices repaired or modified by persons other than Axon without Axon's written permission; or (f) Axon Devices with a defaced or removed serial number.

7.4.1 To the extent permitted by law, the above warranties and remedies are exclusive. Axon disclaims all other warranties, remedies, and conditions, whether oral, written, statutory, or implied. If statutory or implied warranties cannot be lawfully disclaimed, then such warranties are limited to the duration of the warranty described above and by the provisions in this Agreement.

7.4.2 Except to the extent such limitations are prohibited by applicable law, Axon's cumulative liability to any Party for any loss or damage resulting from any claim, demand, or action arising out of or relating to any Axon Device or Service will not exceed \$500,000.00. Neither Party will be liable for special, indirect, incidental, punitive or consequential damages, however caused, whether for breach of warranty or contract, negligence, strict liability, tort or any other legal theory.

8 Statement of Work. Certain Axon Devices and Services, including Axon Interview Room, Axon Channel Services, and Axon Fleet, may require a Statement of Work that details Axon's Service deliverables ("**SOW**"). In the event Axon provides an SOW to Agency, Axon is only responsible to perform Services described in the SOW. Additional services are out of scope. The Parties must document scope changes in a written and signed change order. Changes may require an equitable adjustment in fees or schedule. The SOW is incorporated into this Agreement by reference.

9 Axon Device Warnings. See www.axon.com/legal for the most current Axon Device warnings.

10 Design Changes. Axon may make design changes to any Axon Device or Service without notifying Agency or making the same change to Axon Devices and Services previously purchased by Agency, provided that it does not materially derogate the overall quality of the Services. Axon will notify the Agency of design

Attachment A to University of Nebraska Master Agreement

change, at the same time it notifies its general customer base, in the event such design change is in response to a known product defect.

- 11 **Bundled Offerings.** Some offerings in bundled offerings may not be generally available at the time of Agency's purchase. Axon will not provide a refund, credit, or additional discount beyond what is in the Quote due to a delay of availability or Agency's election not to utilize any portion of an Axon bundle.
- 12 **Insurance.** Axon will maintain General Liability, Workers' Compensation, and Automobile Liability insurance. Upon request, Axon will supply certificates of insurance, as described in the Master Agreement.
- 13 **Indemnification.** Axon will indemnify Agency, Agency's officers, directors, and employees ("**Agency Indemnitees**") against all claims, demands, losses, and reasonable expenses arising out of a third-party claim against an Agency Indemnatee resulting from any negligent act, error or omission, or willful misconduct by Axon under this Agreement, except to the extent of Agency's negligence or willful misconduct, or claims under workers compensation.
- 14 **IP Rights.** Axon owns and reserves all right, title, and interest in Axon devices and services and suggestions to Axon, including all related intellectual property rights. Agency will not cause any Axon proprietary rights to be violated.
- 15 **IP Indemnification.** Axon will indemnify Agency Indemnitees against all claims, losses, and reasonable expenses from any third-party claim alleging that the use of Axon Devices or Services infringes or misappropriates the third-party's intellectual property rights (an "Indemnifiable Claim"). Agency must promptly provide Axon with written notice of such claim, tender to Axon the defense or settlement of such claim at Axon's expense and cooperate fully with Axon in the defense or settlement of such claim. Axon's IP indemnification obligations do not apply to claims based on (a) modification of Axon Devices or Services by Agency or a third-party not approved by Axon; (b) use of Axon Devices and Services in combination with hardware or services not approved by Axon; (c) use of Axon Devices and Services other than as permitted in this Agreement; or (d) use of Axon software that is not the most current release provided by Axon.

In case of any indemnifiable claim under Section 15, Axon shall, at its own option, promptly:

- 15.1 Secure for Agency the right to continue using the Services;
- 15.2 Replace or modify the Services to make it non-infringing, provided such modification or replacement does not materially degrade any functionality listed in the functional and technical specifications set forth in this Agreement of the documentation for the Services; or
- 15.3 If such remedies are not commercially practical in Axon's reasonable opinion, refund the fee paid for the Services for every month remaining in the term of the Agreement following the date after which Agency ceases using the Services.

If Axon exercises its rights pursuant to subsection 15.3, Agency shall promptly cease all use of the Services.

- 16 **Agency Responsibilities.** Agency is responsible for (a) Agency's use of Axon Devices (b) breach of this Agreement or violation of applicable law by Agency or an Agency end user; and (c) a dispute between Agency and a third-party over Agency's use of Axon Devices, except for Indemnifiable Claims under Section 15.
- 17 **Termination.**
 - 17.1 **For Breach.** A Party may terminate this Agreement for cause if it provides 30 days written notice of the breach to the other Party, and the breach remains uncured at the end of 30 days. If Agency terminates this Agreement due to Axon's uncured breach, Axon will refund prepaid amounts on a prorated basis based on the effective date of termination.
 - 17.2 **By Agency.** If sufficient funds are not appropriated or otherwise legally available to pay the fees, Agency may terminate this Agreement. Agency will deliver notice of termination under this section

Attachment A to University of Nebraska Master Agreement

as soon as reasonably practicable.

17.3 Effect of Termination. Upon termination of this Agreement, Agency rights immediately terminate. Agency remains responsible for all fees incurred before the effective date of termination. If Agency purchases Axon Devices for less than the manufacturer's suggested retail price ("**MSRP**") and this Agreement terminates before the end of the Term, Axon will invoice Agency the difference between the MSRP for Axon Devices received, including any Spare Axon Devices, and amounts paid towards those Axon Devices. Only if terminating for non-appropriation, Agency may return Axon Devices to Axon within 30 days of termination. MSRP is the standalone price of the individual Axon Device at the time of sale. For bundled Axon Devices, MSRP is the standalone price of all individual components.

18 Confidentiality. "**Confidential Information**" means information designated as confidential or, given the nature of the information or circumstances surrounding disclosure, should reasonably be understood to be confidential. Each Party will take reasonable measures to avoid disclosure, dissemination, or unauthorized use of the other Party's Confidential Information. Unless required by law, neither Party will disclose the other Party's Confidential Information during the Term and for 1-year thereafter. If Agency receives a public records request to disclose Axon Confidential Information, to the extent allowed by law, Agency will provide notice to Axon before disclosure. Such disclosure shall not be a violation of this Section 18. Axon may publicly announce information related to this Agreement.

19 Use and Disclosure of Agency Content. Axon may access and use Agency Content solely as necessary to provide the Services to Agency, and unless it receives Agency's prior written consent, Axon: (1) shall not access or use Agency Data for any purpose other than to provide the Services, consistent with its Cloud Services Privacy Policy attached hereto; and (2) shall not give any third-party access to Agency Data, except subcontractors subject to section 26 and Axon's Cloud Services Privacy Policy attached hereto.

20 Injunction and Enforcement. Axon agrees that: (1) no adequate remedy exists at law if it fails to perform or breaches any of its obligations in this Agreement; (2) it would be difficult to determine the damages resulting from its breach of this Agreement, and such breach would cause irreparable harm to Agency; and (3) a grant of injunctive relief provides the best remedy for any such breach, without any requirement that Agency prove actual damage or post a bond or other security. Axon waives any opposition to such injunctive relief or any right to such proof, bond, or other security. Axon's obligations in this Agreement (without limitation) apply likewise to Axon's successors, including without limitation to any trustee in bankruptcy. (This section does not limit either party's right to injunctive relief from breaches not listed.)

21 Privacy and Security Law Compliance. Axon shall comply with all applicable laws and regulations, governing Axon's access to, use of, and handling of Agency Content.

22 Approved Region and Data Centers. Axon shall not transfer Agency Content (or allow its subcontractors to transfer Agency Content) outside the United States unless it receives Agency's prior written consent.

23 Agency Access. Agency may access and copy any Agency Content in Axon's possession at any time. Axon shall reasonably facilitate such access and copying promptly after Agency's request, provided Axon may charge its reasonable then-standard fees for any such access and copying or for any related deconversion of data.

