

Camino Roundabout Project

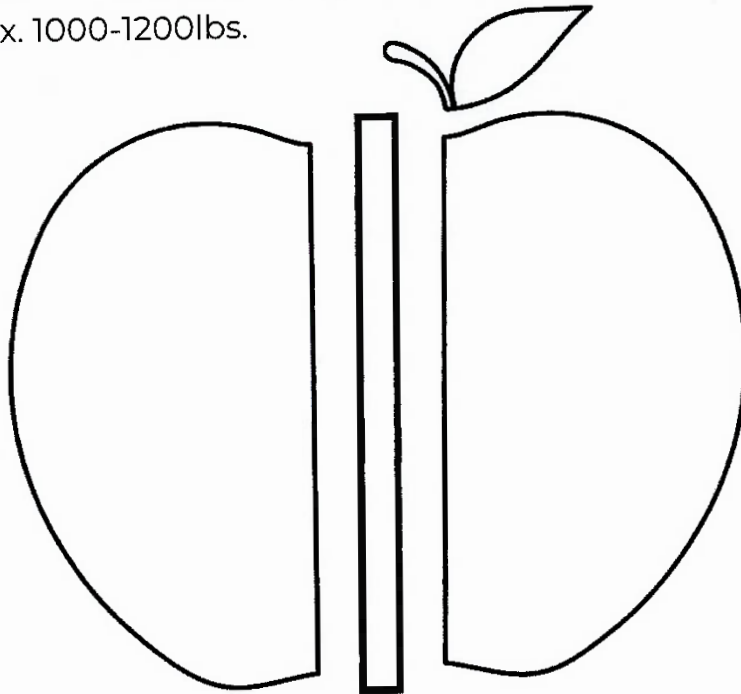

Scope & Dimensions for Site Preparation

Components

4x Apple Panels, bordered with 3" flat bar
1x 10ft. Square Tube
1x Stem & Leaf
Pipe or Bolts for Installation: TBD

Dimensions

Total Height: Approx. 140"
Total Width: Approx. 124"
Panels: 5ft. Wide x 10ft Tall
Leaf & Stem: Approx. 18"-22"
Center Mount: 4" x 4" Steel Sq. Tube
Weight: Approx. 1000-1200lbs.

Suggested Installation Mounting

3" Schedule 40 Pipe fits flush inside of the 4x4 square tube.
Bottom portion of pipe will be buried and set in concrete, with enough remaining above to securely hold the sculpture per DOT's engineering recommendations.
