WHEREAS, EDCOE is the legal entity with responsibility for the provision of services to and oversight of the school districts within El Dorado County; and

WHEREAS, County Health and Human Services Agency, Child Welfare System (CWS) Program is responsible for protecting children who either do not have a parent, guardian, or custodian, or children whose parents, guardians, or custodians are unable to provide for the care or supervision of their children; and

WHEREAS, County Probation Department is responsible for children adjudged to be a ward of the Court, in accordance with Welfare and Institutions Code Section 602; and

WHEREAS, it is the intent of the parties hereto that such services be in conformity with all applicable federal, state and local laws; and

NOW, THEREFORE, County and EDCOE mutually agree as follows:

ARTICLE I

Responsibilities: EDCOE operates the Foster Youth Services Coordinating Program (FYSCP) and is responsible for providing services in accordance with Education Code Section 42920-25. Under this direction, EDCOE has contracted to serve pupils in foster care in the County of El Dorado.

Effective in January 2004, Assembly Bill 490 (Chapter 862, Statutes of 2003) established key provisions supporting the educational opportunities within the best interest of the children in foster care. The passage of Assembly Bill 854, in October of 2015, further clarified the requirements of operating an FYSCP.

Based on the similar mission of FYSCP and County, a natural collaboration was established for serving the foster youth in El Dorado County and this MOU is intended to ensure all of the El Dorado County Foster youth receive support for educational opportunities, in accord with Education Code Section 42921, 48853.5, and 49069.5.

The purpose of this MOU is to identify the specific and general responsibilities of each participating agency within the framework of Title IV-E of the Social Security Act. This MOU conforms to applicable federal and state laws and shall be updated as required pursuant to any change in federal and state laws to ensure compliance.

- A. EDCOE agrees to provide the following types of educational support, as described in Education Code Section 42921 to pupils in foster care. For the purposes of FYSCP, pupils in foster care are defined as stated in paragraph (b) of Education Code Section 42238.01:
1. Working with County to ensure no duplication of activities to serve foster youth;
 2. Working with County to minimize changes in school placement;
 3. Supporting local education agencies in facilitating the prompt transfer of educational records between educational institutions when placement changes are necessary, ensure transfers are done at an educationally appropriate time, ensure appropriate partial credits are awarded and the pupil in foster care is quickly enrolled in classes;
 4. Providing education-related information to County to assist in delivering services to foster children, including but not limited to educational status and progress information required for including in court reports by Welfare and Institutions Code (WIC) Section 16010;
 5. Responding to requests from the juvenile court for information and working with the court to ensure the delivery or coordination of necessary educational services;
 6. Working to obtain, identify, and refer children to mentoring, tutoring, vocational training, and other services designed to enhance the educational prospects of foster children;
 7. Facilitating communication between the educational rights holder, foster care provider, the teacher, and any other school staff or education service providers for the child;
 8. Sharing information with the foster care provider regarding available training programs that address education issues for children in foster care;
 9. Referring caregivers and educational rights holders of foster youth who have special education needs to special education programs and services;
 10. Referring foster youth to services that meet local needs identified through collaborative relationships and local advisory groups, which may include, but shall not be limited to, all of the following:
 - i. Mentoring.
 - ii. Counseling.
 - iii. Transitioning services.
 - iv. Emancipation services.
 11. Facilitation of timely Individualized Education Programs, in accordance with the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.), and of all special education services;
 12. Establishing collaborative relationships and local advisory groups;
 13. Establishing a mechanism for the efficient and expeditious transfer of health and education records and the Health and Education Passport;
 14. Providing regular updates on the status, grades, and performance of El Dorado County foster youth, including but not limited to 504 agreements, Individual Education Plans and evaluations; and