24 Deletion. Except as set forth in this Agreement, Axon shall not erase Agency Content or any copy thereof without Agency's prior written consent. Further, Axon shall: (1) halt Agency Content deletion promptly if Agency informs Axon that any Agency Content is subject to electronic discovery or otherwise relevant to potential litigation; and (2) at such times as Agency may request (including without limitation as a result of Consumer Requests made mandatory by applicable law), promptly erase all Agency Content from all systems under Axon's control and direct and ensure erasure by any and all of its subcontractors that have access to Agency Content. In erasing Agency Content as required by the Agreement, Axon shall leave no data readable, decipherable, or recoverable on its computers or other media or those of its subcontractors, using the best erasure methods commercially feasible. Upon request after any erasure of Agency Content or any part of it, Axon shall certify such erasure to Agency in writing.

Attachment A to University of Nebraska Master Agreement

- 25 General Security.** Without limiting the generality of its obligations elsewhere in this Agreement, Axon shall exercise commercially reasonable efforts to prevent unauthorized exposure or disclosure of Agency Content.
- 26 Employees and Subcontractors.** Axon shall not permit any of its employees, subcontractors, or subcontractor employees to access Agency Content except to the extent that such individual or company needs access to facilitate the Services and is subject to a reasonable written agreement with Axon, or in case of employees, a reasonable written employment policy protecting such data, with terms consistent with those of this Agreement.
- 27 Audits.** Axon shall retain a certified public accounting firm to perform an annual audit of the data protection features of the Services and to provide a SOC 2 Type II report, pursuant to the then-current standards of the American Institute of Certified Public Accountants (the "AICPA"). If the AICPA revises its relevant reporting standards, Axon shall retain such accounting firm to provide the report that then most resembles a SOC 2 Type II report. In addition, Axon shall annually conduct its own internal security audit and address security gaps. Axon shall give Agency a copy of the most current report from each audit listed above upon request.
- 28 Audit and Test Results.** Any report or other result generated through the tests or audits required by section 27 of this Agreement will be Axon's Confidential Information pursuant to section 18 of this Agreement. If any audit or test referenced above uncovers deficiencies or identifies suggested changes in Axon's provision of the Services, Axon shall exercise reasonable efforts promptly to address such deficiencies and changes, including without limitation by revising the information security program described in section 4 of the Axon Cloud Services Terms of Use Appendix.
- 29 Data Incidents.** Axon shall implement and maintain a program for managing unauthorized disclosure of, access to, or use of Agency Content (a "Data Incident"). In case of a Data Incident, or if Axon suspects a Data Incident, Axon shall: (1) promptly, and in any case within forty-eight (48) hours, notify Agency by telephone, in person, or by other real-time, in-person communication; (2) cooperate with Agency and law enforcement agencies, where applicable, to investigate and resolve the Data Incident, including without limitation by providing reasonable assistance to Agency in notifying injured third parties; and (3) otherwise comply with applicable laws governing data breach notification and response, including Neb. Rev. Stat. §§ 87-801 through 87-808. In addition, if the Data Incident results from Axon's breach of the Agreement or negligent or unauthorized act or omission, including without limitation those of its subcontractors or other agents, Axon shall (a) compensate Agency for any reasonable expense related to notification of consumers and (b) provide one (1) year of credit monitoring service to any affected individual. Axon shall give Agency prompt access to such records related to a Data Incident as Agency may reasonably request, and such records will be Axon's Confidential Information pursuant to section 18 (Confidentiality) of this Agreement; provided Axon is not required to give Agency access to records that might compromising the security of Axon's other customers. This section does not limit Agency's other rights or remedies, if any, resulting from a Data Incident.

- 30.7** Axon has the full right and authority to enter into, execute, and perform its obligations under this Agreement and to the best of its knowledge, as of the date of original signature on the Master Agreement, no pending or threatened claim or litigation known to Axon would have a material adverse impact on its ability to perform as required by this Agreement; and
- 30.8** The Services and any media used to distribute it contain no viruses or other computer instructions or technological means intended to disrupt, damage, or interfere with the use of computers or related systems;
- 30.9** Axon's performance of the Services will comply with all applicable laws, including without limitation federal, national, state, provincial, and local.

- 31 Axon Cloud Services Service Levels.** Axon shall make commercially reasonable efforts to make Axon Cloud Services available 99.99% of the time. In the event that Axon fails to make Axon Cloud Services available to the defined Monthly Uptime Percentage set forth below, Agency may be entitled to Service Credits, which are awarded as days of Axon Cloud Services usage added to the end of the Subscription Term at no charge to Agency, as further set forth in the attached Service Level Agreement.

Monthly Uptime Percentage	Service Credits in Days
Less than 99.9%	3
Less than 99.0%	7

- 32 Breach of Professional Services Warranty.** In case of breach of the warranty in subsection 30.6, Axon, at its own expense, shall promptly re-perform the professional services in question. The preceding sentence, in conjunction with Agency's right to terminate the Agreement where applicable, states Agency's sole remedy and Axon's entire liability for breach of the warranty in subsection 30.6.
- 33 Third-Party Terms.** Use of software or services other than those provided by Axon is solely governed by the terms, if any, entered into between Agency and the respective third-party provider.

Axon Cloud Services Terms of Use Appendix

1 **Definitions.**

“Agency Content” is data uploaded into, ingested by, or created in Axon Cloud Services within Agency’s tenant, including media or multimedia uploaded into Axon Cloud Services by Agency. Agency Content includes Evidence but excludes Non-Content Data.

“Evidence” is media or multimedia uploaded into Axon Evidence as 'evidence' by an Agency. Evidence is a subset of Agency Content.

“Non-Content Data” is data, configuration, and usage information about Agency’s Axon Cloud Services tenant, Axon Devices and client software, and users that is transmitted or generated when using Axon Devices. Non-Content Data includes data about users captured during account management and customer support activities. Non-Content Data does not include Agency Content.

“Personal Data” means any information relating to an identified or identifiable natural person. An identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

2 **Access.** Upon Axon granting Agency a subscription to Axon Cloud Services, Agency may access and use Axon Cloud Services to store and manage Agency Content. Agency may not exceed more end users than the Quote specifies. Axon Air requires an Axon Evidence subscription for each drone operator. For Axon Evidence Lite, Agency may access and use Axon Evidence only to store and manage TASER CEW and TASER CAM data (**“TASER Data”**). Agency may not upload non-TASER Data to Axon Evidence Lite.

3 **Agency Owns Agency Content.** Agency controls and owns all right, title, and interest in Agency Content. Except as outlined herein, Axon obtains no interest in Agency Content, and Agency Content is not Axon’s business records. Agency is solely responsible for uploading, sharing, managing, and deleting Agency Content. Axon will only have access to Agency Content for the limited purposes set forth herein. Agency agrees to allow Axon access to Agency Content to (a) perform troubleshooting, maintenance, or diagnostic screenings; and (b) enforce this Agreement or policies governing use of the Axon products.

4 **Security.** Axon will implement commercially reasonable and appropriate measures to secure Agency Content against accidental or unlawful loss, access or disclosure. Axon will maintain a comprehensive information security program to protect Axon Cloud Services and Agency Content including logical, physical access, vulnerability, risk, and configuration management; incident monitoring and response; encryption of uploaded digital evidence; security education; and data protection. Axon agrees to the Federal Bureau of Investigation Criminal Justice Information Services Security Addendum.

5 **Agency Responsibilities.** Agency is responsible for (a) ensuring Agency owns Agency Content; (b) ensuring no Agency Content or Agency end user’s use of Agency Content or Axon Cloud Services violates this Agreement or applicable laws; and (c) maintaining necessary computer equipment and Internet connections for use of Axon Cloud Services. If Agency becomes aware of any violation of this Agreement by an end user, Agency will immediately terminate that end user’s access to Axon Cloud Services.

Agency will also maintain the security of end user names and passwords and security and access by end users to Agency Content. Agency is responsible for ensuring the configuration and utilization of Axon Cloud Services meet applicable Agency regulation and standards. Agency may not sell, transfer, or sublicense access to any other entity or person. Agency shall contact Axon immediately

Master Services and Purchasing Agreement

if an unauthorized party may be using Agency's account or Agency Content, or if account information is lost or stolen.

