The Bidder shall carefully examine the Contract Documents, including the Plans and Specifications and satisfy the Bidder as to their sufficiency, and shall not at any time after submission of the Bid, dispute or complain of such Plans or Specifications nor assert that there is any misunderstanding in regard to the location, extent or nature or amount of work to be performed in accordance thereto. Should a Bidder find conflicts, errors, ambiguities, discrepancies or omissions in the Contract Documents, including Plans and Specifications, the Bidder shall notify the Project Administrator in writing, prior to the bid deadline.

The Bid shall have all items filled in and the signatures of all persons signing the Bid shall be in long-hand. Mistakes must be corrected and the correction inserted and initialed in ink by the person signing the Bid. Erasures and/or correction fluid are NOT acceptable. subcontracts, and to the "Standard California Nondiscrimination Construction Contract Specifications" set forth therein. The specifications are applicable to all nonexempt State construction contracts and subcontracts of \$5,000 or more.

BID EXAMINATION AND PREPARATION: The Bidder shall carefully examine the Contract Documents, including the Plans, if any, and Specifications and satisfy the Bidder as to their sufficiency, and shall not at any time after submission of the bid, dispute or complain of such Plans, if any, or Specifications nor assert that there is any misunderstanding in regard to the location, extent or nature or amount of work to be performed in accordance thereto. Should a Bidder find conflicts, errors, ambiguities, discrepancies or omissions in the Contract Documents, including the Plans, if any, and Specifications, the Bidder shall notify the Contract Administrator in writing, prior to the bid deadline.

The bid shall have all items filled in and the signatures of all persons signing the bid shall be in long-hand. Mistakes must be corrected and the correction inserted and initialed in ink by the person signing the bid. Erasures and/or correction fluid are NOT acceptable. Changes must be lined out and corrections inserted adjacent and initialed by the Bidder's authorized representative. No Proposal will be considered which makes exceptions, changes or reservations to the Plans, if any, and Specifications.

NON-COLLUSION AFFIDAVIT: The Bidder shall include with its bid a signed affidavit stating that its bid is not a sham or a collusive bid. The affidavit is to be signed exactly as worded; no alternate wording will be accepted. The affidavit is included with the Proposal.

WAGE RATE REQUIREMENTS: Pursuant to Section 1773 of the Labor Code, the general prevailing wage rates in the county, or counties, in which the work is to be done have been determined by the Director of the California Department of Industrial Relations. These wages are set forth in the General Prevailing Wage Rates for this project, available at El Dorado County Department of Transportation and available from the California Department of Industrial Relations' Internet web site at <http://www.dir.ca.gov>. The Federal minimum wage rates for this project as predetermined by the United States Secretary of Labor are set forth in the books issued for bidding purposes entitled "Contract Documents," and in copies of this book that may be examined at the offices described above where project plans, special provisions, and proposal forms may be seen. Addenda to modify the Federal minimum wage rates, if necessary, will be issued to holders of "Contract Documents" books. Future effective general prevailing wage rates which have been predetermined and are on file with the California Department of Industrial Relations are referenced but not printed in the general prevailing wage rates.

Attention is directed to the Federal minimum wage rate requirements in the books entitled "Contract Documents." If there is a difference between the minimum wage rates predetermined by the Secretary of Labor and the general prevailing wage rates determined by Director of the California Department of Industrial Relations for similar classifications of labor, the Contractor and subcontractors shall pay not less than the higher wage rate. The Department will not accept lower State wage rates not specifically included in the Federal minimum wage determinations. This includes "helper" (or other classifications based on hours of experience) or any other classifications not appearing in the Federal wage determinations. Where Federal wage determinations do not contain the State wage rate determination otherwise available for use by the Contractor and subcontractors, the Contractor and subcontractors shall pay not less than the Federal minimum wage rate which most closely approximates the duties of the employee in question.

In accordance with the provisions of Labor Code 1810, eight (8) hours of labor shall constitute a legal day's work upon all work done hereunder, and Contractor and any subcontractor employed under this Contract shall conform to and be bound by the provisions of Labor Code Sections 1810 through 1815.
