County's review of these reports will ensure that Consultant's work meets a level of acceptability as determined by County's Contract Administrator, and Consultant shall be required to modify its work as necessary to meet that level of acceptability as defined by County's Contract Administrator. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto. There shall be no change in subconsultants without prior written approval by County's Contract Administrator.

ARTICLE VII

Consultant to County: It is understood that the services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further understood that this Agreement does not create an exclusive relationship between County and Consultant, and Consultant may perform similar work or services for others. However, Consultant shall not enter into any agreement with any other party or provide any information in any manner to any other party, that would conflict with Consultant's responsibilities or hinder Consultant's performance of services hereunder, unless County's Contract Administrator, in writing, authorizes that agreement or sharing of information.

This confidentiality provision shall survive after the expiration or earlier termination of this Agreement.

ARTICLE IX

Assignment and Delegation: Consultant is engaged by County for its unique qualifications and skills as well as those of its personnel. Consultant shall not subcontract, delegate, or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County.

ARTICLE X

Independent Contractor: The parties intend that an independent contractor relationship will be created by this Agreement. Consultant is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by the terms of this Agreement. Consultant exclusively assumes responsibility for acts of its employees, agents, affiliates, and subcontractors, if any are authorized herein, as they relate to the services or work to be performed under this Agreement during the course and scope of their employment by Consultant. Those persons will be entirely and exclusively under the direction, supervision, and control of Consultant.

County may designate the tasks to be performed and the results to be accomplished under this Agreement, provide information concerning the work or services, approve or disapprove the final work product and/or services provided, and set deadlines for the completion of the work or services, but County will not control or direct the manner, means, methods, or sequence in which Consultant performs the work or services for accomplishing the results. Consultant understands and agrees that Consultant lacks the authority to bind County or incur any obligations on behalf of County.

Consultant, including any subcontractor or employees of Consultant, shall not receive, nor be eligible for, any benefits County provides for its employees, including, but not limited to, vacation pay, paid holidays, life insurance, health insurance, social security, disability insurance, pension, or 457 plans. Consultant shall not receive, nor be eligible for, workers' compensation, including medical and indemnity payments. County is not responsible for withholding, and shall not withhold, Federal Income Contribution Act amounts or taxes of any kind from any payments which it owes Consultant. Consultant shall not be subject to the work schedules or vacation periods that apply to County employees.

Consultant shall be solely responsible for paying its employees, and for withholding Federal Income Contribution Act amounts and other taxes, workers' compensation,

unemployment compensation, medical insurance, life insurance, or any other benefit that Consultant provides for its employees.

Consultant acknowledges that it has no authority to bind the County or incur any obligations on behalf of the County with regard to any matter and shall not make any agreements or representations on the County's behalf.

ARTICLE XI

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, County is subject to the provisions of Article XVI, section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment, or services not budgeted in a given fiscal year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products, or equipment subject herein. Such notice shall become effective upon the adoption of a final budget, which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce or order a reduction in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE XII

Audit by California State Auditor: Consultant acknowledges that if total compensation under this Agreement is greater than \$10,000.00, this Agreement is subject to examination and audit by the California State Auditor for a period of three (3) years, or for any longer period required by law, after final payment under this Agreement, pursuant to California Government Code section 8546.7. In order to facilitate these potential examinations and audits, Consultant shall maintain, for a period of at least three (3) years, or for any longer period required by law, after final payment under the Agreement, all books, records, and documentation necessary to demonstrate performance under the Agreement.

ARTICLE XIII

Default, Termination, and Cancellation:

- A. 1. Termination by Default: If either party becomes aware of an event of default, that party shall give written notice of said default to the party in default (notice) that shall state the following:

- a. The alleged default and the applicable Agreement provision, and
- b. That the party in default has ten (10) days upon receiving the notice to cure the default (Time to Cure).

If the party in default does not cure the default within ten (10) days of the Time to Cure, then such party shall be in default and the party giving notice may terminate the Agreement by issuing a Notice of Termination. The party giving notice may extend the Time to Cure at their discretion. Any extension of Time to Cure must be in writing, prepared by the party in default for signature by the party giving notice, and must specify the reason(s) for the extension and the date in which the extension of Time to Cure expires.