To the extent Agency uses the Axon Cloud Services to interact with YouTube®, such use may be governed by the YouTube Terms of Service, available at <https://www.youtube.com/static?template=terms>.

- 6 **Privacy.** Agency's use of Axon Cloud Services is subject to the Axon Cloud Services Privacy Policy, which is incorporated by reference into and appended to this Agreement. Agency agrees to allow Axon access to Non-Content Data from Agency to (a) perform troubleshooting, maintenance, or diagnostic screenings; (b) provide, develop, improve, and support current and future Axon products and related services; and (c) enforce this Agreement or policies governing the use of Axon products. Notwithstanding the provisions anything to the contrary in this Agreement, Axon may disclose Agency Content or Non-Content Data as required by applicable law or by proper legal or governmental authority. Axon shall give Agency prompt notice of any such legal or governmental demand and reasonably cooperate with Agency in any effort to seek a protective order or otherwise to contest such required disclosure, at Agency's expense. No revision of Axon's privacy policy will alter Agency's rights and remedies in this Agreement.
- 7 **Axon Body 3 Wi-Fi Positioning.** Axon Body 3 cameras offer a feature to enhance location services where GPS/GNSS signals may not be available, for instance, within buildings or underground. Agency administrators can manage their choice to use this service within the administrative features of Axon Cloud Services. If Agency chooses to use this service, Axon must also enable the usage of the feature for Agency's Axon Cloud Services tenant. Agency will not see this option with Axon Cloud Services unless Axon has enabled Wi-Fi Positioning for Agency's Axon Cloud Services tenant. When Wi-Fi Positioning is enabled by both Axon and Agency, Non-Content and Personal Data will be sent to Skyhook Holdings, Inc. ("Skyhook") to facilitate the Wi-Fi Positioning functionality. Data controlled by Skyhook is outside the scope of the Axon Cloud Services Privacy Policy and is subject to the Skyhook Services Privacy Policy.
- 8 **Storage.** For Axon Unlimited Device Storage subscriptions, Agency may store unlimited data in Agency's Axon Evidence account only if data originates from Axon Capture or the applicable Axon Device. Axon may charge Agency additional fees for exceeding purchased storage amounts. Axon may place Agency Content that Agency has not viewed or accessed for 6 months into archival storage. Agency Content in archival storage will not have immediate availability and may take up to 24 hours to access.
- 9 **Location of Storage.** Axon may transfer Agency Content to third-party subcontractors for storage. Axon will determine the locations of data centers for storage of Agency Content. For United States agencies, Axon will ensure all Agency Content stored in Axon Cloud Services remains within the United States. Ownership of Agency Content remains with Agency.
- 10 **Suspension.** Axon may temporarily suspend Agency's or any end user's right to access or use any portion or all of Axon Cloud Services immediately upon notice, if Agency or end user's use of or registration for Axon Cloud Services may (a) pose a security risk to Axon Cloud Services or any third-party; (b) adversely impact Axon Cloud Services, the systems, or content of any other customer; (c) subject Axon, Axon's affiliates, or any third-party to liability; or (d) be fraudulent.

Agency remains responsible for all fees incurred through suspension. Axon will not delete Agency Content because of suspension, except as specified in this Agreement.
- 11 **Axon Cloud Services Warranty.** Except as set forth in this Agreement, Axon disclaims any warranties or responsibility for data corruption or errors before Agency uploads data to Axon Cloud Services.

Master Services and Purchasing Agreement

- 12** **Axon Records.** Axon Records is the software-as-a-service product that is generally available at the time Agency purchases an OSP 7 bundle. During Agency's Axon Records Subscription Term, Agency will be entitled to receive Axon's Update and Upgrade releases on an if-and-when available basis.

The Axon Records Subscription Term will end upon the completion of the Axon Records Subscription as documented in the Quote, or if purchased as part of an OSP 7 bundle, upon completion of the OSP 7 Term ("**Axon Records Subscription**")

An "**Update**" is a generally available release of Axon Records that Axon makes available from time to time. An "**Upgrade**" includes (i) new versions of Axon Records that enhance features and functionality, as solely determined by Axon; and/or (ii) new versions of Axon Records that provide additional features or perform additional functions. Upgrades exclude new products that Axon introduces and markets as distinct products or applications.

New or additional Axon products and applications, as well as any Axon professional services needed to configure Axon Records, are not included. If Agency purchases Axon Records as part of a bundled offering, the Axon Record subscription begins on the later of the (1) start date of that bundled offering, or (2) date Axon provisions Axon Records to Agency.

- 13** **Axon Cloud Services Restrictions.** Agency and Agency end users (including employees, contractors, agents, officers, volunteers, and directors), may not, or may not attempt to:

- 13.1** copy, modify, tamper with, repair, or create derivative works of any part of Axon Cloud Services;
- 13.2** reverse engineer, disassemble, or decompile Axon Cloud Services or apply any process to derive any source code included in Axon Cloud Services, or allow others to do the same;
- 13.3** access or use Axon Cloud Services with the intent to gain unauthorized access, avoid incurring fees or exceeding usage limits or quotas;
- 13.4** use trade secret information contained in Axon Cloud Services, except as expressly permitted in this Agreement;
- 13.5** access Axon Cloud Services to build a competitive device or service or copy any features, functions, or graphics of Axon Cloud Services;
- 13.6** remove, alter, or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon's or Axon's licensors on or within Axon Cloud Services; or
- 13.7** use Axon Cloud Services to store or transmit infringing, libelous, or other unlawful or tortious material; to store or transmit material in violation of third-party privacy rights; or to store or transmit malicious code.

- 14** **After Termination.** Axon will not delete Agency Content for 90-days following termination. There will be no functionality of Axon Cloud Services during these 90-days other than the ability to retrieve Agency Content. Agency will not incur additional fees if Agency downloads Agency Content from Axon Cloud Services during this time. Axon has no obligation to maintain or provide Agency Content after these 90-days and shall thereafter, unless legally prohibited, delete all Agency Content. Upon request, Axon will provide written proof that Axon successfully deleted and fully removed all Agency Content from Axon Cloud Services.

- 15** **Post-Termination Assistance.** Axon will provide Agency with the same post-termination data retrieval assistance that Axon generally makes available to all customers. Requests for Axon to provide additional assistance in downloading or transferring Agency Content, including requests for Axon's data egress service, will result in additional fees and Axon will not warrant or guarantee data integrity or readability in the external system.

- 16** **U.S. Government Rights.** If Agency is a U.S. Federal department or using Axon Cloud Services on behalf of a U.S. Federal department, Axon Cloud Services is provided as a "commercial item,"

Master Services and Purchasing Agreement

"commercial computer software," "commercial computer software documentation," and "technical data", as defined in the Federal Acquisition Regulation and Defense Federal Acquisition Regulation Supplement. If Agency is using Axon Cloud Services on behalf of the U.S. Government and these terms fail to meet the U.S. Government's needs or are inconsistent in any respect with federal law, Agency will immediately discontinue use of Axon Cloud Services.

- 17 **Survival.** Upon any termination of this Agreement, the following sections in this Appendix will survive: Agency Owns Agency Content, Storage, Axon Cloud Services Warranty, and Axon Cloud Services Restrictions.

Master Services and Purchasing Agreement

Axon Customer Experience Improvement Program Appendix

- 1 **Axon Customer Experience Improvement Program (ACEIP)**. The ACEIP is designed to accelerate Axon's development of technology, such as building and supporting automated features, to ultimately increase safety within communities and drive efficiency in public safety. To this end, subject to the limitations on Axon as described below, Axon, where allowed by law, may make limited use of Agency Content from all of its customers, to provide, develop, improve, and support current and future Axon products (collectively, "**ACEIP Purposes**"). However, at all times, Axon will comply with its obligations pursuant to the Axon Cloud Services Terms of Use Appendix to maintain a comprehensive data security program (including compliance with the CJIS Security Policy for Criminal Justice Information), privacy program, and data governance policy, including high industry standards of de-identifying Personal Data, to enforce its security and privacy obligations for the ACEIP. ACEIP has 2 tiers of participation, Tier 1 and Tier 2. By default, Agency will be a participant in ACEIP Tier 1. If Agency does not want to participate in ACEIP Tier 1, Agency can revoke its consent at any time. If Agency wants to participate in Tier 2, as detailed below, Agency can check the ACEIP Tier 2 box below. If Agency does not want to participate in ACEIP Tier 2, Agency should leave box unchecked. At any time, Agency may revoke its consent to ACEIP Tier 1, Tier 2, or both Tiers.

