I am writing in support of the Henningson Lotus Park to Colma Community Trail.

This connection is extremely important for safety, quality of life, the environment/traffic, and connecting communities. Please move forward with the project. It would add so much value to our area.

To whom it may concern,

We are in great need of a safe bike path put from Coloma stop sign to Henningston State Park. This will be very beneficial to everyone in this community. Thank you. Let's do this!

Regards,

Gennelle Bailey

Dear Sir or Madam,

I am writing to express my strong support for the Lotus Multi Use Trail from the awesome new bridge (with bike lanes and sidewalks - Thank you so much!) at hwy 49 to all points beyond.

This stretch of Lotus road has heavy pedestrian and bicycle traffic and almost no shoulder in certain areas. A multi-use trail connecting HLP park to Marshall Gold park would be a great addition to the community of Coloma /Lotus.

I rode my bicycle with a group of about 20-30 other cyclists today from Marshall Gold to HLP in an effort to raise awareness in support of this project.

p.s. I am also in support of reducing the speed limit from hwy 49 to Bassi Road to 35 MPH. Parks on both sides of the road, and traffic in and out of the local businesses makes this a very busy area.

To whom it may concern;

There are a myriad of reasons why a bike trail would be beneficial to the community and an added attraction to bring visitors into El Dorado County.

My son recently moved to Bentonville, Arkansas and my wife and I went to visit him. I was blown away at the bike trails the cities and state has built connecting towns for over 300 miles. People from all over the surrounding states come to Bentonville with their families to ride their bikes.

The fact that it would allow bike access to and from parks is such a fantastic idea.

I wholeheartedly support this project and future projects to build an infrastructure of bike trails in our county.

Sincerely,

Dennis W. Amaral

Dear El Dorado County Supervisors,

As a Coloma resident, I am writing to express my interest and desire in the community multi use path. This path would greatly improve our community for generations to come, as it will be a gathering place and provide priceless recreational opportunities. I look forward to access to a trail that will incentivize biking, walking and jogging as an alternative to driving. I believe it will reduce the traffic in our small town, and be an extraordinary asset to me and my family. Please consider approving this multi-use path in our community.

Thank you for your time and consideration.

Sincerely,  
Katie Reidy

Dear El Dorado County Board of Supervisors,

It is with great excitement that I write this letter in support of the Henningsen/Lotus Road Class I Multi Use Trail Project, Capital Improvement Program number 36109015.

This project will significantly increase the quality of life for the local residents of our community.

There is overwhelming support for this project in our community, and we are so excited to welcome this incredible addition into our current transportation options.

This path will allow us to access goods and services in much safer ways. It will also result in reduced noise, traffic, and air pollution.

As a community we are standing together to offer our support for this project and are so grateful for the opportunity to support such an amazing project!

In kindest regards,  
Angie Jae

To whom it may concern,

I would like to express my support for the bike path construction in Coloma. I ride my bike daily to and from work. I work at Camp Lotus and I live on Scott Road. The most dangerous part of my ride is from the corner of 49 and Lotus all the way to the corner of Lotus and Bassi. I feel thankful everyday that I have not been hit by a car on Lotus Road. I believe the bike path will prevent future bike/car accidents.

Thank you,

Matt Parker  
Camp Lotus
