Dear Board of Supervisors:

Please approve Bass Lake Road as your number one option for consideration when applying for the Urban RSTP Funds. Bass Lake Road is currently and has been for quite some time in a significantly deteriorated condition creating driver (and bicycle and pedestrian) safety issues at a time when traffic flows are increasing because of the improvements made at Serrano Parkway and Bass Lake Road intersection. We strongly believe the Bass Lake Overlay should have the highest priority item for an asphalt overlay. We urge you to support our request.

Thank you.

Re: June 10 Agenda Item 14-0141/2014 Capital Improvement Programs

Dear Board of Supervisors:

Please approve Bass Lake Road as your number one option for consideration when applying for the Urban RSTP Funds. Bass Lake Road is currently in a significantly deteriorated condition creating driver safety issues at a time when traffic flows are increasing because of the improvements made at Serrano Parkway and Bass Lake Road intersection. We strongly believe the Bass Lake Overlay should have the highest priority item for an asphalt overlay. We urge you to support our request.

Please also note that the shoulders north of the Serrano Drive intersection on Bass Lake Road leave no room for error in driving. Drivers going over the 40 mph speed limit, careless tailgating drivers, drivers passing other cars by going over the double yellow lines happen way too frequently. Besides having a road that needs to be upgraded, we need lower speed limits, better shoulders, etc. A serious accident is just waiting to happen, particularly near Madera Way.

Thank you,

Judith Wilson
