Re: Thinkmate as sole source for Thinkmate Storage Server and JBOD

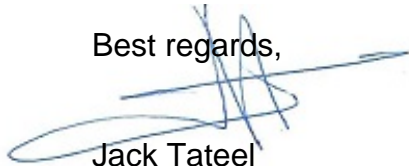

Dear Mr. Richardson:

This is to confirm that Thinkmate is the manufacturer of, and sole source for the Thinkmate brand lines of computers, storage servers and direct attached storage, to include the entire line of Thinkmate brand storage servers. The proposed Model 6019P is a member of the Thinkmate storage server family.

All Thinkmate servers and storage products are manufactured in our ISO 9001 certified headquarters facility in the United States. Thinkmate sells these computers directly to end users throughout the world. We are pleased to support higher education in the United States by offering the generous discount from our published pricing that your Thinkmate representative, Tim Jacobs, has presented to you.

Please feel free to contact me with any questions or additional requirements.

Best regards,

Jack Tateel  
Chief Executive Officer