1.1 **ACEIP Tier 1.**

- 1.1.1. When Axon uses Agency Content for the ACEIP Purposes, Axon will extract from Agency Content and may store separately copies of certain segments or elements of the Agency Content (collectively, "**ACEIP Content**"). When extracting ACEIP Content, Axon will use commercially reasonable efforts to aggregate, transform or de-identify Agency Content so that the extracted ACEIP Content is no longer reasonably capable of being associated with, or could reasonably be linked directly or indirectly to a particular individual ("**Privacy Preserving Technique(s)**"). For illustrative purposes, some examples are described in footnote 1¹. For clarity, ACEIP Content will still be linked indirectly, with an attribution, to the Agency from which it was extracted. This attribution will be stored separately from the data itself, but is necessary for and will be solely used to enable Axon to identify and delete all ACEIP Content upon Agency request. Once de-identified, ACEIP Content may then be further modified, analyzed, and used to create derivative works. At any time, Agency may revoke the consent granted herein to Axon to access and use Agency Content for ACEIP Purposes. Within 30 days of receiving the Agency's request, Axon will no longer access or use Agency Content for ACEIP Purposes and will delete any and all ACEIP Content. Axon will also delete any derivative works which may reasonably be capable of being associated with, or could reasonably be linked directly or indirectly to Agency. In addition, if Axon uses Agency Content for the ACEIP Purposes, upon request, Axon will make available to Agency a list of the specific type of Agency Content being used to generate ACEIP Content, the purpose of such use, and the retention, privacy preserving extraction technique, and relevant data protection practices

¹ For example; (a) when extracting specific text to improve automated transcription capabilities, text that could be used to directly identify a particular individual would not be extracted, and extracted text would be disassociated from identifying metadata of any speakers, and the extracted text would be split into individual words and aggregated with other data sources (including publicly available data) to remove any reasonable ability to link any specific text directly or indirectly back to a particular individual; (b) when extracting license plate data to improve Automated License Plate Recognition (ALPR) capabilities, individual license plate characters would be extracted and disassociated from each other so a complete plate could not be reconstituted, and all association to other elements of the source video, such as the vehicle, location, time, and the surrounding environment would also be removed; (c) when extracting audio of potential acoustic events (such as glass breaking or gun shots), very short segments (<1 second) of audio that only contains the likely acoustic events would be extracted and all human utterances would be removed.

Master Services and Purchasing Agreement

applicable to the Agency Content or ACEIP Content ("Use Case"). From time to time, Axon may develop and deploy new Use Cases. At least 30 days prior to authorizing the deployment of any new Use Case, Axon will provide Agency notice (by updating the list of Use Case at <https://www.axon.com/aceip> and providing Agency with a mechanism to obtain notice of that update or another commercially reasonable method to Agency designated contact) ("**New Use Case**").

1.1.2. Expiration of ACEIP Tier 1. Agency consent granted herein, will expire upon termination of the Agreement. In accordance with section 1.1.1, within 30 days of receiving the Agency's request, Axon will no longer access or use Agency Content for ACEIP Purposes and will delete ACEIP Content. Axon will also delete any derivative works which may reasonably be capable of being associated with, or could reasonably be linked directly or indirectly to Agency.

1.2 ACEIP Tier 2. In addition to ACEIP Tier 1, if Agency wants to help further improve Axon's services, Agency may choose to participate in Tier 2 of the ACEIP. ACEIP Tier 2, grants Axon certain additional rights to use Agency Content, in addition to those set forth in Tier 1 above, without the guaranteed deployment of a Privacy Preserving Technique to enable product development, improvement, and support that cannot be accomplished with aggregated, transformed or de-identified data.

The Parties must document scope changes in a written and signed change order. Changes may require an equitable adjustment in the charges or schedule.

9 Delivery of Services. Axon personnel will work Monday through Friday, 8:30 a.m. to 5:30 p.m., except holidays. Axon will perform all on-site tasks over a consecutive timeframe. Axon will not charge Agency travel time by Axon personnel to Agency premises as work hours.

10 Access Computer Systems to Perform Services. Agency authorizes Axon to access relevant Agency computers and networks, solely for performing the Services. Axon will work to identify as soon as reasonably practicable resources and information Axon expects to use and will provide an initial itemized list to Agency. Agency is responsible for and assumes the risk of any problems, delays, losses, claims, or expenses resulting from the content, accuracy, completeness, and consistency of all data, materials, and information supplied by Agency.

11 Site Preparation. Axon will provide a hardcopy or digital copy of current user documentation for the Axon Devices ("**User Documentation**"). User Documentation will include all required environmental specifications for the professional Services and Axon Devices to operate per the Axon Device User Documentation. Before installation of Axon Devices (whether performed by Agency or Axon), Agency must prepare the location(s) where Axon Devices are to be installed ("**Installation Site**") per the environmental specifications in the Axon Device User Documentation. Following installation, Agency must maintain the Installation Site per the environmental specifications. If Axon modifies Axon Device User Documentation for any Axon Devices under this Agreement, Axon will provide the update to Agency when Axon generally releases it

Master Services and Purchasing Agreement

- 12 **Acceptance.** When Axon completes professional Services, Axon will present an acceptance form ("**Acceptance Form**") to Agency. Agency will sign the Acceptance Form acknowledging completion. If Agency reasonably believes Axon did not complete the professional Services in substantial conformance with this Agreement, Agency must notify Axon in writing of the specific reasons for rejection within 7 calendar days from delivery of the Acceptance Form. Axon will address the issues and re-present the Acceptance Form for signature. If Axon does not receive the signed Acceptance Form or written notification of reasons for rejection within 7 calendar days of delivery of the Acceptance Form, Axon will deem Agency to have accepted the professional Services.
- 13 **Agency Network.** For work performed by Axon transiting or making use of Agency's network, Agency is solely responsible for maintenance and functionality of the network. In no event will Axon be liable for loss, damage, or corruption of Agency's network from any cause.

Technology Assurance Plan Appendix

If Technology Assurance Plan (“**TAP**”) or a bundle including TAP is on the Quote, this appendix applies.

