RE: Invitation letters for Ribbon Cutting

Special invitation letters for the Missouri Flat Interchange Phase 1B Project and US 50 HOV Lanes Phase 2A Project have been prepared for your signatures. These letters have been prepared for all California Transportation Commission Board members, El Dorado County Transportation Commission Board members, Legislators, Caltrans Directors, and a few other high-level people.

I have included a sample of the final invitation flyer that will be included with each letter.

We will be sending out invitation flyers to a good number of other people involved in these successful projects.

Once you have each signed the letters, please ask one of your Assistants to contact me. I will pick them up and get them in the mail, hopefully by tomorrow.

Thank you!