15. Tracking data and reporting on outcomes within the time schedule established in joint agreement with County.
16. EDCOE agrees to complete time and effort reporting in accordance with the Uniform Grant Guidance 2 CFR 200.430. The time and effort reporting shall be the basis for determining the amount of time spent on Title IV-E activities that are submitted to County for reimbursement.
 - i. Staff performing Title IV-E activities will complete a time and effort report to identify Title IV-E allowable, non-allowable, and general administrative activities.
 - ii. Hours reported will be correlated to the Title IV-E and non-Title IV-E activities. Hours will then be applied to the salaries and benefits of the staff completing the time and effort reporting (excluding non-allowable activities such as vacation, sick time, etc.) and then adjusted by application of the discount rate, to determine the salary and benefit costs that equal allowable Title IV-E activities and the unallowable activity costs. General administrative costs are applied equitable between the Title IV-E activities and non-Title IV-E activities.
 - iii. Direct costs are claimed in the category to which they were incurred and only if they are not included in the department Indirect cost Rate (ICR).
 - iv. Copies of time and effort reports (including time card and slips for extra hours/OT), salary and benefits, and direct costs are sent to County quarterly for review, along with reconciling financial reports. Time and effort report hours, financial reports, and invoices submitted will be signed by the duly authorized individual and then sent to County.
17. EDCOE agrees to adhere to federal title IV-E rules when submitting invoices for reimbursement to County for allowable activities.

B. County agrees to:

1. Work in partnership with EDCOE to achieve the identified goals and outcomes;
2. Assign a lead staff person to coordinate issues, resolve problems, and facilitate the timely referral or notification of placement moves for eligible foster youth;
3. Work with EDCOE to implement a jointly-developed process for the sharing/mutual exchange of information and data for all youth served pursuant to this MOU;
4. Facilitate and participate in joint problem solving with EDCOE to address youth needs while partnering to establish target youth populations and prioritizing needs based on funding;
5. Provide venue to leverage California Department of Education Foster Youth Services funding to allow the claiming of Title IV-E allowable administrative costs; and
6. Work with EDCOE to enhance educational involvement in the Independent Living Plan process.

ARTICLE II

Term: This MOU shall become effective upon final execution by both parties hereto and shall expire three (3) years thereafter.

ARTICLE III

Fiscal: The maximum obligation of County under this MOU shall not exceed the actual federal share of costs for the allowable activities as outlined in ACL 16-91, attached here to as Exhibit A, and incorporated by reference herein. EDCOE is responsible to provide the county share

(non-federal share) of costs, and will certify that the county share meets all matching requirements for Title IV-E and are not used as a match for any other federal or state fund source per Title 2 Code of Federal Regulations 200.306. The match shall be documented on the quarterly invoice, and must be expended in order to claim Title IV-E reimbursement.

County agrees to accept invoices for reimbursement from EDCOE for Title IV-E administrative activities at fifty percent (50% federal financial participation (FFP) of the costs of allowable activities conducted by EDCOE for children who are placed in foster care. Prior to calculating the FFP, the total costs will first be discounted by the percentage of the total number of children in placement who are not federally eligible. County will utilize the methodology outlined in CFL 12/13-24 to determine the discount rate and will provide the rate at the end of each fiscal quarter, up to eight (8) days after the quarter, to EDCOE. EDCOE shall submit to County no later than ten (10) days after the end of the fiscal quarter, or after termination of this MOU, an invoice certifying the expenditures for allowable activities.

The associated costs are invoiced to the California Department of Social Services (CDSS) as direct costs by County on the quarterly County Expense Claim (CEC) based on the claimable expenditure by EDCOE. Upon reimbursement of the federal share by CDSS, County will pass the federal funding through to EDCOE.

EDCOE shall be financially responsible for audit exceptions and disallowances by the State and Federal Government. EDCOE shall maintain and provide audit records in compliance with 2 CFR Part 200 Subparts E and F (previously OMB Circular A-122) and provide a copy of the organization-wide audit annually. Failure to do so may end in the denial of payment under this or subsequent MOUs.