- 1 **TAP Warranty.** The TAP warranty is an extended warranty that starts at the end of the 1-year Hardware Limited Warranty.
- 2 **Officer Safety Plan.** If Agency purchases an Officer Safety Plan (“**OSP**”), Agency will receive the deliverables detailed in the Quote. Agency must accept delivery of the TASER CEW and accessories as soon as available from Axon.
- 3 **OSP 7 Term.** OSP 7 begins after Axon ships the Axon Body 3 or TASER 7 hardware to Agency. If Axon ships in the first half of the month, OSP 7 starts the 1st of the following month. If Axon ships in the second half of the month, OSP 7 starts the 15th of the following month (“**OSP 7 Term**”).
- 4 **TAP BWC Upgrade.** If Agency has no outstanding payment obligations and purchased TAP, Axon will provide Agency a new Axon body-worn camera (“**BWC Upgrade**”) as scheduled in the Quote. If Agency purchased TAP Axon will provide a BWC Upgrade that is the same or like Axon Device, at Axon’s option. Axon makes no guarantee the BWC Upgrade will utilize the same accessories or Axon Dock.
- 5 **TAP Dock Upgrade.** If Agency has no outstanding payment obligations and purchased TAP, Axon will provide Agency a new Axon Dock as scheduled in the Quote (“**Dock Upgrade**”). Accessories associated with any Dock Upgrades are subject to change at Axon discretion. Dock Upgrades will only include a new Axon Dock bay configuration unless a new Axon Dock core is required for BWC compatibility. If Agency originally purchased a single-bay Axon Dock, the Dock Upgrade will be a single-bay Axon Dock model that is the same or like Axon Device, at Axon’s option. If Agency originally purchased a multi-bay Axon Dock, the Dock Upgrade will be a multi-bay Axon Dock that is the same or like Axon Device, at Axon’s option.
- 6 **Upgrade Delay.** Axon may ship the BWC and Dock Upgrades as scheduled in the Quote without prior confirmation from Agency unless the Parties agree in writing otherwise at least 90 days in advance. Axon may ship the final BWC and Dock Upgrade as scheduled in the Quote 60 days before the end of the Subscription Term without prior confirmation from Agency.
- 7 **Upgrade Change.** If Agency wants to change Axon Device models for the offered BWC or Dock Upgrade, Agency must pay the price difference between the MSRP for the offered BWC or Dock Upgrade and the MSRP for the model desired. If the model Agency desires has an MSRP less than the MSRP of the offered BWC Upgrade or Dock Upgrade, Axon will not provide a refund. The MSRP is the MSRP in effect at the time of the upgrade.
- 8 **Return of Original Axon Device.** Within 30 days of receiving a BWC or Dock Upgrade, Agency must return the original Axon Devices to Axon or destroy the Axon Devices and provide a certificate of destruction to Axon including serial numbers for the destroyed Axon Devices. If Agency does not return or destroy the Axon Devices, Axon will deactivate the serial numbers for the Axon Devices received by Agency.
- 9 **Termination.** If Agency’s payment for TAP, OSP, or Axon Evidence is more than 30 days past due, Axon may terminate TAP or OSP. Once TAP or OSP terminates for any reason:
 - 9.1 TAP and OSP coverage terminate as of the date of termination and no refunds will be given.
 - 9.2 Axon will not and has no obligation to provide the Upgrade Models.
 - 9.3 Agency must make any missed payments due to the termination before Agency may purchase any future TAP or OSP.

TASER 7 Appendix

This TASER 7 Appendix applies to Agency's TASER 7, OSP 7, or OSP 7 Plus purchase from Axon.

- 1 **Duty Cartridge Replenishment Plan.** If the Quote includes "Duty Cartridge Replenishment Plan", Agency must purchase the plan for each CEW user. A CEW user includes officers that use a CEW in the line of duty and those that only use a CEW for training. Agency may not resell cartridges received. Axon will only replace cartridges used in the line of duty.
- 2 **Training.** If the Quote includes a training voucher, Agency must use the voucher within 1 year of issuance, or the voucher will be void. Axon will issue Agency a voucher annually beginning on the start of the TASER Subscription Term. The voucher has no cash value. Agency cannot exchange it for another device or service. Unless stated in the Quote, the voucher does not include travel expenses and will be Agency's responsibility. If the Quote includes Axon Online Training or Virtual Reality Content Empathy Development for Autism/Schizophrenia (collectively, "Training Content"), Agency may access Training Content. Axon will deliver all Training Content electronically.
- 3 **Extended Warranty.** If the Quote includes an extended warranty, the extended warranty coverage period warranty will be for a 5-year term, which includes the hardware manufacturer's warranty plus the 4-year extended term.
- 4 **Trade-in.** If the Quote contains a discount on CEW-related line items, including items related to OSP, then that discount may only be applied as a trade-in credit, and Agency must return used hardware and accessories associated with the discount ("Trade-In Units") to Axon. Agency must ship batteries via ground shipping. Axon will pay shipping costs of the return. If Axon does not receive Trade-In Units within the timeframe below, Axon will invoice Agency the value of the trade-in credit. Agency may not destroy Trade-In Units and receive a trade-in credit.

Agency Size	Days to Return from Start Date of TASER 7 Subscription
Less than 100 officers	30 days
100 to 499 officers	90 days
500+ officers	180 days

- 6 **Access Rights.** Upon Axon granting Agency a TASER 7 Axon Evidence subscription, Agency may access and use Axon Evidence for the storage and management of data from TASER 7 CEW devices during the TASER 7 Subscription Term. Agency may not upload any non-TASER 7 data or any other files to Axon Evidence. Agency may not exceed the number of end users than the Quote specifies.
- 7 **Privacy.** Axon will not disclose Agency Content or any information about Agency except as compelled by a court or administrative body or required by any law or regulation. Axon will give notice if any disclosure request is received for Agency Content, so Agency may file an objection with the court or administrative body.
- 8 **Termination.** If payment for TASER 7 is more than 30 days past due, Axon may terminate Agency's TASER 7 plan by notifying Agency. Upon termination for any reason, then as of the date of termination:
 - 8.1 TASER 7 extended warranties and access to Training Content will terminate. No refunds

- 8.2** Axon will invoice Agency the remaining MSRP for TASER 7 products received before termination. If terminating for non-appropriations, Axon will not invoice Agency if Agency returns the CEW, rechargeable battery, holster, dock, core, training suits, and unused cartridges to Axon within 30 days of the date of termination.
- 8.3** Agency will be responsible for payment of any missed payments due to the termination before being allowed to purchase any future TASER 7 plan.

Axon Auto-Tagging Appendix

- 1 **Scope.** Axon Auto-Tagging consists of the development of a module to allow Axon Evidence to interact with Agency's Computer-Aided Dispatch ("CAD") or Records Management Systems ("RMS"). This allows end users to auto-populate Axon video meta-data with a case ID, category, and location-based on data maintained in Agency's CAD or RMS.
- 2 **Support.** For thirty days after completing Auto-Tagging Services, Axon will provide up to 5 hours of remote support at no additional charge. Axon will provide free support due to a change in Axon Evidence, so long as long as Agency maintains an Axon Evidence and Auto-Tagging subscription. Axon will not provide support if a change is required because Agency changes its CAD or RMS.
- 3 **Changes.** Axon is only responsible to perform the Services in this Appendix. Any additional Services are out of scope. The Parties must document scope changes in a written and signed change order. Changes may require an equitable adjustment in fees or schedule.
- 4 **Agency Responsibilities.** Axon's performance of Auto-Tagging Services requires Agency to:
 - 4.1 Make available relevant systems, including Agency's current CAD or RMS, for assessment by Axon (including remote access if possible);
 - 4.2 Make required modifications, upgrades or alterations to Agency's hardware, facilities, systems and networks related to Axon's performance of Auto-Tagging Services;
 - 4.3 Provide access to the premises where Axon is performing Auto-Tagging Services, subject to Agency safety and security restrictions, and allow Axon to enter and exit the premises with laptops and materials needed to perform Auto-Tagging Services;
 - 4.4 Provide all infrastructure and software information (TCP/IP addresses, node names, network configuration) necessary for Axon to provide Auto-Tagging Services;
 - 4.5 Promptly install and implement any software updates provided by Axon;
 - 4.6 Ensure that all appropriate data backups are performed;
 - 4.7 Provide assistance, participation, and approvals in testing Auto-Tagging Services;
 - 4.8 Provide Axon with remote access to Agency's Axon Evidence account when required;
 - 4.9 Notify Axon of any network or machine maintenance that may impact the performance of the module at Agency; and
 - 4.10 Ensure reasonable availability of knowledgeable staff and personnel to provide timely, accurate, complete, and up-to-date documentation and information to Axon.
- 5 **Access to Systems.** Agency authorizes Axon to access Agency's relevant computers, network systems, and CAD or RMS solely for performing Auto-Tagging Services. Axon will work diligently to identify as soon as reasonably practicable resources and information Axon expects to use and will provide an initial list to Agency. Agency is responsible for and assumes the risk of any problems, delays, losses, claims, or expenses resulting from the content, accuracy, completeness, and consistency of all data, materials, and information supplied by Agency.

If Agency's representations are inaccurate, the Quote is subject to change.
- 2 **Cradlepoint.** If Agency purchases Cradlepoint Enterprise Cloud Manager, Agency will comply with Cradlepoint's end user license agreement. The term of the Cradlepoint license may differ from the Axon Evidence Subscription. If Agency requires Cradlepoint support, Agency will contact Cradlepoint directly.

