Hi,  
As a resident of Cool, I would like to express my support of the board of Supervisors of ED County's letter to the Bureau of Reclamation.

The fire in Cool this week (September 3rd) is a prime example of how having perhaps 100 more folks recreating at the end of Sliger Mine road would add to the congestion and panic on 193, potentially hindering Fire Fighting crews, not to mention endangering that many more lives. Without budget for infra structure to improve the roads to Cherokee Bar and Ruck A Chuck I do not believe that the anyone from bureau of reclamation has actually driven down this road to understand how bad it is.

In addition, adding campsites to Knickerbocker Creek would add even more traffic to highway 49, an already overused 6 miles of canyon highway known for impatient drivers and only 2 designated passing lanes. This sounds like a recipe for more car accidents and more lives lost.

Thank you for representing the sentiments of your constituents.

Kind Regards,  
Meghan Laws,  
Cool, CA