- 2. If County terminates this Agreement, in whole or in part, for default:
 - a. County reserves the right to procure the goods or services, or both, similar to those terminated, from other sources and Consultant shall be liable to County for any excess costs for those goods or services. County may deduct from any payment due, or that may thereafter become due to Consultant, the excess costs to procure from an alternate source.
 - b. County shall pay Consultant the sum due to Consultant under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.
 - c. County may require Consultant to transfer title and deliver to County any completed work under the Agreement.
- 3. The following shall be events of default under this Agreement:
 - a. Failure by either party to perform in a timely and satisfactory manner any or all of its obligations under this Agreement.
 - b. A representation or warranty made by Consultant in this Agreement proves to have been false or misleading in any respect.
 - c. Consultant fails to observe and perform any covenant, condition, or agreement on its part to be observed or performed under this Agreement, unless County agrees, in writing, to an extension of the time to perform before that time period expires.
 - d. A violation of ARTICLE XX, Conflict of Interest.
- B. Bankruptcy: County may terminate this Agreement immediately in the case of bankruptcy, voluntary or involuntary, or insolvency of Consultant.
- C. Ceasing Performance: County may terminate this Agreement immediately in the event Consultant ceases to operate as a business or otherwise becomes unable to substantially perform any term or condition of this Agreement.

- D. Termination or Cancellation without Cause: County may terminate this Agreement, in whole or in part, for convenience upon thirty (30) calendar days' written Notice of Termination. If such termination is effected, County will pay for satisfactory services rendered before the effective date of termination, as set forth in the Notice of Termination provided to Consultant, and for any other services that County agrees, in writing, to be necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the Agreement. Upon receipt of a Notice of Termination, Consultant shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the Notice directs otherwise.

Said notice shall become part of this Agreement upon acknowledgment in writing by County's Contract Administrator, and no further amendment of the Agreement shall be necessary provided that such change of address does not conflict with any other provisions of this Agreement.

ARTICLE XVI

Indemnity: To the fullest extent permitted by law, Consultant shall defend at its own expense, indemnify, and hold the County harmless, its officers, employees, agents, and volunteers, against and from any and all liability, claims, suits, losses, damages, or expenses of every name, kind and description, including attorney's fees and costs incurred, brought for, or on account of, injuries to or death of any person, including but not limited to workers, County employees, and the public, or damage to property, , but only to the extent actually caused by the negligence or willful misconduct of Consultant or its officers, agents, or employees in rendering the services, operations, or performance hereunder, except for liability, claims, suits, losses, damages or expenses arising from the negligence or willful acts of the County, its officers and employees, or as expressly prescribed by statute. This duty of Consultant to indemnify and save County harmless includes the duties to defend set forth in Civil Code section 2778.

- E. Consultant shall furnish a certificate of insurance satisfactory to County's Risk Management Division as evidence that the insurance required above is being maintained.

- F. The insurance will be issued by an insurance company acceptable to County's Risk Management Division or be provided through partial or total self-insurance likewise acceptable to the Risk Management Division.
- G. Consultant agrees that the insurance required herein shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires at any time or times during the term of this Agreement, Consultant agrees to provide at least thirty (30) days prior to said expiration date, a new certificate of insurance evidencing insurance coverage as provided for herein for not less than the remainder of term of the Agreement, or for a period of not less than one (1) year. Project Background

County has started the process of developing the Tahoe El Dorado (TED) Area Plan, a comprehensive, long-term planning document that will incorporate and update the Meyers Area Plan and include other communities within unincorporated County in the Lake Tahoe Basin. The purpose of the TED Area Plan is to 1) ensure consistency between the County's Zoning Ordinance and the Tahoe Regional Planning Agency's (TRPA) Plan Area Statements; 2) streamline permitting and environmental review; 3) allow County to control land use policies and decisions based on each community's needs; and 4) incorporate TRPA Code of Ordinances and State law updates. Once developed, the TED Area Plan will establish a better framework to advance housing and economic development while attaining environmental thresholds set by TRPA.

The TED Area Plan is a multi-year effort that has been broken down into three (3) phases 1) Phase 1 consists of outreach and engagement with the community and data analysis; 2) Phase 2 includes developing a solid draft TED Area Plan and hosting additional community workshops; and 3) Phase 3 consists of finalizing the draft TED Area Plan, conducting environmental review, providing a formal public comment period, and hosting public hearings for possible adoption by the County and TRPA.

PHASE 2 SCOPE OF SERVICES

Task 3 – Background Reports

The purpose of this Task is to develop an understanding of the County's land use and property assets, establish a baseline of information or conditions, and determine the economic feasibility of advancing affordable housing. Having this information will help County fulfill TRPA's Code of Ordinances 13.5.3(I)(C), which requires local jurisdictions to propose alternative methods and/or standards to advance affordable housing, as well as aid in the development of land use alternatives and environmental setting information for the TED Area Plan and EIR/EIS.

