Re: Lt. Kevin House – Interim Sheriff

I apologize for the delay as I have wanted to mention this for weeks and hope I have the right person(s).

I am an Ambassador with the El Dorado County chamber, I am also on the board with our Ch. 2 Public Access station and have been involved in many other areas of the community for over 20 years. Being so active puts me in a number of community places that I have come to the conclusion that many in this county feel that Lt. Kevin House would be a perfect candidate for Interim Sheriff. This seems almost like a given the more I hear from others and the more thought I give to it.

With the upcoming resignation of Jeff (Neves) and the thought of not wanting to endorse one of the current candidates that will eventually replace him, WHY are we not putting Lt. Kevin House in the Interim position? He is certainly qualified, and has been with the department in numerous areas, he already gets a salary and he is extremely active in the various county organizations both non-profit and otherwise not to mention he certainly has the support of community members. I have yet to find anyone in this county that has a negative thing to say about him and I feel he would be the perfect candidate for the Interim position.

I would hope that some serious consideration might be given to this thought.

Thanks so much.
