Honorable Supervisors, As residents of the Bass Lake Area, we ask that you consider keeping our Bass Lake Area neighborhoods whole, and not allow them to be split across multiple districts, as Draft City Alternative Revised 1, Draft City Alternative Revised 2, and the Draft Pollock Pines Alternative proposes to do.

The Bass Lake Villages on the eastern side of Bass Lake - Bridlewood Canyon, Woodridge, and The Hills of El Dorado - have existed as a Community of Interest for twenty years. We are neighbors, with similar concerns, interests, and needs. Dividing our community based on a fence line, as each of the three proposed draft alternatives seeks to accomplish, will diminish our voice as neighbors. A fence line is an artificial, arbitrary boundary for supervisorial districts.

We are a community of interest in respects to:

Our Town - the Bass Lake Villages were included in the borders of 2005 EDH Cityhood Ballot Measure

Our proximity as neighbors with similar concerns to our immediate local interconnected roads, public safety, and our natural environment

Our properties all exist in the El Dorado Hills CSD boundaries

Our properties all exist in the El Dorado Hills Fire Department boundaries

Our children all attend the same public elementary and high schools (Rescue USD and El Dorado High School District)

From your own meeting slides materials, the mapping factors in order of priority are:

Geographic contiguity.

Geographic integrity of neighborhoods and local communities of interest.

Geographic integrity of cities or census-designated places.

Natural and artificial barriers, including streets and boundaries of the county when practicable.

Boundaries should be easily identifiable and understandable by residents, and bounded by natural and artificial barriers.

Geographical compactness.

Keeping our Bass Lake Villages in a single district accomplishes each and every one of these goals. To do otherwise violates each and every element of the listed priorities.

The Bass Lake Villages are as much a Community of Interest as any other community in the County - as neighbors we have the same concerns and issues as residents of the eastern side of Bass Lake. We are neighbors - dividing our neighborhoods divides our voice in Supervisor representation.

In the event that the El Dorado Hills Community Draft Alternative map from a working group of El Dorado Hills neighbors is provided as an option prior to your meeting, we would encourage you to utilize this

Draft Alternative, as we believe that it is the option to best represent the Bass Lake Area, as well as the best representation for El Dorado Hills and Cameron Park.

Our priority is to keep our Bass Lake Neighborhoods together in a single district.

Thank you,

Greg & Heidi Stepp