ARTICLE IV

Taxes: EDCOE certifies that as of today's date, it is not in default on any unsecured property taxes or other taxes or fees owed by EDCOE to County. EDCOE agrees that it shall not default on any obligations to County during the term of this Agreement.

ARTICLE V

Changes to MOU: This MOU may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto.

ARTICLE VI

EDCOE to County: It is understood that the services provided under this MOU shall be prepared in and with cooperation from County and its staff. It is further agreed that in all matters pertaining

to this MOU, EDCOE shall act as Contractor only to County and shall not act as Contractor to any other individual or entity affected by this MOU nor provide information in any manner to any party outside of this MOU that would conflict with EDCOE's responsibilities to County during term hereof.

ARTICLE VII

Assignment and Delegation: EDCOE is engaged by County for its unique qualifications and skills as well as those of its personnel. EDCOE shall not subcontract, delegate or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County.

ARTICLE VIII

Independent Contractor/Liability: EDCOE is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by terms of this MOU. EDCOE exclusively assumes responsibility for acts of its employees, associates, and subContractors, if any are authorized herein, as they relate to services to be provided under this MOU during the course and scope of their employment.

EDCOE shall be responsible for performing the work under this MOU in a safe, professional, skillful and workmanlike manner and shall be liable for its own negligence and negligent acts of its employees. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to EDCOE or its employees.

ARTICLE IX

Fiscal Considerations: The parties to this MOU recognize and acknowledge that County is a political subdivision of the State of California. As such, El Dorado County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment or services not budgeted in a given fiscal year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this MOU to the contrary, County shall give notice of cancellation of this MOU in the event of adoption of a proposed budget that does not provide for funds for the services, products or equipment subject herein. Such notice shall become effective upon the adoption of a final budget which does not provide funding for this MOU. Upon the effective date of such notice, this MOU shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce, or order a reduction, in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of the County, this MOU may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE X

Audit by California State Auditor: EDCOE acknowledges that if total compensation under this agreement is greater than \$10,000.00, this MOU is subject to examination and audit by the California State Auditor for a period of three (3) years, or for any longer period required by law, after final payment under this MOU, pursuant to California Government Code §8546.7. In order to facilitate these potential examinations and audits, EDCOE shall maintain, for a period of at least three (3) years, or for any longer period required by law, after final payment under the contract, all books, records and documentation necessary to demonstrate performance under the MOU.

ARTICLE XI

Default, Termination, and Cancellation:

- A. **Default:** Upon the occurrence of any default of the provisions of this MOU, a party shall give written notice of said default to the party in default (notice). If the party in default does not cure the default within ten (10) days of the date of notice (time to cure), then such party shall be in default. The time to cure may be extended at the discretion of the party giving notice. Any extension of time to cure must be in writing, prepared by the party in default for signature by the party giving notice and must specify the reason(s) for the extension and the date on which the extension of time to cure expires.

Notice given under this section shall specify the alleged default and the applicable MOU provision and shall demand that the party in default perform the provisions of this MOU within the applicable period of time. No such notice shall be deemed a termination of this MOU unless the party giving notice so elects in this notice, or the party giving notice so elects in a subsequent written notice after the time to cure has expired. In the event of termination for default, County reserves the right to take over and complete the work by contract or by any other means.

- B. **Bankruptcy:** This MOU, at the option of the County, shall be terminable in the case of bankruptcy, voluntary or involuntary, or insolvency of EDCOE.
- C. **Ceasing Performance:** County may terminate this MOU in the event EDCOE ceases to operate as a business, or otherwise becomes unable to substantially perform any term or condition of this MOU.
- D. **Termination or Cancellation without Cause:** Either party may terminate this MOU in whole or in part upon seven (7) calendar days written notice without cause. If such prior termination is effected, County will pay for satisfactory services rendered prior to the effective dates as set forth in the Notice of Termination, and for such other services, which County may agree to in writing as necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the contract. Upon receipt of a Notice of Termination, EDCOE shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the notice directs otherwise.

