Dear Board of Supervisors,

I cannot attend the November 17 meeting and this email comment is to take the place of my personal attendance.

The Community Planning process is very important to communities and will provide clarity to both residents and developers about how each community wants to grow. Please acknowledge that the Community Planning Guide is only a guide and will not derail any efforts already taken by communities toward creating a Plan. I also ask that you support your constituents by placing the Community Plan process as a top priority in the county to provide clarity to both residents and developers to protect our quality of life in El Dorado County.

Thank you,
Sue Burleson
