REGARDING: Development Services Department's Failure To Follow Directions regarding General Plan related issues presented in Agenda Item's 30, 35 and 37

The Taxpayers Association voted today to request the Board trail **Agenda Item 29** that increases Building Permit Fees until the end of the meeting, thus allowing a determination of whether or not Development Services Department will abide by their previous agreement to follow Board direction regarding several General Plan problems. Their inputs still completely fail.

At issue are: **Agenda Item 30**, regarding the Scope of Work for Pine Hill Preserve for Science Applications International Corporation (SAIC), **Agenda Item 35**, General Plan Amendment of Floor Area Ratios, and **Agenda Item 37**, Scope of Work for Integrated Natural Resources Management Plan for SAIC.

It is to be noted that the Taxpayers have previously addressed these issues and authorized member Art Marinaccio to specifically address these major problems.
