Cost to Repair Damage on Wentworth Springs Road

- 2 areas identified for repair equaling 73,300 square feet

- Estimated Costs for Maintenance to repair
 - Asphalt – 1300 tons - \$69,225
 - Hauling – 51 loads - \$18,150
 - Labor – 10 days - \$60,000
 - Equipment - \$20,000
 - Total - \$167,375

- If an Emergency Contract is issued, the costs will increase to \$170,000 to repair this road.

Summary

- These roads have deteriorated significantly to the point that several areas of the roadway will be unserviceable and will become more hazardous when the wet season comes.
- This repair work has to be performed before Winter 2015. If other funding is not provided, there will be a reduction in Road Fund for these emergency repairs.