Consultant is assisting the County with preparation of an administrative draft existing conditions report as part of Phase 1 of the TED Area Plan (separate Agreement and funding). The administrative draft existing conditions report will address land use; population, employment, and housing; conservation; transportation; recreation; and public services and facilities. This Task shall consist of Consultant finalizing the existing conditions report.

Subtask 3.1 – Final Existing Conditions Report

Consultant shall address County comments on the administrative draft existing conditions report prepared during Phase I of the TED Area Plan. Consultant shall assist with responses to one (1) set of consolidated comments from County on the transportation section and the population, employment, and housing section of the report, respectively. Consultant shall address County comments and finalize the report.

Deliverables

- One (1) screencheck draft and one (1) final existing conditions report

Subtask 3.2 – Land Use and Affordable Housing Strategy Memo

Consultant shall prepare a land use and affordable housing strategy memo of the project area to establish a baseline of understanding, identify land use opportunities for the TED Area Plan, and analyze the feasibility of alternative development standards to those contained in the TRPA Code of Ordinances for area plans. This memo shall build on the recommendations in the land use consistency memo prepared as part of Phase 1 of the TED Area Plan. Topics analyzed in the memo may include context of the area; current County Zoning Ordinance and TRPA Plan Area Statement land use; future land use and capacity for affordable housing; land capability assessment; land ownership (private and public land); open space; scenic assets and infrastructure; and availability of County-owned parcels, development rights, and coverage to be used for potential affordable housing projects or other projects that support the TED Area Plan. This information will assist County in developing a policy or resolution which will formalize County's land bank and provide a process by which County can provide coverage and/or development rights to advance potential affordable housing projects or other projects that are consistent with the TED Area Plan.

Consultant shall work collaboratively with County to analyze the feasibility of alternative development standards to those contained in the TRPA Code of Ordinances for area plans. Consultant shall collect data necessary to prepare a financial feasibility analysis of a variety of affordable housing scenarios in unincorporated area of the County within the Tahoe Basin. This work will assist the County in complying with TRPA's Code of Ordinances 13.5.3.I(C), which requires County to demonstrate that the alternative standards and/or methods are at least as effective as the TRPA standards outlined in TRPA's Code of Ordinances 13.5.3.I(A)–(B). Pursuant to TRPA's Code of Ordinances 13.5.3.I(C)(1), the feasibility analysis shall include analysis of up to three (3) alternative scenarios for up to three (3) different development prototypes (e.g., single-family, missing middle, and multifamily housing). The scenario analysis shall consider various methods and/or standards, such as adoption of an approved inclusionary housing ordinance, zoning additional areas for multifamily housing, providing donated land or other public subsidies, or installation of areawide stormwater systems in preferred affordable and workforce housing locations, as well as TRPA's Phase 2 standards (height, density, coverage, and parking).

County will submit one (1) set of consolidated comments and Consultant shall finalize the memo.

Deliverables

- One (1) draft and one (1) final land use and affordable housing strategy memo for County review and comment

Task 4 – Draft TED Area Plan/Design Standards and Guidelines

Subtask 4.1 – Administrative Draft and Preliminary Public Draft TED Area Plan

Consultant shall work from the draft outline developed during Phase 1 of the TED Area Plan and shall incorporate the current Meyers Area Plan into the drafts. Consultant shall incorporate information gathered from Phase 1 of the TED Area Plan and Task 2 of this Scope of Work, including the recommended land use designations, vision, goals, policies, implementation strategies, zoning standards, development/design standards, and applicable figures and graphics. Consultant shall support the preparation of transportation and economic development related policies for the TED Area Plan. County will provide one (1) set of comprehensive comments (electronically) to Consultant on the administrative draft TED Area Plan. Consultant shall then address County comments and prepare a screencheck preliminary public review draft plan. Consultant shall address one (1) set of consolidated comments and produce a final preliminary public review draft TED Area Plan.

Deliverables

Subtask 4.2 – Level of Service Technical Analysis

Consultant shall coordinate with County and TRPA to develop the final approach and assumptions to be used for the level of service technical analyses. This Subtask shall include documenting up to ten (10) intersection locations and ten (10) roadway segments to be analyzed utilizing available count data. Consultant shall document the agreed-upon approach in a methodology technical memorandum.

Consultant shall coordinate with County and TRPA to collect available roadway segment volume and intersection turn movement counts from prior traffic analyses in the study area for the selected analysis locations. Consultant shall also obtain available existing and future multimodal, safety, and operational data, as needed. Consultant shall supplement existing conditions report, as needed, with the additional data collected. Consultant shall respond to a consolidated set of comments on the transportation data section.