 - 4.3 **Updates.** If Agency purchases WOS maintenance, Axon will make updates and error corrections to WOS ("WOS Updates") available electronically via the Internet or media as determined by Axon. Agency is responsible for establishing and maintaining adequate Internet access to receive WOS Updates and maintaining computer equipment necessary for use of WOS. The Quote will detail the maintenance term.

- 6 **Axon Fleet Upgrade.** If Agency has no outstanding payment obligations and has purchased the "Fleet Technology Assurance Plan" (Fleet TAP), Axon will provide Agency with the same or like model of Fleet hardware ("Fleet Upgrade") as schedule on the Quote.

If Agency would like to change models for the Axon Fleet Upgrade, Agency must pay the difference between the MSRP for the offered Axon Fleet Upgrade and the MSRP for the model desired. The MSRP is the MSRP in effect at the time of the upgrade. Agency is responsible for the removal of previously installed hardware and installation of the Axon Fleet Upgrade.

Within 30 days of receiving the Axon Fleet Upgrade, Agency must return the original Axon Devices to Axon or destroy the Axon Devices and provide a certificate of destruction to Axon, including serial numbers of the destroyed Axon Devices. - 3 **Axon Body 3 LTE Requirements.** Axon Respond is only available and usable with an LTE enabled body-worn camera. Axon is not liable if Agency utilizes the LTE device outside of the coverage area or if the LTE carrier is unavailable. Axon may change LTE carriers during the Term without Agency's consent.

- 4 **Axon Fleet 3 LTE Requirements.** Axon Respond is only available and usable with a Fleet 3 system configured with LTE modem and service. Agency is responsible for providing LTE service for the modem. Coverage and availability of LTE service is subject to Agency's LTE carrier.

Service may be temporarily refused, interrupted, or limited because of: (a) facilities limitations; (b) transmission limitations caused by atmospheric, terrain, other natural or artificial conditions adversely affecting transmission, weak batteries, system overcapacity, movement outside a service area or gaps in coverage in a service area and other causes reasonably outside of the carrier's control such as intentional or negligent acts of third parties that damage or impair the network or disrupt service; or (c) equipment modifications, upgrades, relocations, repairs, and other similar activities necessary for the proper or improved operation of service.

With regard to Axon Body 3, Partner networks are made available as-is and the carrier makes no warranties or representations as to the availability or quality of roaming service provided by carrier partners, and the carrier will not be liable in any capacity for any errors, outages, or failures of carrier partner networks. Agency expressly understands and agrees that it has no contractual relationship whatsoever with the underlying wireless service provider or its affiliates or contractors and Agency is not a third-party beneficiary of any agreement between Axon and the underlying carrier.

- 6 **Termination.** Upon termination of this Agreement, or if Agency stops paying for Axon Respond or bundles that include Axon Respond, Axon will end Aware services, including any Axon-provided LTE service.

Any copyright notice language or other language acknowledging Service Provider’s ownership or other legal rights of Service Provider which appears on websites, course content and/or assessments, and in any practice and/or demonstration materials will be limited to such language as is necessary to protect Service Provider’s legal rights. Unless provided to Service Provider by ITS, no language acknowledging the legal rights of any third party shall appear on materials without the prior written consent of ITS.

2.3 Notwithstanding anything in the Agreement to the contrary, any and all Deliverables (defined below) shall be the sole and exclusive property of ITS. Notwithstanding the foregoing, the intellectual capital (including without limitation, ideas, methodologies, processes, inventions and tools) developed or possessed by Service Provider prior to, or acquired during, the performance of the Scope of Work shall be Service Provider-Owned Material.

2.4 Upon ITS’ request or upon the expiration or termination of this Agreement, Service Provider shall deliver or return all copies of the work to ITS. Service Provider is permitted, subject to its obligations of confidentiality, to retain one copy of the work for archival purposes and to defend its work product.

2.5 To the extent Service Provider develops any tangible work products identified as deliverables (“Deliverables”)

solely for the use of ITS during the Term or Terms of this Agreement, Service Provider shall grant to ITS a royalty-free, worldwide, non-transferable, non-exclusive, perpetual right to use such work. Service Provider will retain all intellectual property rights and ownership in such work.

2.7 ITS recognizes that Service Provider's business depends substantially upon the accumulation of learning, knowledge, data, techniques, tools, processes, and generic materials that it utilizes and develops in its engagements. ITS's business also depends substantially upon the accumulation and application of learning, knowledge, data, techniques, tools, processes, and generic materials that it utilizes and develops through collaboration with Service Provider and other service providers. Accordingly, to the extent material that is used in, enhanced, or developed in the course of providing Services hereunder is of a general abstract character, or may be generically re-used, and does not contain Confidential Information of ITS, then Service Provider will own such material including, without limitation: methodologies; delivery strategies, approaches and practices; generic software tools, routines, and components; generic content, research and background materials; training materials; application building blocks; templates; analytical models; project tools; development tools; inventions; solutions and descriptions thereof; ideas; and know-how (collectively "Know-how") developed by Service Provider and ITS will own the Know-how developed by ITS. To the extent such Know-how is contained or reflected in the Work Product, each party hereby grants the other a fully paid up, perpetual license to use such Know-how. Neither party will sublicense or sell Know-How of the other party to any third party, and neither party will use or exploit the Know-How of the other party to compete with the information technology and professional services of Service Provider or the educational services and delivery of ITS.

3. DATA USE

As between the parties, ITS will own, or retain all of its rights in, all data and information that ITS provides to the Service Provider, as well as all data managed by Service Provider on behalf of ITS, including all output, reports, logs, analyses, and other materials relating to or generated by the Services, even if generated by the Service Provider, as well as all data obtained or extracted through ITS' or Service Provider's use of the Services (collectively, the ITS Data). The ITS Data also includes all data and information provided directly to Service Provider by ITS students and employees, and includes personal data, metadata, and user content. The ITS Data will be ITS' Intellectual Property and Service Provider will treat it as ITS' confidential and proprietary information. Service Provider will not use, access, disclose, or license or provide to third parties, any ITS Data, or materials derived therefrom, except: (i) to the extent necessary to fulfill Service Provider's obligations to ITS hereunder; (ii) as authorized in writing by ITS, and (iii) in compliance with Axon's Cloud Services Privacy Policy attached to the Agreement. Without limiting the generality of the foregoing, Service Provider may not use any ITS Data, whether or not aggregated or de-identified, for product development, marketing, profiling, benchmarking, or product demonstrations, without, in each case, ITS's prior written consent. Upon request by ITS, Service Provider will deliver, destroy, and/or make available to ITS, any or all of the ITS Data.

4. PROPRIETARY AND CONFIDENTIAL INFORMATION

4.1 Service Provider acknowledges and understands that in connection with this Agreement, the performance of the Scope of Work and otherwise, Service Provider has had or shall have access to, has obtained or shall obtain, or has been or shall be given ITS' Confidential Information (as defined herein). For purposes of this Agreement, "Confidential Information" means all information provided by ITS, or ITS students to Service Provider, including without limitation information concerning the ITS' business strategies, political and legislative affairs, students, employees, vendors, service providers, student records, customer lists, finances, properties, methods of operation, computer and telecommunications systems, software and documentation, student materials, student name and other identifying information which is generated by the student, such as biometrics. Confidential Information includes information in any and all formats and media, including without limitation oral communication, and includes the originals and any and all copies and derivatives of such information. Service Provider shall comply with all applicable federal, state and local laws restricting access, use and disclosure of protected information.

