RE: April 12, 2023 Commission Agenda Item #4 - Thurston 23-0669

My wife and I are owners of the 10 acre ag parcel at 1981 Hidden Valley Lane, Camino. Our parcel is within the 500 foot notification area for Commission consideration of requests for relief from the usual 200 foot Agricultural Setback requirement.

I would attend the meeting in person, except that I am home recovering from a severe ankle fracture. And, zoom doesn't work for us because of our inadequate internet service.

We SUPPORT APPROVAL of the Thurston request for relief from the 200 foot setback requirement to build a residence on the property.

Thank you for your consideration of our input.