Consultant shall evaluate the existing level of service for up to ten (10) intersections and ten (10) roadway segments under existing and buildout conditions consistent with the Transportation Research Board's Highway Capacity Manual, 7th Edition. Cumulative traffic volumes shall be forecast by applying road segment traffic growth increments from the TRPA travel demand model and trip generation associated with any land use changes. Roadway segment forecasts shall be used to factor the existing roadway segments and intersection counts consistent with the estimated growth. Consultant shall determine any level of service impacts per the TRPA Code.

Consultant shall summarize the analysis in an administrative draft technical memorandum documenting any level of service impacts identified. Consultant shall respond to one (1) consolidated set of comments from County and TRPA to revise and finalize the technical memorandum.

Deliverables

- One (1) administrative draft and one (1) final level of service technical memorandum

Subtask 5.1 – Notice of Preparation (NOP)

Based on the description of the alternatives prepared in Subtask 5.1, County will prepare and distribute a draft and final NOP. The draft and final NOP will describe the alternatives to be evaluated in the EIR/EIS, show the project area on a map, identify the probable environmental effects that will be addressed in the EIR/EIS, and disclose information on the opportunities to submit written comments or to provide oral comments at scoping meetings.

Consultant shall review the draft NOP and provide substantive feedback with suggested edits to County and TRPA. Consultant shall provide County and TRPA with one (1) set of comprehensive comments. County will then revise the draft NOP based on Consultant's feedback and shall develop the final NOP. County will provide PDF and MS Word versions of the final NOP to Consultant and TRPA.

- One (1) draft and one (1) final description of alternatives

Subtask 7.2 – First and Second Administrative Draft EIR/EIS

The purpose of this Subtask is to prepare a comprehensive and legally defensible EIR/EIS for County and TRPA administrative review. Because the level of detail required for the EIR/EIS analysis is inextricably linked to the outcome of the planning process, it will be important for the County, TRPA, and Consultant to revisit the EIR/EIS scope at the appropriate time to ensure its completeness and adequacy. Notwithstanding, the environmental scope and budget presented herein represent a reasonable and good-faith effort to characterize the items of work and level of effort necessary to complete the work.

Consultant shall prepare the first administrative draft EIR/EIS. Consultant shall then prepare a second administrative draft EIR/EIS based on comments by County and TRPA on the first administrative draft. County and TRPA will provide comments to Consultant on the first administrative draft EIR/EIS. Consultant shall conduct a thorough quality assurance review of both administrative drafts prior to submittal to County and TRPA.

The EIR/EIS shall evaluate all environmental topic areas identified in Appendix G of the State CEQA Guidelines (initial environmental checklist) and shall also incorporate other features required by TRPA. Consultant shall prepare a project description as part of the first and second administrative drafts of the EIR/EIS, which is central to the defensibility of an EIR/EIS. The project description shall provide program-level detail for the TED Area Plan and alternatives sufficient to conduct a thorough impact analysis. The project

description shall include a discussion of the regional and local setting; project history, including past uses within the plan area; objectives of the TED Area Plan; characteristics of the TED Area Plan; and discretionary actions required by County, TRPA, and other agencies. To stay on schedule and within budget, Consultant shall assume that the project description is stable once Consultant addresses all County and TRPA comments.

Each of the alternatives (up to four [4]) shall be evaluated at an equal level of detail with respect to each key impact category reviewed for the proposed project. The EIR/EIS shall discuss all significant and less-than significant impacts in conformance with CEQA and TRPA environmental requirements. If an alternative would result in a significant environmental impact(s), Consultant shall coordinate with County and TRPA to develop feasible mitigation measures that could address the impact. Beneficial effects shall also be discussed. All technical appendices shall be submitted with the first administrative draft EIR/EIS.

Deliverables

- One (1) first and one (1) second administrative draft EIR/EIS

Subtask 7.3 – Draft EIR/EIS

The purpose of this Subtask is to prepare the publicly circulated Draft EIR/EIS, based on comments from County and TRPA on the second administrative draft EIR/EIS. Based on one (1) set of consolidated comments from County, Consultant shall revise the second administrative draft EIR/EIS. Consultant shall prepare a Notice of Completion (NOC) for submittal to the California State Clearinghouse and a Notice of Availability (NOA) for public distribution and publication in a local newspaper of general circulation (assumed to be the Tahoe Tribune) to be completed by County. The 60-day public review period for the EIR/EIS shall be initiated after completion and submittal of the Draft EIR/EIS to County and TRPA and filing of the notices.