4.2 Service Provider shall use the Confidential Information only if and when required for the performance of the Services, and for no other purpose whatsoever, and only by Service Provider employees engaged in that

performance. Service Provider may also share Confidential Information with its corporate affiliates and with agents and service providers who are bound by similar obligations of confidentiality and who need such information as part of Service Provider's performance under this Agreement. Service Provider shall forward any request for disclosure of Confidential Information to:

Information Technology Services
Canfield Administration Building North (ADMN) 332
Lincoln, NE 68588-0435

4.3 Service Provider acknowledges and understands that ITS is required to protect certain Confidential Information from disclosure under applicable law, including but not limited to the Family Educational Rights and Privacy Act ("FERPA"), the Gramm Leach Bliley Act ("GLBA"), or the Nebraska Public Records Law, including regulations promulgated thereunder, as the laws and regulations may be amended from time to time. The Confidential Information that is protected under FERPA was provided to the Service Provider as it is handling an institution service or function that would ordinarily be performed by ITS' employees. Service Provider agrees that it shall be obligated to protect the Confidential Information in its possession or control in accordance with the Privacy Laws and as a "school official" under FERPA. The Service Provider further agrees that it is subject to the requirements governing the use and re-disclosure of personally identifiable information from education records as provided in FERPA.

4.4 Service Provider may disclose Confidential Information as required by legal process. If Service Provider is required by legal process to disclose Confidential Information, Service Provider shall immediately notify ITS, and before disclosing such information shall allow ITS reasonable time to take appropriate legal action to prevent disclosure of the Confidential Information.

4.5 Service Provider's obligations with respect to Confidential Information shall survive the expiration or the termination of this Agreement.

4.6 Service Provider acknowledges that its failure to comply fully with the restrictions placed upon use, disclosure and access to Confidential Information may cause ITS grievous irreparable harm and injury. Therefore, any failure to comply with the requirements of this section may be a material breach of this Agreement.

4.7 Except to the extent otherwise required by applicable law or professional standards, the obligations under this section do not apply to information that (1) is or becomes generally known to the public, other than as a result of disclosure by Service Provider, (2) had been previously possessed by Service Provider without restriction against disclosure at the time of receipt by Service Provider, (3) was independently developed by Service Provider without violation of this Agreement, or (4) Service Provider and ITS agree in writing to disclose. To the extent allowed by Nebraska State Law, each party shall be deemed to have met its nondisclosure obligations under this section as long as it exercises the same level of care to protect the other's information as it exercises to protect its own Confidential Information.

4.8 Service Provider agrees to use Student-Owned Materials, ITS Owned Materials and ITS' Confidential Information only as necessary to perform its responsibilities under this Agreement, keep it confidential in accordance with this Agreement and use reasonable commercial efforts to prevent and protect the contents of these materials, or any parts of them, from unauthorized disclosure. Further, Service Provider will take industry standard measures to protect the security and confidentiality of such information including controlled and audited access to any location where such confidential and proprietary data and materials reside while in the custody of Service Provider and employing security measures to prevent system attacks (e.g., hacker and virus attacks).

4.9 Upon termination, cancellation, expiration or other conclusion of the Agreement, Service Provider shall return all Confidential Information to ITS or, if return is not feasible, destroy any and all Confidential Information without the prior written authorization from ITS. If the Service Provider destroys the information, the Service Provider shall provide ITS with a certificate confirming the date of destruction of the data. Any data referred to

in this section that is still within Service Provider's actual or constructive control shall be subject to the terms of this Agreement in perpetuity.

4.10 ITS will implement security measures at its offices and all other associated facilities to ensure the confidentiality of Service Provider's Confidential Information and materials in manner like that provided by ITS for its own information and materials identified as confidential under this Agreement. Unless otherwise provided by separate agreement, upon termination of this Agreement, ITS shall return to Service Provider all Service Provider-Owned Materials, including software, Source Code, and/or documentation provided to ITS by Service Provider; alternatively, and at Service Provider's option, ITS shall destroy any or all of the aforementioned beyond recoverability. ITS shall not retain any electronic or other copies of any Service Provider-Owned Materials or other Service Provider Proprietary and Confidential Information absent of prior written authorization from Service Provider.

4.11 Service Provider agrees to abide by the limitation on re-disclosure of personally identifiable information (PII) from education set forth in The Family Educational Rights and Privacy Act and with the terms set forth below. 34 CFR 99.33 (a)(2) states that the officers, employees and agents of a party that receives education record information from ITS may use the information but only for the purposes for which the disclosure of the information was made. Further, Service Provider agrees to protect all ITS sensitive data including all PII, financial, corporate business intelligence or intellectual property of ITS faculty, staff, and employees in accordance with generally accepted Information security standards and best practices.

6. **TERMINATION**

6.1 The University may terminate this Agreement upon thirty (30) days' written notice in accordance with the terms of the Agreement.

6.2 The University may terminate this Agreement upon any breach by Service Provider of the terms of this Agreement, any Business Associate Addendum, or incorporated attachment to the Agreement, in accordance with the terms of the Agreement.

6.3 Service Provider may terminate this Agreement if the University materially breaches this Agreement and then fails to correct such breach within thirty (30) days following receipt of written notice from Service Provider. In the event of an uncorrected breach by the University, the Service Provider shall be entitled to recover actual amounts owed by the University to Service Provider that accrued on or before the date of termination. Service Provider expressly waives and disclaims any right or remedy it may have to unilaterally de-install, disable or repossess any Software of any portion thereof.

6.4 The University's rights to the Software as provided in this Agreement will survive a bankruptcy claim by the Service Provider consistent with applicable laws. The rights granted under this Agreement shall be deemed a license of "intellectual property" for purposes of the United States Code, Title 11 ("Bankruptcy Code"), Section 365(n). In the event of the bankruptcy of Service Provider and a subsequent rejection of this Agreement, the University may elect to retain its license rights, subject to and in accordance with the provisions of the Bankruptcy Code or other applicable law.

6.5 The following Sections shall survive the expiration or termination of this Agreement: Grant of License; Ownership and Proprietary Rights; Warranties, Representations and covenants; Limitation of Liability; University Data; Privacy; Cyber Insurance; Termination; and Audit Rights. Any terms of this Agreement which by their nature extend beyond its termination remain in effect until fulfilled and apply to respective successors and assigns.

7. **SECURITY**

7.1 Service Provider will implement security measures at its offices and all other associated facilities in connection with Service Provider software to ensure the strictest confidentiality of ITS' Owned Materials, ITS' Confidential Information, and all other confidential information and materials. These measures will include, without limitation, encryption, use of a sign-on and access privilege system and other measures described in this Agreement, and such other measures as Service Provider deems necessary in its professional discretion. Service Provider shall impose these measures on all subcontractors used by Service Provider.

7.2 Service Provider shall endorse ITS' requirement to adhere to the University of Nebraska's (ITS) IT Security Standards (<http://idm.unl.edu/authentication-services-policy>). ITS is required to assess risks, ensure data integrity, and determine the level of accessibility that must be maintained. Specific activities include:

- A. Identification of security, privacy, legal, and other organizational requirements for recovery of institutional resources such as data, software, hardware, configurations, and licenses at the termination of the contract.
- B. Assessment of the Service Provider's security and privacy controls.
- C. Including ITS' security and privacy requirements in the agreement.
- D. Periodic reassessment of Service Provider services provisioned to ensure all contract obligations are being met and to manage and mitigate risk.

7.3 Service Provider shall (i) establish and maintain industry standard technical and organizational measures to help to protect against accidental damage to, or destruction, loss, or alteration of the materials; (ii) establish and maintain industry standard technical and organizational measures to help to protect against unauthorized access to the Services and materials; and (iii) establish and maintain network and internet security procedures, protocols, security gateways and firewalls with respect to the Services. Service Provider software and its components are equipped and/or designed with systems intended to prevent industry known system attacks (e.g., hacker and virus attacks) and unauthorized access to Confidential Information.

7.4 For the purposes of this article, a "Breach" has the meaning given to it under relevant Nebraska or federal law, for example; the Nebraska Financial Data Protection and Consumer Notification of Data Security Breach Act of 2006 (codified at Neb. Rev. Stat. § 87-802) (See 9.5). Service Provider's report shall identify: (i) the nature of the unauthorized use or disclosure, (ii) the CDI used or disclosed, (iii) the identity of the individual or entity that received the unauthorized disclosure, (iv) any pertinent application, access, or security logs or analysis (v) the action(s) that the Service Provider has taken or shall take to mitigate any potentially negative effects of the unauthorized use or disclosure, and (vi) the corrective action(s) the Service Provider has taken or shall take to prevent future similar unauthorized uses or disclosures. Service Provider shall provide additional information in connection with the unauthorized disclosure reasonably requested by ITS.