TO: ALL COUNTY CHILD WELFARE DIRECTORS
ALL COUNTY CHIEF PROBATION OFFICERS
ALL TITLE IV-E AGREEMENT TRIBES
ALL COUNTY CHILD WELFARE SYSTEM PROGRAM MANAGERS

SUBJECT: UTILIZING TITLE IV-E FUNDING TO SUPPORT COUNTY FOSTER YOUTH SERVICES COORDINATING PROGRAMS

REFERENCE: 20 UNITED STATES CODE SECTION 1400; 45 CODE OF FEDERAL REGULATIONS (CFR) 1356.60; PUBLIC LAW 112-278, 110-351 AND 114-95; ASSEMBLY BILL (AB) 643 (CHAPTER 80, STATUTES OF 2013) AND AB 854 (CHAPTER 781, STATUTES OF 2015); EDUCATION CODE (EDC) SECTIONS 49085, 42238.01, 42920, 42921, 42925, WELFARE AND INSTITUTION CODE (WIC) SECTIONS 300, 319, 361, 450, 602, 727, 727.4, 10553.1, 11403, 16010; EDUCATIONAL RECORDS OF YOUTH IN FOSTER CARE; ALL COUNTY LETTER (ACL) NO. 04-32; ALL COUNTY INFORMATION NOTICE (ACIN) NO. 1-77-16.

The purpose of this ACL is to provide information to county Child Welfare Departments (CWDs) regarding the opportunity to partner with County Offices of Education (COEs) to draw down federal Title IV-E funding to increase educational case management services for foster youth. The California Department of Social Services (CDSS) has developed a sample Memorandum of Understanding (MOU), which is provided as an attachment to this ACL, as well as guidance to assist CWDs with this process. When drafting an MOU, CWDs are encouraged to consult with County Probation Departments to ensure that all eligible youth, including probation-supervised youth in foster care placements, are covered under and served through the agreement.

This letter also provides information about AB 854 which became effective on January 1, 2016. The AB 854 requires any COE with a Foster Youth Services Coordinating Program to enter into an MOU with their CWD to leverage funds received, where appropriate, to draw down Title IV-E dollars. The COEs that choose not to enter into an

MOU with their CWD must explain in writing, annually, why an MOU is not practical or feasible.

Background

Research has consistently shown that California's foster youth experience low educational outcomes. A recent report analyzing state-level child welfare and education data found that:

- Students in foster care constitute an at-risk subgroup distinct from students of low socio-economic status;
- Students in foster care are more likely than other students to change schools during the academic year;
- Students in foster care are more likely than the general population to be enrolled in the lowest-performing schools;
- Students in foster care have the lowest participation rate in California's statewide testing program;
- Statewide testing shows an achievement gap for students in foster care; and
- High school students in foster care have the highest dropout rate and lowest graduation rate.¹

Due to these lower rates of educational success and support, foster youth often experience poor outcomes later in life, including higher unemployment, homelessness, and incarceration rates than their peers.

Recent Federal and State Efforts to Improve Educational Outcomes

Over the last several years, both the state and federal governments have taken significant steps to improve the educational outcomes of foster youth, and promoting collaboration between child welfare and education agencies.

At the federal level, in 2008 the Fostering Connections to Success and Increasing Adoptions Act (Public Law 110-351) was enacted. The law amended the Social Security Act to add a case plan requirement ensuring educational stability for children in foster care. Additionally, the 2013 passage of the Uninterrupted Scholars Act (Public Law 112-278) amended the Family Educational Rights and Privacy Act, making

it easier for child welfare agencies to obtain educational records of children in foster care, and monitor and support educational progress of children. In May 2014, the United States Department of Education and Department of Health and Human Services issued a joint letter reiterating the need for state education agencies and state child welfare agencies to collaborate in an effort to improve the educational outcomes of students in foster care.² Most recently, in December 2015 the Every Student Succeeds Act (ESSA) (Public Law 114-95) was enacted and, in part, builds upon the 2008 Fostering Connections to Success and Increasing Adoptions Act by containing key protections for students in foster care in order to promote school stability and success. The ESSA requires state education agencies to collaborate with state child welfare agencies and envisions dual-agency responsibility for supporting the educational success for students in foster care.