Deliverables

- One (1) Draft EIR/EIS

After comments on the Draft EIR/EIS are received, Consultant shall meet with County and TRPA to discuss the comments and develop a strategy for responses, if necessary.

Consultant shall prepare a list of commenters, compile and organize the comments, and develop draft responses to significant environmental points raised in the comments. Responses shall involve explanation, clarification, or elaboration of existing analysis and findings, but shall not include new analysis, issues, or alternatives.

Consultant shall prepare an Administrative Final EIR/EIS including an introductory chapter; all text revisions to the Draft EIR/EIS sections with modifications indicated in strikeout for deletions and underline for additions (or a similar approach agreed to by County and TRPA); a list of persons, organizations, and public agencies commenting on the Draft EIR/EIS; enumerated comment letters and public hearing notes; responses to the significant environmental points raised in comments received on the Draft EIR/EIS; and a revised/final MMRP. County and TRPA will provide one (1) set of comprehensive comments to Consultant. Based on that feedback, Consultant shall revise the Administrative Final EIR/EIS and shall develop the Final EIR/EIS for public and agency circulation, as appropriate. Consultant shall prepare CEQA Findings and, if necessary, a Statement of Overriding Considerations for use by County. The CEQA Findings shall specify the mitigation measures that have been incorporated into the project, as well as any mitigation measures that have not, and shall explain why certain measures have been found to be infeasible. If applicable, the CEQA Findings shall also identify any project alternatives that could reduce adverse environmental effects but are not being implemented due to infeasibility (with an explanation regarding why the alternative is infeasible). Consultant shall prepare a draft of the CEQA Findings and submit the document to County for review and comment. County will provide one (1) set of comprehensive comments to Consultant.

Deliverables

- One (1) draft and one (1) final CEQA Findings
- One (1) draft and one (1) final Statement of Overriding Consideration, if necessary

Subtask 7.6 – CEQA Noticing

County will be responsible for the County Recorder-Clerk's filing and handling fees, if applicable.

Deliverables

- One (1) draft and one (1) final NOC

Subtask 7.7 – TRPA Findings and Conformity Documentation

Consultant shall prepare the documentation required by TRPA to demonstrate that the proposed TED Area Plan is in conformance with the TRPA Regional Plan and Code of Ordinances. TRPA typically requires that local jurisdictions submit this documentation for TRPA review prior to scheduling area plan adoption hearings with the TRPA Advisory Planning Commission (APC), Regional Plan Committee (RPC), and Governing Board (GB). The required documentation consists of (1) TRPA findings, (2) a conformity checklist, and (3) a compliance measures checklist. The TRPA findings provide a written explanation of how the proposed TED Area Plan complies with TRPA's requirements related to environmental review procedures, effects on environmental thresholds, and consistency with area plan requirements as required in the TRPA Code, respectively. The conformity checklist shall identify the specific subsections of the TED Area Plan that meet each area plan requirement of the TRPA Code. The compliance measures checklist shall identify how the proposed TED Area Plan would affect the specific compliance measures or environmental threshold attainment strategies adopted by TRPA. Consultant shall prepare draft versions of each document and respond to one (1) round of County and TRPA comments to prepare final versions of each document.

Deliverables

- One (1) draft and one (1) final TRPA findings
- One (1) draft and one (1) final area plan conformity checklist
- One (1) draft and one (1) final compliance measures checklist

Task 8 – Hearings and Final Documents

California Levine Act Statement

California Levine Act Statement

California Government Code section 84308, commonly referred to as the "Levine Act," prohibits any officer of El Dorado County from participating in any action related to a contract if he or she accepts, solicits, or directs any political contributions totaling more than two hundred and fifty dollars (\$250) within the previous twelve (12) months, and for twelve (12) months following the date a final decision concerning the contract has been made, from the person or company awarded the contract. The Levine Act also requires disclosure of such contribution by a party to be awarded a specific contract. An officer of El Dorado County includes the Board of Supervisors, any elected official, and the chief administrative officer (collectively "Officer"). It is the Consultant's responsibility to confirm the appropriate "Officer" and name the individual(s) in their disclosure.

Have you or your company, or any agent on behalf of you or your company, made any political contribution(s), or been solicited to make a contribution by an Officer or had an Officer direct you to make a contribution of more than \$250 to an Officer of the County of El Dorado in the twelve months preceding the date of the submission of your proposals or the anticipated date of any Officer action related to this contract?
