**My Dear Board of Supervisors:**

You have heard all the legal reasons from my good neighbors and concerned citizens for rejecting the Saratoga Retail proposed Chick Fil-A in my neighborhood.

I would ask that you picture this:

Your lovely street where you live; nice neighbors, quiet appeal and somewhere safe for your children and you and your visitors to come and go without hassle and congestion.

Now, picture your neighbor across the street. Nice view? What if your neighbor across the street was a drive-in establishment, or two, as proposed?. The traffic, the noise, the smells, 24 hours a day! There might be a need for a traffic light to control said traffic, piling up the cars and making it hard for you to traverse your own street. This constant flow of strangers in your immediate area all day, every day.

This is where I, and many others live...across the street from the proposed fast food stop. Our beautiful El Dorado Hills, just another stop off for people looking for fast food? We are not objecting to business, as we do have it close by. What we object to is the kind of business that has formerly been deemed inappropriate with laws stating so.