At the state level, California has implemented numerous pieces of legislation to support the success of students in foster care. In 2013, California passed the Local Control Funding Formula, a new education funding system that adds foster youth to the state's education accountability framework and requires LEAs to develop plans detailing how they will work to improve the educational outcomes of students in foster care. California also amended EDC section 49085, which requires data to be provided by CDSS to CDE, and by CDE and LEAs.

In February 2014, CDSS Director Will Lightbourne and California State Superintendent of Public Instruction Tom Torlakson issued a joint letter to county and district superintendents encouraging collaborative development of practices and policies for sharing foster youth educational information with child welfare agency staff. For further information about data sharing between LEAs and CWDs, please refer to All County Information Notice No. 1-77-16.

Foster Youth Services Coordinating Program

Since 1981, the California Department of Education (CDE) has administered a statewide grant program, the Foster Youth Services Program, now referred to as the Foster Youth Services Coordinating Program (FYSCP), which provides categorical funding to COEs to improve interagency support for students in foster care, consistent with Education Code (EDC) section 42920.

The FYSCP is responsible for ensuring that Local Educational Agencies (LEAs) within its jurisdiction are providing supportive educational services to foster youth with the

purpose of ensuring positive educational outcomes. Foster youth with the greatest need should be the first to receive services, particularly foster youth residing in out-of-home placements. Support includes, but is not limited to, assisting with the transfer of health and school records, emancipation training for independent living, and other related activities. The program has provided support to thousands of foster youth statewide.

Passage of AB 854 and How It Affected FYSCP:

In 2015, AB 854 made several changes to FYSCP. Some of these changes include:

- The FYSCP now serves a larger portion of foster youth;
- The CWDs and COEs must now enter into MOUs for the purpose of drawing down federal dollars for eligible case management activities to support FYSCP; and
- The COEs and CWDs must develop policies and procedures for information sharing about students who are in foster care.

Prior to implementation of AB 854, only foster youth placed in licensed foster or group homes were served by FYSCPs. Now foster youth placed in relative care, Non-Related Extended Family Member (NREFM) placements, tribally approved homes, dependent youth who are still living at home on a family maintenance plan, and youth who are placed in foster homes are also served by FYSCP.

For the purposes of the FYSCP, a foster youth is defined as³:

- (1) A child who is the subject of a petition filed pursuant to section 300 of the WIC, whether or not the child has been removed from his or her home by the juvenile court pursuant to WIC section 319 or 361.
- (2) A child who is the subject of a petition filed pursuant to WIC section 602, has been removed from his or her home by the juvenile court pursuant to WIC section 727, and is in foster care as defined by subdivision (d) of section 727.4 of WIC.
- (3) A non-minor under the transition jurisdiction of the juvenile court, as described in WIC section 450, who satisfies all of the following criteria:
 - (A) He or she has attained 18-years-of-age while under an order of foster care placement by the juvenile court, and is under age 21.

³ The FYSCP uses Education Code Section 42238.01, paragraph b, to define "foster youth."

(B) He or she is in foster care under the placement and care responsibility of the county welfare department, county probation department, Indian tribe, consortium of tribes, or tribal organization that entered into an agreement pursuant to WIC section 10553.1.

(C) He or she is participating in a transitional independent living case plan, as described in WIC section 11403.

As a result of AB 854, COEs with an FYSCP are required to enter into MOUs with their CWDs for the purpose of drawing down Title IV-E funds for eligible case management activities to support FYSCP. This is explained in further detail on page five of this letter.