In the event of a breach arising out of Service Providers negligence or misconduct, Service Provider agrees to promptly reimburse all costs to ITS arising from such breach, including but not limited to (i) costs of notification of individuals, (ii) credit monitoring and/or identity restoration services, (iii) time of ITS personnel responding to the breach, (iv) civil or criminal penalties levied against ITS, attorneys' fees, court costs, etc.

7.5 The contact for the ITS Computer Incident Response Team (CIRT) shall be identified as: 402-472-5700 or its-sec@nebraska.edu. Report any confirmed or suspected breach of University data to ITS's CIRT within forty-eight (48) hours of discovery or detection.

7.6 ITS or an appointed audit firm (Auditors) has the right to audit Service Provider. Audits will be at ITS' sole expense which includes operational charges by Service Provider, except where the audit reveals material noncompliance with contract specifications, in which case the cost, inclusive of operational charges by Service Provider, will be borne by the Service Provider. In lieu of ITS or its appointed audit firm performing their own audit, if Service Provider has an external audit firm that performs a review, ITS has the right to review the controls tested as well as the results and has the right to request additional controls to be added to the certified report for testing the controls that have an impact on ITS data.

7.7 Service Provider will, prior to the Agreement effective date and annually thereafter during the Term (as well as promptly after any Security Breach), engage an independent CPA firm to conduct a review of controls

over security, availability, processing integrity, confidentiality and privacy related to the Service Provider's information technology system. Such review will be conducted at the Service Provider's expense and in accordance with the AICPA's Statements on Standards for Attestation Engagements No. 16 ("SSAE") Service Organization Controls Type 1 or Type 2 report (SOC 1/SOC 2). Service Provider will provide ITS with a copy of the SOC report within thirty (30) days of the ITS' request. If exceptions are noted in the SOC audit, Service Provider will document a plan to promptly address such exceptions and will implement corrective measures within a reasonable period. Service Provider will provide a copy or summary of the exception remediation plan within thirty (30) days of ITS' request and keep ITS informed of the progress and completion of corrective measures. If a SOC audit has not been conducted in the past twelve (12) months and Service Provider is unable to provide associated SOC reports, at ITS' request, Service Provider will appoint a qualified CPA firm to conduct a SOC audit and shall provide ITS with a copy of each applicable SOC report at Service Provider's expense. To the extent the SOC reports provided to ITS do not satisfy ITS' reporting or audit requirements, ITS may conduct its own audits at its expense.

7.8 The Federal Trade Commission has promulgated regulations collectively known as the "Red Flags Rule" with which ITS must comply. See 16 CFR 681. Under the Red Flags Rule, ITS must ensure that Service Provider either complies with ITS' identity theft Program or that Service Provider has its own policies and procedures in place to detect and respond to identity theft Red Flags. Service Provider represents and warrants that it has reasonable policies and procedures in place to detect, prevent and mitigate identity theft. Service Provider shall review and comply with all relevant portions of ITS' identity theft policy, if any, as well as any applicable ITS identity theft plan. Service Provider shall report any Red Flags that it detects in connection with the Agreement to ITS.

8. **CYBER INSURANCE**

The Service Provider agrees to purchase and maintain throughout the term of this Agreement a technology/professional liability insurance policy, including coverage for network security/data protection liability insurance (also called "cyber liability"), covering liabilities for financial loss resulting or arising from acts, errors, or omissions in rendering technology/professional services or in connection with the specific services described in violation or infringement of any right of privacy, including: breach of security and breach of security/privacy laws, rules or regulations globally, now or hereinafter constituted or amended; data theft, damage, unauthorized disclosure, destruction, or corruption, including without limitation, unauthorized access, unauthorized use, identity theft, theft of personally identifiable information or confidential corporate information in whatever form, transmission of a computer virus or other type of malicious code, and participation in a denial of service attack on third party computer systems; loss or denial of service; no cyber terrorism exclusion, with a minimum limit of \$10,000,000 each and every claim and in the aggregate. Such coverage must include technology/professional liability including breach of contract, privacy and security liability, privacy regulatory defense and payment of civil fines, payment of credit card provider penalties, and breach response costs (including without limitation, notification costs, forensics, credit protection services, call center services, identity theft protection services, and crisis management/public relations services).

Such insurance must explicitly address all of the foregoing without limitation if caused by an employee of the Service Provider or an independent contractor working on behalf of the Service Provider in performing services under this Agreement. The policy must provide coverage for wrongful acts, claims, and lawsuits anywhere in the world. Such insurance must include affirmative contractual liability coverage for the data breach indemnity in this Agreement for all damages, defense costs, privacy regulatory civil fines and penalties, and reasonable and necessary data breach notification, forensics, credit protection services, public relations/crisis management, and other data breach mitigation services resulting from a confidentiality or breach of security by or on behalf of the Service Provider.

9. **MISCELLANEOUS TERMS**

9.1 Accessibility (Section 508 ADA Compliance). If the solution includes any end-user-facing human interface, such as an end-user device software component or web site form, file upload system, etc., then the Service Provider shall conform with the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA Success Criteria to the greatest extent possible.. The Service Provider further agrees to indemnify and hold harmless the

University of Nebraska campuses and system using the Service Provider's products or services from any third party claim arising out of its failure to comply with the aforesaid requirements.

ITS, at its discretion, may at any time test the Service Provider's products or services covered by this Agreement to ensure compliance with the requirements set forth above. If ITS has any accessibility issues, then ITS must contact its designated Service Provider representative or accessibility@axon.com and identify the particular accessibility issue(s) with as much specificity as possible. If an accommodation is found to be necessary due to a verified accessibility issue, then Service Provider agrees to remediate the accessibility issue upon request or provide an alternative accommodation at Service Provider's cost. If the accessibility issue cannot be immediately remediated, then Axon will provide a reasonable timeline for any requested remediation or accommodation. Service Provider agrees that, upon ITS's written request, Service Provider will provide updates or reports to ITS regarding Service Provider's progress with respect to any requested remediation or accommodation. Testing that results discovery of a verified accessibility issue may, in ITS's sole discretion, result in payments for impacted products or services under the Agreement being withheld. All withheld amounts will be paid to the Service Provider upon correction of the non-compliance and acceptance by ITS. Said acceptance will not be unreasonably withheld.

Failure to comply with these requirements shall constitute a breach and be grounds for termination of this Agreement and a pro-rated refund of fees paid from ITS for the remainder of original contract period. The parties agree that a verified accessibility issue will not include issues due to intermediary interference (e.g. virus protection software, outdated web browsers or outdated assistive technology) or a user's inability to properly utilize compliant assistive technology. Client agrees to cooperate and work with Axon to discuss options for accessibility and accommodations. If the parties cannot agree that there is a verifiable accessibility issue, then Axon reserves the right to consult with an independent and mutually agreeable accessibility expert to verify the accessibility issue, provide remediation options and/or provide an alternative accommodation. Such right shall not affect University's right to withhold payment set forth above. To the extent that Axon utilizes other third-party applications or plug-ins, now or in the future, Axon encourages third-parties to make their products and services accessible. These third-party applications and/or plug-ins are not controlled by Axon and may present challenges for individuals with disabilities that Axon may not be able to control or remedy.

9.2 University & State College Participation. In some instances, state colleges or state agencies may wish to explore the possibility of sharing in the benefits of this contract.

9.3 Examination of Records. ITS shall have access to and the right to examine any pertinent books, documents, papers, and electronic records such as logs of the Service Provider involving transactions and work related to this Agreement. Service Provider shall retain project records for a period of three (3) years from the date of final payment.

9.4 Assistance with Litigation or Investigation. E-Discovery: In order to provide ITS with the ability to be compliant with e-discovery rules, Service Provider must provide the following where "relevant data" might include any data stored regarding any person affiliated with ITS, access logs, activity logs, transaction logs, changes to access rights, etc., as detailed by the system architecture and practices provided by Service Provider.