Additionally, AB 854 requires COEs to create policies and procedures for sharing all relevant foster youth educational information with CWDs as described in EDC section 42921(e)(4). It is important that CWDs and COEs cooperate in sharing educational information about foster youth with one another.

For further information about the above changes to the FYSCP and to read AB 854 in its entirety, please use this link to AB 854.

Title IV-E Funding to Provide Educational Support for Foster Youth

Title IV-E funding provides an important opportunity for California to further expand the educational support it provides to foster youth. Title IV-E of the Social Security Act, enacted as part of the Adoption Assistance and Child Welfare Act of 1980, provides federal funds in support of certain child welfare activities. County agencies receive these federal funds by submitting claims for allowable expenses to CDSS. The CDSS then "passes through" the funds onto the county. One category of allowable activities is administration expenditures, defined in 45 CFR 1356.60(c) as those activities necessary for the proper and efficient administration of a state's Title IV-E plan. This includes, among other things, referral to services, case plan development, case reviews, case management and supervision.

Child welfare agency administration activities completed on behalf of foster youth that meet the eligibility requirements qualify for a federal match to support the cost of those activities. While many activities performed by the FYSCP are eligible for Title IV-E funds, it is important to understand that not *all* activities are eligible for federal Title IV-E funds. Providing foster youth with direct services, such as delivering, facilitating or arranging of services, is not considered administrative in nature, and therefore is not a claimable expense to Title IV-E. For additional guidance on reimbursable and non-reimbursable Title IV-E administrative activities, please see ACL No. 04-32. If county agencies have questions about whether activities their FYSCP is performing are considered administrative, they can submit their questions to fiscal.system@dss.ca.gov.

The passage of AB 854 now requires COEs with an FYSCP to enter into an MOU with their respective CWDs for the purpose of drawing down Title IV-E funds for eligible case management activities, or they must explain in writing why an MOU is not practical or feasible. Please review EDC section 42925(a) for further information. Several California COEs have successfully entered into MOUs with their CWDs and sought additional Title IV-E funding to provide increased educational case management services, based on a 50 percent federal match, subject to the discount rate described below, of FYSCP grant dollars. These federal funds have been used to enhance the administrative activities performed by FYSCP, and increase the support available to foster youth. These counties' efforts have paved the way for the leveraging of Title IV-E funds based on FYSCP grant funds to become a statewide practice.

Sample Memorandum of Understanding

The CDSS has developed a sample MOU to assist counties in accessing Title IV-E funding for eligible activities. The sample MOU document, "Foster Youth Services Coordinating Program: Title IV-E Foster Care Administrative Activities," is provided as an attachment to this ACL. Please note that the content of the attached MOU is provided strictly as sample language and should be altered and edited to fit the needs of each individual county's MOU while remaining consistent with state and federal requirements. County child welfare offices and county offices of education should consult with their respective counsel when drafting and executing any agreement.

Sections I and II of the sample MOU describe the parties of the MOU and the purpose and background.

Section III ("Roles and Responsibilities") of the sample MOU enumerates the type of educational case management activities, as described in EDC section 42921, that the COE agrees to provide under the MOU. These include:

- Working with the CWD to minimize changes in school placement;
- Assisting with the prompt transfer of educational records, including the health and education passport, between educational institutions when placement changes are necessary;
- Providing education-related information to the CWD to assist in delivering services to foster children, including, but not limited to, educational status and progress information required for inclusion in court reports by WIC section 16010;
- Responding to requests from the juvenile court for information and working with the court to ensure the delivery or coordination of necessary educational services;

All County Letter No. 16-91

- Working to obtain, identify, and refer children to mentoring, tutoring, vocational training, and other services designed to enhance the educational prospects of foster children;
- Facilitating communication between the education rights holder, the foster care provider, teacher, and any other school staff or education service providers for the child;
- Sharing information with the foster care provider regarding available training programs that address education issues for children in foster care;
- Referring caregivers of foster youth who have special education needs to special education programs and services;
- Facilitation of timely Individualized Education Programs, in accordance with the Individuals with Disabilities Education Act (20 United States Code section 1400 et seq.), and of all special education services;
- Establishing collaborative relationships and local advisory groups;
- Establishing a mechanism for the efficient and expeditious transfer of health and education records and the Health and Education Passport;
- Providing regular updates on the status, grades, and performance of the county's foster youth, including but not limited to 504 agreements, Individual Education Plans and evaluations; and
- Tracking data and reporting on outcomes within the time schedule established in the joint agreement with the CWD.

Moreover, the MOU should explain what the CWD agrees to, such as:

- Working in partnership with the COE to achieve identified goals and outcomes;
- Assigning a lead staff person to coordinate issues, resolve problems, and facilitate the timely referral or notification of placement moves for eligible foster youth;
- Working with the COE to implement a jointly-developed process for the sharing/mutual exchange of information and data for all youth served pursuant to the MOU;
- Facilitating and participating in joint problem solving with the COE to address youth needs while partnering to establish target youth populations and prioritizing needs based on funding;
- Providing a venue to leverage CDE Foster Youth Services funding to allow the claiming of Title IV-E allowable administrative costs; and

All County Letter No. 16-91
Page Eight

- Working with the CDE to enhance educational involvement in the Independent Living Plan process.

In addition to the above mentioned roles and responsibilities, the MOU should ensure that both parties agree to coordinate activities for foster youth so that there is no duplication of activities performed by the CWD or COE.

Section IV(E) of the sample MOU ("Fiscal") describes the potential fiscal arrangement between the CWD and COE. The parties must indicate the total cost of the proposed program, including the dollar amount of COE funds being used for the match, and the CWD's obligation (the amount of Title IV-E funds to be drawn down).

This section of the sample MOU also describes the process for claiming reimbursement of Title IV-E eligible expenses. It explains that the CWD will submit a quarterly reimbursement claim to CDSS. The COE will need to submit cost information quarterly via an invoice to the CWD in a manner that will be described in more detail in a forthcoming County Fiscal Letter. The total costs submitted will need to have the non-federal discount rate applied, which is provided by the CWD, to account for the non-federally eligible cases that are served by COE. The non-federal costs must be removed from the total before the CWD submits the costs to the CDSS for reimbursement via the County Expense Claim process. Once reimbursement is received, the CWD will pass through the federal funds to COE. As part of the claiming process, the COE will be required to certify the expenditure of its share of the matching funds, on the quarterly invoice (provided as an exhibit to the sample MOU).

The MOU sample also contains a section for general provisions regarding indemnification (**section IV-A**), insurance (**section IV-B**), and confidentiality and records (**section IV-C**). The language in the attached MOU is sample language and should be altered and edited to fit the needs of each individual county's MOU.

The CDSS strongly encourages CWDs to contact COEs in their respective counties to discuss the possibility of partnering and taking advantage of this funding opportunity. A listing of FYSCP Coordinators is available on the CDE website, at <http://www.cde.ca.gov/ls/pf/fy/contacts.asp>.

CWDs wishing to move forward with a partnership should review the attached sample MOU which is intended to provide guidance and aid counties in the development of a county specific MOU. During the development of an MOU, CWDs are encouraged to consult with County Probation Departments to ensure that all eligible youth, including probation-supervised youth in foster care placements, are covered under and served through the agreement.

All County Letter No. 16-91

Completed and signed MOUs should be submitted for review to the Funding and Eligibility Unit within the CDSS Foster Care Audits and Rates Branch at 744 P St. Sacramento, CA 95814. Submissions must include certification form FC 24 (Certification by County Welfare Department for the Reimbursement of Title IV-E Funds for Pre-Placement Prevention).

Note: Counties that already have MOUs in place for this purpose and are already drawing down additional Title IV-E funds based on Foster Youth Service dollars need not utilize this sample MOU.
